### Hold Dress Parade In Styles Worn Over 100,000 Years Ago CARRIED OUT POULTRY PRICES

Inhabitants Lose Confidence
On Account of Failure To Try
Kapp Revolutionists.

MONARCHISTS CYNICAL

MERLIN, Dec. 6.—Germany's condence in her courts and their judges is slumping with the German mark. The average German has become condicted that the court system is bad. The cause is the failure of the high court at Leipsic—the same that tried he "war criminals" for the Allies—to ave brought before it the perpetrators of the Kapp revolt of twenty months ago.

London, Dec. 6.—A dress parade of styles in vogue during the period of 100,000 B. Styles in vogue during the period of 100,000 B. Styles in vogue during the period of 100,000 B. She had, also, a skirt with a sort of 100,000 gride like a dressing gown. This costume was reproduced in the exhibition yesterday.

"The earliest Egyptian style—not that familiar on the stage—was represented, and also, the Grecian and Roman.

"Boadicea's dress, produced from a description in existence, was peculiarly interesting, for the pattern of the skirt is little squares of red, blue and green, believed to be the origin of the Scottish tartan.

"Prior to the staging of the affair, much curlosity was evinced as to how it would be possible to reproduce the Catherine de Medici costume, with its thirteen-inch waist, which necessitated a steel corset. The management received letters from women in all parts of the Kapp revolt of twenty months ago.

"The style of the hat worn by the cave belle of the period 40,000-100,000 B. C., reproduced from the oldest draw-instance that tried the war criminals" for the Allies—to subject, declared that desting the period to style a steel corset. The management received letters from women in all parts of the Kapp revolt of twenty months ago.

"The style of the hat worn by the cave belle of the period 40,000-100,000 B. C., reproduced from the oldest draw-instance." Boalies—a feet with a sort of loose girdle like a dressing gown. Arab invaders in the seventh century.

Are Polygamists.

They are nomads who settle temporarily in places where the pasturage is plentiful, for they possess large numbers of camels, sheep and cattle. They live under large tents, which they pitch in circles, thus forming a dowar, or settlement. The tents are made of sheep's wool mixed with camel or goat hair for the more wealthy among the tribes must content themselves with grass fibre.

The men are of changeful mood, at times seeking adventure and at others indulging in prolonged periods of laziness

Polygamy prevails among them in proportion to their means of providing sustenance for the women. These poor creatures in every part of Morocco lead the most miserable lives. They look after the cattle, grind the grain, make

the most miserable lives. They look after the cattle, grind the grain, make Appl the bread, churn the butter, wood, draw the water, which often has to be carried long distances; shear the sheep and goats, card and weave the wool and hair, as well as the grass Hor fibre, do all the plowing and sowing, do and generally are treated by their lordmals to whom they are yoked for field work.

Eat Four Meals. Their only consolation is in eating.

They consume four meals daily, at which they drink large quantities of weak tea, and before they retire for the night devour large quantities of cuzcuz-balls composed of flour, water

They are very careful with the cattle, and never forget to put them to pasture facing away from the sun, so that they will not lose their sight through the brightness.

and honey.

Among the chief festivities are those connected with births and the giving of names, which occurs eight days after birth, when the father sacrifices a sheep, and, sprinkling the blood, pronounces the names to be given to the child in the name of Allah.

At 20 years of age it is customary to marry. A young man then announces to his father his desire to wed a certain
