WILL REBUILD AT VALPARAISO. Inhabitants of City are Determined That City Will be Rehabilitated.

URGENT RELIEF MEASURES. Systematic Assistance Being Extended to Sufferers in the Great Earthquake.

VALPARAISO, Aug. 24.—As the result of the splendid cooperation of the people, and with the co-operation of the city government, Valparaiso will be rebuilt within a few years of finer and more beautiful lines than before the disaster of August 16th.

There are no confabulations, but the blowing up of damaged structures with dynamite continues, and loud explosions are frequently heard. Otherwise, the town has assumed an almost normal appearance.

For relief purposes the city has been divided into ten sections, that assistance may be extended systematically to those who require it. Provisions are abundant. The foreign merchants of the city have appointed committees to assist in the relief work.

President Riesco is expected to arrive here tomorrow. Government engineers from other provinces have been ordered to come to Valparaiso to assist in making plans for the reconstruction of the city.

Clearing Away the Ruins. About ten thousand men are engaged in clearing away the ruins here and in searching for bodies of those who perished during the recent earthquake and fire.

The naval school, which it now appears was only partly destroyed, is to be reconstructed, and it is expected that cadets will begin their studies there in about two months.

President Riesco has visited all the ten parts of the city, his efforts to do everything possible to encourage homeless people.

Many of the highest families of this city have decided to go to Europe and stay there during the rebuilding of Valparaiso in general and their own residences in particular.

With the exception of Mercurio, which publishes a small sheet once per day, the newspapers here have not yet been able to resume publication.
