The conductor put the \$5 bill in the box, and gave Lewis an order for \$4 95, to be paid at the com-pany's office. The conductor says Lewis offered 5c after the \$5 bill was in the box, and he could not get it out. The only course left for Mr. Lewis was to get his money at the office. A row ensued, in which it is alleged Lewis was the aggressor, and in which the conductor was roughly handled. The car was stopped, and with the combined efforts of the motorman and conductor Lewis was ejected.

Mrs. Geo. E. Brady, of 229 Richmond street, is sorrowing over the departure of her husband, who left London on Saturday.

Great Britain has 97 armored and pro-had skipped and left many anxious creditors, a reporter of The Advertiser called on Mrs. Brady and asked to see Mr. Brady. Mrs. Brady said she was formerly Mrs. James Meriam, of Byron, and at her first husband's death, about four years ago, sold her property, realized the \$1,200, and devoted life insurance money to the settling of the debts he left. She has eight children, five of whom are of tender years, and all girls. Brady has three children, but they have been removed. Mrs. Brady hopes to hear from her husband, and that he will help to support her, but she fears he will never come back. Brady's effects were all mortgaged, of which fact she was ignorant.

Fuller Details of the Manila Battle.

Concerted Midnight Sortie Made by the Spaniards,

During a Raging Typhoon and Ankle Deep in Mud.

Washington, Aug. 9.-Secretary Alger regards the Manila fight as the beginning of the general attack on the Philippines.

New York, Aug. 9.-The Evening World prints a copyrighted dispatch, glving details of the recent fighting at Manila. The dispatch says:

The soil of the Philippines has been drenched with American blood. On the night of July 31, at 11 o'clock, the Spaniards made a concerted sortie from Manila city on the outposts and trenches of Camp Dewey, near Malate, General Green commanding. The attack was directed at the American right flank, held by the Tenth Pennsylvania troops. Ten men were killed in the trenches and picket lines, and

44 wounded SPANISH LOSS 1,250 MEN. The British admiral reports the Spanish loss to be 350 killed, 900 wounded. Malate is located half way between Cavite and Manila City. General Green's force numbers four thousand men. His line has been advancing and entrenching. The arrival of the third expedition filled the Spaniards with rage, and they determined to give battle before Camp Dewey could be reinforced. The trenches extended from the beach, 300 yards to the left flank of the insurgents. Sunday was the insurgent feast day, and their left flank withdrew, leaving the American right fank exposed. Companies A and E of the Tenth Pennsylvania and Utah regimen's were ordered to reinforce the right flank.

IN THE MIDST OF A RAGING TY-PHOON, with a tremendous downpour of rain. the enemy's force, estimated at 3,000 men, attempted to surprise the camp. Our pickets were driven in and the trenches assaulted. The brave Pennsylvania men never flinched, but stood their ground under a withering fire. The alarm soon spread, and the First California regiment, with two compa-nies of the Third Artillery, who fight with rifles, were sent up to reinforce the Pennsylvanians. The enemy were on top of the entrenchments these reinforcements arrived, and never was the discipline of the regulars better demonstrated than by the work of the Third Artillery under Captain O'Hara. Nothing could be seen but the flashes of Mauser rifles. Men ran right

up to the attacking Spaniards, and MOWED THEM DOWN with regular volleys. The Utah bat-tery, under Captain Young, covered itself with glory. The men pulled their guns through mud axle-deep. Two guns were sent around in front, and poured in a destructive, enfilading fire. The enemy was repulsed, and retreated in disorder. Our infantry had exhausted its ammunition, and did not follow the enemy. Not an inch of ground was lost, but the scene in the trenches was one never to be forgot-

Ponce, Island of Porto Rico, Aug. 9 .-Gen. Henry, with the Sixth Illinois and the Sixth Massachusetts, moved today by way of Adjuntas or Arecibo, which is about 20 miles north of Adjuntas, as the crow flies. A short stretch of the road the troops will have to follow is in a very bad condition. Practically all the American troops are in motion, in four columns, towards the capital of this island, San Juan De Porto Rico. The Porto Ricans enlisted by Gen. Stone have been engaged with a small Spanish outpost, between Adjuntas and Utuado, on the road to Arecibo. The skirmish took place last night, and during the exchange of shots one

Spanish officer was killed.

Major General Miles, with several troops of cavalry, expects to follow Gen. Henry in a day or two. If peace is promptly declared, Gen. Miles will be the first to enter San Juan, going there by the railroad from Arecibo to the Porto Rican capital. The fleet is in the harbor of Ponce. and Capt.
