

MORE PINKHAM CURES

Added to the Long List due to This Famous Remedy.

Glanford Station, Ont.—"I have taken Lydia E. Pinkham's Vegetable Compound for years and never found any medicine to compare with it. I had ulcers and falling of the uterus, and doctors did me no good. I suffered dreadfully until I began taking your medicine. It has also helped other women to whom I have recommended it."—Mrs. HENRY CLARK, Glanford Station, Ontario.

Another Cure
Harvey Bank, N. B.—"I can highly recommend Lydia E. Pinkham's Vegetable Compound to any suffering woman. I have taken it for female weakness and painful menstruation and it cured me."—Mrs. DEVERE BARBOUR.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, indigestion, dizziness, and nervous prostration. It costs but a trifle to try it, and the result is worth millions to many suffering women.

If you want special advice write for it to Mrs. Pinkham, Lynn, Mass. It is free and always helpful.

HARRIS & CO. PROPRIETORS
WATFORD, FEBRUARY 23, 1912.

Overcome with the extreme cold, Matthew Nay, aged 40 years, a resident of Sombra, had a narrow escape from death Saturday night, when he attempted to cross the ice on St. Clair River. He had reached the middle of the river when his strength gave out. A number of people who happened to be returning from the Knights of Columbus ball at Marine City, fortunately heard his moans and soon formed a searching party. After being found, Nay was taken to a hotel, where it was found that one hand was badly frozen. It is expected that he will recover.

Queer Newspaper Names.
The Italians are naturally an imaginative race, and the titles which they give to their newspapers, especially in the provinces, fully confirm the fact. Here are some instances of the curiosities:

At Aquil, in Piedmont, there is *Il Bolleante* (the boiling one); at Gerace, the *Circus of Nero*; at Messina, the *Lightning*; at Lucra, the *Second Lightning*; at Monbercelli, the *Inflexible*; at Catania, the *New Marionettes*.

Humorous publications rejoice in even stranger titles. We have the *Contropelo* (shave against the grain) at Naples, the *Two of Spades* at Turin, the *Slap in the Face* at Bologna, the *Pif Paf* at Palermo, the *Brush at Catanissetta* and the *Messquito* at Savigliano.

Dark Stars.
Scattered through space are innumerable stars that give forth very little light or heat. Either they were never at any period of their history bright and glowing like the myriad stars that make the midnight sky so beautiful or in the course of countless ages the heat they once possessed had radiated away from them into the depth of space, and now they are, as their name describes them, "dark stars."

Worse Still.
They tell me Simpkins' wife is a perfect tyrant. The poor fellow actually goes around, they say, without a nickel in his pockets.

"Worse than that—she's cut off his supply of pockets."—Cleveland Plain Dealer.

SORES FROM ELBOWS TO FINGERS.

Zam-Buk Worked a Miracle of Healing.

Reverend Gentleman Fully Corroborates.

Miss Kate L. Dolliver, of Caledonia, Queens Co., N. S., says: "I must add my testimony to the value of Zam-Buk. Ulcers and sores broke out on my arm, and although I tried to heal them by using various preparations, nothing seemed to do me any good. The sores spread until from fingers to elbow was one mass of ulceration.

"I had five different doctors, and faithfully carried out their instructions. I drank pint after pint of blood medicines, tried salve after salve, and lotion after lotion; but it was of no avail.

"My father took me thirty miles to see a well-known doctor. He photographed the arm and hand. This photograph was sent to a New York hospital to the specialist; but they sent word they could do nothing for me, and I was in despair.

"One day a friend asked me if I had tried Zam-Buk. I said I had not, but got a box right away. That first box did me more good than all the medicine I had tried up to that time, so I continued the treatment. Every box healed the sores more and more until, to make a long story short, Zam-Buk healed all the sores completely. Everybody in this place knows of my case and it is Zam-Buk alone which cured me."

Minister Corroborates.—The Rev. W. B. M. Parker, of Caledonia, Miss Dolliver's minister, writes: "This is to certify that the testimonial of Miss Dolliver is correct as far as my knowledge goes. I have known her for a year and a half, and her cure effected by Zam-Buk is remarkable."

Wherever there is ulceration, blood-poison, sores, cold-cracks, abscesses, cuts, burns, bruises, or any skin injury or disease, there Zam-Buk should be applied. It is also a sure cure for piles. All druggists and stores sell at 50c. per box, or post free from Zam-Buk Co., Toronto, or price. Refuse cheap and harmful imitations and substitutes.

SEASICKNESS.

It is Not Beneficial, and In Rare Cases It Causes Death.

In the light of modern intelligence the once popular idea that seasickness was of real benefit to the sufferer and that it never terminated fatally has been exploded. Not only is this malady to be guarded against by every means possible, but it is even to be dreaded by those who are not over robust as leading to possible fatal results.

