

HEMORRHOIDS FISSURE FISTULA

IN practically every case of hemorrhoids, fissure, fistula, proctitis, prostatitis, etc., there is a history of constipation. One primary indication for treatment is to maintain free, easy bowel movements without straining.

Nujol is the ideal agent for such purpose. It promotes

peristalsis by softening, moistening and lubricating the feces. It is an emollient that protects and soothes irritated and inflamed mucus.

Nujol brings about and maintains regular, easy bowel movements. Can be given for any length of time in any dose required.
