FROM THE PRESS

It has been a pleasure year by year to welcome the successive issues of this valuable work, and to express our recognition and appreciation of its increasing interest and value. The *Canadian Mining Manual and Mining Companies Year Book* is the best volume of its kind published either in the Canadian Dominion or elsewhere. To all those, whether resident in Canada and immediately interested in the mineral resources and works, or resident elsewhere, but likely to have a personal and direct association with Industrial Canada, the book is simply invaluable. We know no other man so competent as our friend, Mr. B. T. A. Bell; and we do not think that even he has ever given better proof of his industrial Editorial talents than in this particular publication. We shall have further opportunities of placing before our readers some of the fascinating information of which the book is full; we content ourselves at present with saying that the present issue excels all its predecessors, and is a magnificent four dollars worth.—Dr. C. M. Percy in the *Science and Art of Mining*.

Mr. B. T. A. Bell, the editor of the *CANADIAN MINING REVIEW*, has forwarded me the new edition of his *Canadian Mining Manual*, which has now attained its ninth year of publication. Authentic information regarding companies operating abroad or in our Colonies is always difficult to obtain by the home investor; and Mr. Bell's book is therefore doubly welcome. Indeed, in some ways it sets a high example to our own reference books. Even the admirable "Skinner" cannot boast of so much detail as its Canadian contemporary affords. In the case of the Hall Mines, for instance, over twelve pages are devoted to an exhaustive account of the company and its property.—*The Critic, London, England*.

A capital piece of work has been done by Mr. Bell in his *Mining Manual*, a handsome octavo volume, which gives a full account of every incorporated mining company in Canada.—*The Financial News, London*.

FROM THE PROFESSION

MR. S. M. ROBINS, Superintendent, New Vancouver Coal Mining and Land Co., Nanaimo.

I take this opportunity of again expressing my appreciation of your carefully prepared and valuable work. I really do not know what we should do without it now, for one at once turns instinctively to it when seeking mining information of all kinds. In addition to the four copies ordered on enclosed slip, please forward one copy to the Secretary of the Company in London.

THE INTERCOLONIAL COAL CO., Westville, N.S.

We are very much pleased with the *Manual*, and find it very useful for reference.

MAJOR R. G. LECKIE, M.E., Sudbury, Ont.

I find it a ready and correct book of reference. It is of very great service, not only to those directly interested in mining, but to business men throughout the Dominion, containing, as it does, full information regarding all mining and metallurgical enterprises in Canada.

THE JAMES COOPER MANFG CO. Limited, Montreal.

The *Manual* is the most useful book in our office.

JAMES MACBETH & CO., New York.

We appreciate the *Manual* very highly. It is just what we want, and we consider it cheap at ten times the amount.

GEORGE E. DRUMMOND, Canada Iron Furnace Co., Montreal.

The *Manual* is an admirable production, and will prove a standard book of reference for everyone interested in the development of Canadian mining resources.

DR. E. GILPIN, Deputy Commissioner and Inspector of Mines for Nova Scotia.

It is found to be very convenient in our office, and is frequently referred to.

SIR CHARLES HIBBERT TUPPER, M.P., Victoria, B.C.

I find this a most useful book, and you must permit me to congratulate you on the manner in which it has been prepared.
