A quantity of standing pine timber upon unsold and unlicensed lands of the Crown, lying south and west of Biscotasing Station, on the main line of the Canadian Pacific Railway, estimated as follows:

Block 1	4,000,000 feet B. M.
" 2	15,000,000 "
" 3	12,000,000 "
" 4	14,000,000 "
" 5	16,000,000 "
Total	61,000,000 "

having been damaged by fire during the past summer, the undersigned hereby calls for tenders for the right to cut the damaged timber.

Tenders will be received up to and including the 20th day of October next, and may be for any block or for the whole, and must state the amount per thousand feet cubic, if made into square or wane board timber, and per thousand feet board measure, if made into sawlogs, which the parties making tender are willing to pay for the burnt timber, in addition to the Crown dues of \$25.00 per thousand feet cubic for timber and \$1.25 per thousand feet B. M. for logs. Parties are at liberty to make, and the same will be considered, an alternative tender of a lump sum as bonus for the timber on each block, in addition to the Crown dues as above stated.

The above figures represent only the Department's estimate, and intending purchasers must satisfy themselves as to quantities and all other particulars. The Department does not bind itself to accept the highest or any tender.

For conditions, maps of the territory, and further particulars, applications should be made to the Crown Lands Department.

Tenders should be marked "Tender for Burnt Timber" and addressed to the Hon. Commissioner of Crown Lands.

Mr. A. W. Belding, Forest Ranger under the Department, will be at Biscotasing Station on and after the 20th of September to give information to parties desirous of examining this timber.
