one member wishes to work in the same district they immediately communicate with one another and make such arrangements as will, in their judgment, accomplish the greatest possible good. It may be that they arrange to divide the district between them, or they might accompany one another in making a grand tour, or better still, perhaps one brother will agree to work the district, and each of the others take another district, which no one has chosen as yet, thus reaching as many districts as possible. Just as soon as you have settled who is to work a district and when the work can be done, write immediately to the President, 2nd Vice-President (or Missionary President), and the Secretary, asking them to co operate, by planning your tour and announcing it throughout the district. Blank programme forms may be had free upon application to the Book Room.