The old fashioned notion that a good dose of seasickness was beneficial was due wholly to the fact that upon recovery the victim of mal de mer is usually so delighted that he is apt to imagine that he never felt better in his life, while feeling normal again is merely so great a contrast to the exceedingly wretched condition which this disorder brings about that exaggeration of one's feelings is the most natural thing in the world. Seasickness is far from pleasant. It is not beneficial, and in rare cases it terminates fatally.

There is one consolation, however, that with the growth of the size of ships and the increase of speed travelers are to a certain extent insured

against it or if attacked are certain that their sufferings will be short.—Marine Journal.

The Art of Poisoning.

Professional poisoners arose early in our era. It is recorded that Agrippina (A. D. 26) refused to eat plates from the table of her father-in-law, Tiberius, through fear of poison. The notorious Locusta flourished in that epoch. It is charged that she supplied with appropriate directions the poison by which Agrippina rid herself of Claudius. She also furnished the poison that was administered to Britannicus by order of Nero. This crime was committed in quite a conventional manner. The Romans were accustomed to drink hot water at table, but the same temperature did not appeal to all. A slave offered hot water to Britannicus. "Too hot," he remarked. The slave added cold water. Britannicus drank, gasped once or twice and died. The cold water was poisoned either with a cyanide or with prussic acid.

SUFFERED FROM VIOLENT CATHARTICS

The Warning of Mr. Geo. C. Fox Is One That Should Be Heeded by All.

Few men on the road are better known than the genial George Fox, whose friends throughout the West are legion. In the following letter he expresses gratitude for signal services rendered by Dr. Hamilton's Pills. He goes on to say: "Until I used Dr. Hamilton's Pills and experienced their wonderful mildness and curative power, I estimated the value of every pill by its activity. Talking about this to a well-known physician I met on the train the other day, he explained there are different kinds of drugs that act upon the bowels, the most active being known as drastic. Except in extreme cases where the life of the patient depends upon speedy evacuation of the bowels, pills should never be drastic. Purgatives cause catarrh of the bowels and inflammation; they dose must be increased, causing even more harm. With such a clear explanation I could see why Dr. Hamilton's Pills are curative and not irritating, why they are mild, yet most searching.

"From my experience I recommend everyone that takes pills to give up the old-fashioned harsh, purging pill, and, instead, to use Dr. Hamilton's. They cure headache, biliousness, constipation, bad stomach, and keep the system in perfect condition."

Father Mother, Sister, Brother, All Should Use Parisian Sage.

Prevents Baldness—Banishes Dandruff—Stops Falling Hair and Itching Scalp.

PARISIAN SAGE is a family hair tonic and dressing that will do much good in every home.

The man who uses PARISIAN SAGE, if only occasionally, will never grow bald. Baldness is caused by dandruff germs which dig down into the roots of the hair, devour its nourishment and cause the root to die and the hair to fall and thin out.

PARISIAN SAGE is a scientific hair remedy that not only kills the dandruff germs, but gives the hair root just the same nourishment that nature gives it.

PARISIAN SAGE first kills the germs; then nourishes the weakened hair root and causes a growth of healthy hair.

This same nourishment (PARISIAN SAGE) causes the hair to grow vigorous,

which means that the hair becomes full of life and lustre, and grows radiant and beautiful.

Thousands are wasting time, losing hair and growing bald because they are using superficial tonics. While they may clean the scalp and make it feel refreshed, they do not get to the root of the hair where the real destroyer of hair, the pernicious dandruff germs, thrives and multiplies.

Try PARISIAN SAGE for all hair trouble; it means death to the germs; life to the hair. It is pleasant to use and so harmless that it can be used by every member of the family from the oldest to the little tot.

The death occurred in Ekfrid on Tuesday, Feb. 6th, of Miss Catharine Leitch, in her 71st year. Deceased had been failing for several years but death came suddenly at the last. She leaves four sons and four daughters:—Lachlan and Duncan, of Ekfrid; David, of Metcalfe; William, of Mosa; Mrs. McIntyre, of Mosa; Mrs. Leitch and Mrs. Munroe, of Metcalfe, and Sarah, at home. The funeral service took place Thursday at Burns church, Mosa. Interment at Kilmartin cemetery.

Edward Campbell, aged 79, died Thursday at his home in Plympton township.

Canadian agriculture must be profitable when American land companies, located in the richest agricultural belt of the United States, come over to Ontario, make purchases aggregating over 20,000 acres in two counties, and can sell these lands to shrewd American farmers. There are two reasons why this is possible: first, the land is productive and gives good return for labor; second, there is an unequalled home market for all that can be produced. Two such conditions taken together cannot but spell prosperity.
