MANY PERSONS

Flood Released by Broken Level Sweeps Through Streets of Kentucky Town—Conditions Worst on Record

HICKMAN, Ky. April 1-With sudden ness that jeopardized the lives of lowland dwellers, despite elaborate prepa rations to warn them, the Mississipp river levee broke here at 9:30 o'cloc tonight and a current went racing through the streets of Hickman that reached a depth of from 2 to 8 feet.

To add to the danger, when the inhaorants heard the fire alarm, agreed upon as a signal, they rushed toward the levee to see the spectacle, unaware that the break would be of so great an extent. No lives were lost, but tonight homeless persons are wander-ing about in the rain, seeking shelter. The water is six inches deep in the stores and late tonight was rising The damage incurred by tonight's break is estimated at not less than

\$100,090.

For four days and nights, all the men in town have been working to protect the levee, but the heavy rain augmenting by the rising river, undid their work.

Pamilies Homeless

MEMPHIS, Tenn., April 1 .- With approximately three feet more water regarded as certain Memphis began to feel the effects of the flood today Gayosobayou, a normally shallow stream which runs through the city is causing the worst damage. Severa hundred families have been forced from their homes, four concerns have closed their doors and the inundation of one of the city's pumping stations and gas plant is threatened. If the latter is flooded, Memphis will be vithout gas in 16 hours, as the supply held in reserve will not last long

North of here only two stretches of levees are giving apprehension, tween Cairo and New Madrid, Mo., and between Helena and the mouth of the White River in Arkansas. Government boats with sand bags have been despatched to these points. Worst on Record

ST. LOUIS, April 1.—The floods in this section of the country, including Missouri, Illinois and Kentucky, are the worst on record. The property loss has run into the millions. Rain has been falling throughout the flooded districts for the past 12 hours, and no

relief is in sight.

The Mississippi has been stationary
for 24 hours at 29.8 feet and a further rise is not expected for 24 hours. Cairo and the drainage district above the city are the only two dry places in that section of the country, the en-tire territory north and south of that city being covered with several feet water. The river at Cairo reached stage of 53 feet tonight, which is eight-tenths of a foot higher than previous records. A state of 54 feet is

Commercial interests of Cairo have been joined by the railroads entering the city in supporting Mayor Parsons in the work of looking after the level system. Trains are operating out of Cairo but in many cases are being routed over other systems.

The Mississippi is pouring over ron Mountain tracks at Cache, Ill. Cache Creek, and thence into the Ohio. The backwater of Cache Creek has covered the government road between the National cemetery and Mounds, Ills., to a depth of three feet. The water has extended to the outskirts of Mounds, and residents of that town are rowing skiffs to get to and from

The country about McClure, Ills., is inundated. Livestock is being driven to the hills, and the people are leaving their homes.

The heavy rainfall has alarmed farmers in the Missouri river bottoms, and they are moving property to higher ground. The Missouri had been falling until the rain commenced.

REFUSED A LICENCE

Pederal Authorities Shut Down Upon Canadian Guardian Life Assurance Association

OTTAWA, Ont., April 1 .- Because its amount fixed as necessary to carry on the business with security to the policy olders, the insurance branch of the finance department has shut down upon the Canadian Guardian Life Assurance

Last year the company's license was renewed temporarily, and it expired vesterday. An application is now being made for a release of the deposit and a list of the policyholders is being filed. The company has asked for the return of its security with the minister of fin ance by July 15, and the policyholders are given until then to enter any objections. The amount of the deposit is more than double what is required to pay off the reserves on the policies, and the department will itself attend to this.

The refusal of the license is due to the conditions revealed by the inspection. The company formerly was located in Toronto, but latterly Edmonton has been the headquarters.

FOUR CANDIDATES

Aspirants for Office of Presidency of the United States

SPRINGFIELD, Ills., April 1.-The names of at least four candidates for nomination for president of the United States will be on the primary ballot in this state to be voted upon on April 9. The names will appear in the foling order: Republican, William Howard Taft, Theodore Roosevelt: 1910, \$60,067,844.

Democratic, Champ Clark, Woodrow The last three petitions were filed

NIAGARA FALLS, Ont., April 1 .-Canadian Pacific Railway officials who arrived here from Toronto to look into the blockade of cars near the border, said that 15,000 of the company's cars are lost in the States. They claim that the American roads hold them to fill them with merchandise for Canada.

VANCOUVER, April 1 .- At a meeting of the local council of women held here this afternoon, Mrs. James Macauley of Vancouver was nominated by the unanimous vote of the council to stand for Mrs. Macauley accepted the nomination Mrs. W. J. White will represent Vancouver council as delegate at the annual meeting of the council.

SAVED FROM FLAMES

Pive Children Marrowly Escape Death In Burning Home

VANCOUVER, April 1 .- Five little children of H. Stevens, of Cedar Cottage, all more or less overcome by smoke and still asleep, were carried to safety just after 2 o'clock this morning when the residence of their parents was burned. The house was a large one, at 4432

be about \$3500.

Mr. Stevens says that he was awakened early by smoke and the sound of crackling flames. He rushed out of his room and so quickly was he blinded by smoke that he fell downstairs. Not badly hurt, he ascended and awakened his wife and her brother, and, with the latter, carried out the children

In a shed attached to the house an incubator, from which only a few days ago four hundred chickens been hatched. These got loose, many were smothered or killed by falling boards.

Suspension of Work in Industry Leaves 400,000 Men Unemployed—Heavy Loss in Production and Wages

INDIANAPOLIS, Ind., April 1 .- With only one or two exceptions, the suspension in the coal mining industry of the country, which went into effect at midnight last night when the wage contracts between the members of the union mine workers of America and the tors expired, was general today. Approximately four hundred thousand miners are out of work, the country will miss more than a million tons of coal and the miners are out about \$1,00,000

in wages. President J. P. White, of the miners, before starting for his home in Oskaloosa, Iowa, this afternoon, said he expected the bituminous men to ratify the Cleveland agreement and return to work a speedy adjustment of a wage contract in the anthracite fields when the miners for the referendum vote on the bituminous agreement are being prepared in the lieved they will be returned here by

April 10. Some Men Still at Work

The only exception to the general suspension which came to the notice of the miners' officials here today was in two railroad mines in Evansville, Ind., in which the men continued at work with the understanding they are to receive the new scale of wages. No trou-ble has been reported from any district and pumpmen and others required to keep the property in shape for a resumption remained at their posts today. the same as over a holiday.

In Pennsylvania PHILADELPHIA, April 1.-Peace and order reigned today in the anthracite coal regions where the command to sus-pend work until the execution of a new agreement between the workers and the operators was obeyed by about 175,000

No attempt was made to operate any of the collieries and every one appears prepared to await patiently the result of the conference to be held between the leaders of the United Mine Workers and the operators in this city on April

Labor organizers and officials of the local miners' union in addresses throughout the region impressed on suspension and a strike. The men were warned by the organizers to keep away panies and not to discuss condition with special officers or other agents employed by the operators.

BANK CLEARINGS

Winnipeg's Returns Show Remarkable Progress—Steady Progression
In Toronto

TORONTO, April 1 .- The steady expansion of the banking business at Toronto is shown in last month's record record for March. A record is also esfigures for March are \$157,908,947. The figures for last March were \$151,368 .-

WINNIPEG, April 1 .- Winnipeg's clearing house returns for the month of March with the comparative figures for two preceding years are as follows: 1912, \$108,196,378; 1911, \$77,057,787;
