John Weaver Arrested by ELSIE SIGEL'S SLAYER Detective Nickle Last Evening.

#### COLORED MAN PLAYED HONEST

Watch for Police. But Gave the Show Away.

John Weaver, a young man who has appeared in the police court a great BRUTAL TREATMENT many times, last evening attempted one of the most daring daylight robberies that was ever planned in London, and that he was not successful was due to the honesty of a colored man who was in the city from Wood- Magistrate Love Scores John stock on a visit.

P. C. McRae was on duty last even-ing on the corner of Dundas and Richmond streets, about 6:30, when the colored man walked up and told him there was going to be something doing at a big red building down on the next street, indicating Clarence

"I know something," he said, and gave a description which enabled the P. M. Says He Only Wishes He Had officer to form the conclusion at once that Weaver was the man in the case Watch for Police.

The colored man stated that he had been told by Weaver to stand out in front of the door of the Reid Crockery building and kick the door if he

ing as he had his uniform on. He Jail. hurried across to the police station and told Detective Nickle. It was raining at the time and the

hurried down at once to the place. The colored man was standing there

#### Nabbed the Prisoner.

Detective Nickle went to the rear of the building, and it wasn't long before seized him.

Weaver fought desperately, but was ao match for the detective, and was soon overpowered and taken to the

Pleaded Guilty. He appeared in court this morning and at once pleaded guilty, when asked, and was remanded for a week

for sentence.
"Can I get bail?" was all he said. "Certainly not, on a serious charge of this kind," said the court. dog catcher for the city. He has young men got the horse last Satur- examination, but their joy was somefor some time been addicted to the day afternoon and drove it some 18 or what tempered by the thought of the and stealing. He is comparatively a

A sad feature of the case is that his young wife and little child are

#### **GOVERNMENT AID** TO FIGHT COMPANY

#### Municipalities Are Evidently cuts, and was in an utterly exhausted Afraid of Claim of Cameron Septic Tank Company.

The Ontario Government will be asked to intercede in the threatened suits against London and many other municipalities regarding septic tanks. At a meeting yesterday afternoon held in Toronto it was decided to wait on Sir James Whitney, and bring the matter to his attention.

"The question is so large that majority of the delegates were of the opinion that it should be taken up by the Government," said Mayor Stevely. "As a matter of fact, the claim of the Cameron Septic Tank Company is so far-reaching that it not only effects the municipalities meeting there, but also any municipalities contemplating the disposal of sewage. Individuals might be effected also, as they claim that they have the right to collect royalty on any inclosed system for the disposal of sewage.

People Vitally Interested. "That being the case the whole people of Ontario are vitally interested, and we think that it is a question for the Government to look into." "There are hundreds of municipalities in Ontario, a large number of are affected, so you see it is wide-

"If the company have so great power by their patent it is high time it was . That was the opinion of Dr. Hodgetts, provincial health offiter. with whom we also consulted, "Our engineers presented a volum frous report covering the whole field of controversy. In their opinion the municipalities are not liable. They claim that the Cameron patent dates from 1886 only, while prior to that time the same system was in operation, and was not patented. It was not theirs by right of discovery.

"I do not think we will have to pay oyalties. There have none been paid Canada yet, and there is grave pubts as to the ability of the com-

bany to collect them.

"It looks as if we will fight them to protect ourselves, or else the Gov-present will protect us."

There were thirty representatives at the meeting and it was a good one.

#### IN ONLY ONE CASE SCHOOL TRUSTEES TALK WAS REDUCTION MADE

Court of Revision Dealt With Have Been Investigating and will be a little break in the temperature Claim That Suspicions Ward Four Appeals on Thursday Night.

At the session of the court of revision held last evening 24 appeals against assessment in ward 4 were taken up, but in only one case was there a reduction made, and that amounted to but \$200. This was in the appeal of Mr. William Taylor, of 315 Central avenue, whose assessment was reduced that

In all the others the figures of As sessment Commissioner Grant were confirmed. "The number of complaints was the smallest I can remember," said City Clerk Baker. "The reduction was ex-

tremely small." "I am gratified at the results of the appeals," said Mr. Grant. "The num-ber of appeals was small, very small, and in only one case was a reduction made. That speaks well for the department, I may be pardoned for saying, as it shows that we are as careful

The members of the board present were Mr. Philip Pocock, chairman; Mr. A. T. McMahen, Sheriff Cameron, Assessment Commissioner Grant and Secretary Baker.

