THE RESOLUTION

Toronto, Feb. 28.—Following was the resolution passed by the Dominion Alliance yesterday: "That this convention hails with delight the advanced stand taken by the Liberal party in the resolution of which N. W. Rowell, K. C., M. P. P., the leader of that party, has given notice in the Legislature that he will move for the immediate abolition of the bar, including hotel and club licenses; also the treating system, and placing such other restrictions upon the residue of the liquor traffic as experience may show to be necessary to limit its operation and effectively remedy its evils. Local option to be maintained as a means of wiping out the residue of the retail sale where the electors so

"That this convention calls upon all friends of the temperance cause to take steps to secure the nomination and election in every constituency of a representative who can be relied upon to do all in his power to secure the enactment of legislation for the suppression of the liquor traffic, and declares that anything less than the proposal of Mr. Rowell could not be looked upon as sufficient to entitle any candidate to the support of temper-

ance electors.

"That this Alliance appreciates the action of the Provincial Government and Legislature in making amendments to the license act which make the working of the act more effective, and notably for securing the enforcement of local option. Also we appreciate the action of the department in refusing to be bound by technicalities where it was really evident that local option had been carried at the polls."
