sale druggists and druggists' sundrymen  
throughout Canada.

Complete Illustrated Price List free  
on Application

All Wholesale Druggists keep in stock and will supply  
retail druggists with

Wood's Phospholine, Retail \$1.  
Cook's Cotton Root Compound, No. 1, Retail \$1.  
Cook's Cotton Root Compound, No. 2, Retail \$3.

Many retail druggists sell dozens of these goods while  
others only sell a few boxes. The reason for these varia-  
tions in sales are that one orders from his jobber in not less  
quantity than one dozen Wood's Phospholine, one dozen  
Cook's Cotton Root Compound No. 1, and a half dozen  
Cook's Cotton Root Compound No. 2, and places the dozen  
cartons on his show case where they can be seen and ex-  
amined by customers. The other orders a few boxes and  
hides them in a drawer behind his counter where they  
cannot be seen, or what is still worse, waits until a cus-  
tomer asks for the goods and then orders a box or two;  
thus one druggist sells many dozens, the other a few boxes  
or none at all. These goods all afford a liberal profit to  
the retailer, and are liberally advertised in nearly all  
papers from Cape Breton to British Columbia. No retail  
druggist can make a mistake in ordering from his jobber  
at least one dozen each of these goods and placing them on  
his show case where they can be seen. Druggists who  
have only purchased a few boxes and placed them in a  
drawer behind their counter will, by purchasing in quantity  
and placing where they can be seen, be surprised how  
quickly they will be sold. There is only one way to sell  
goods, and that is to keep a supply.