CONTRACTORS' COMBINE

Are Well Founded. Tenders for the brickwork of the Wort-

ley road school are coming in, and it is more than likely that there will be plenty of competition when the offers are con- JUNE FESTIVAL sidered on Thursday next The announcement that the board of

education would erect the Wortley road school by day labor has caused the contractors to sit up and take notice, and they will be ready with their tenders. It is openly charged that the brickwere in a combine on the matter, and had decided to allow one member of the society alone to figure on the job. Only one tender was received, and the nembers of the board became somewhat suspicious. Inquiries were made, and what was learned has convinced some of tables with daisies, making a very the trustees that their suspicions are pretty sight.

The Contractors' Position. The contractors, on the other hand, state that there is not enough brickwork in the building to make it worth tendering on. They say that a large part of it is cement work, and it would be too much

trouble, as well as too small a job, to

## Six Big Ones Have Occurred in

a Little Over 24 Hours.

THUNDERSTORMS

SOME PECULIAR STUNTS Fire Alarm System Was Paralyzed

Yesterday-Girl Was Rendered Unconscious-Other Mishaps.

Six big thunderstorms in quick succession and more than an inch and a half of rain in a little over twenty four hours is a phenomenon that is terday (Thursday) afternoon. The causing citizens to sit up and take notice. It is a very long time since so many violent electrical disturbances swept over the city in such a short space of time, in fact a great many people state that never, so far as they can remember, was there such a series of heavy storms. To make matters worse the weather man promises more. Right on Schedule.

> A reculiar feature of the storms of Wednesday and Thursday was that there were thunderstorms between 12 and 1 and between 4 and 5 o'clock on both days. This is to put it mildly a little unusual. The theory has been advanced that so much thunder and lightning is caused directly by the two clipses, one of the sun and the other of the moon, which took place recently. It is probable, according to astronomers that the eclipses did have omething to do with the peculiar weather. But why the storms should e so heavy in this vicinity and not in other places is unexplained A Terrific Storm.

The storm that passed over yesterday at noon, while lasting only a short time, was of a terrific nature, and shortly after 4 o'clock there was another one in which the play of the lightning was most violent. The rain fell in torrents and the streets speed-ily became miniature rivers. While few moments. The brigade made a fast the storm was at its height the lightning struck the hose-tower on the East End Hall and ripped part of the clothes, the wall and the dresser. top off and did other damage

Alarm System Paralyzed. "Our fire alarm system was completely raralyzed by the storm for more than an how," Chief Altken told The Advertiser. "What with the telephones badly crippled and unable to be used at all while the lightning was on Each man received 50 cents a day and the fire alarms out of business, series of heavy electrical storms."

The Bathurst Street Escape. In the storm yesterday at noon, Mr. and Mrs. Riddle, of 141 Bathurst street, had a close call from being killed, when a bolt came through the roof of their house and passed between them in the dining-room. Mr. Riddle was brushing his clothes at the time and the lightning knocked the brush "It was the closest I ever got to

Rendered Unconscious noon a young woman named Jennison, was working in a dressmaking parlor on Dundas street, near Wellington was struck by a bolt and rendered unconscious. Dr. Drake attended her and she soon recovered.

### **HEAVY STORMS HAVE** CLEARED AIR SOMEWHAT

High Temperature Is Receeding Now Bearable-But Don't Think of the Future.

The heavy electrical storms of yesterday afternoon and evening have had a tendency to clear the air somewhat, and though the weather is still very warm, the air is considerably fresher. which makes the high temperature much more bearable. Last night the owest temperature recorded was 64 degrees, while at 8 o'clock it was only 69 degrees, which is some 15 degrees lower than yesterday at the same hour. The highest temperature registerd yesterday was 87 degrees, though natirally on the public streets, with the ouildings and pavements attracting the heat, it would have been consider nigher than that. The lowest during the night was 64.5 degrees.

before the regular summer weather begins, to give them time to get a little accustomed to it. Garden parties are about the only thing that seems to be able to flourish in this weather, and the periodic thunderstorms are putting a little too much of the adventurous element into these for the average cit-

### OF THE Y. W. C. A.

Was Held on Verandahs Last Night-Will Be Repeated Tonight. On account of the bad weather last

night it was necessary to hold the June festival of the Y. W. C. A. on the verandahs, instead of the lawn of the residence. The verandahs were prettily decorated with Chinese lanterns and the

During the evening Miss Lenore Talbot rendered some plano selections, which were very greatly appreciated, while Miss Finnigan gave two delightful readings. Mr. Wm. Wortman also gave a number of plano selections.

Fault was found with City Architect Nutter's plans, and they say the difficulty lies with them.
