

SOMETHING TO REMEMBER

An Unsuccessful Remedy is never substituted

Whenever a substitute is offered it goes without saying that it is not as good as the original and that the original must produce satisfactory therapeutic results and have created a demand; hence the many imitations seeking to live upon its reputation for mercenary reasons only—

Hayden's Viburnum Compound

(the original Viburnum Compound) has for over twenty-five years given uniformly satisfactory therapeutic results when administered in cases of Dysmenorrhea, Threatened Abortion and other gynecological and obstetrical conditions where indicated.

To any doctor not familiar with the results following the administration of the original H. V. C. samples, formula and literature will be sent upon receipt of card.

Suggestion:—Always give Hayden's Viburnum Compound in boiling hot water.
