

ST. JACOBS OIL

THE GREAT REMEDY FOR PAIN.

Rushville, Schuyler Co., Ill., U.S.A., Feb. 14, 1889.—“I have been afflicted with dyspepsia over twelve years, and I know I have found nothing that has benefited me like Diamond Vera-Cura. The first few doses relieved me of fullness and soreness of the stomach, and shortness of breath. I was also troubled with palpitation of the heart, which it has relieved, and I feel better in every way since I commenced using Diamond Vera-Cura, and cheerfully recommend it to all suffering from dyspepsia or indigestion.” JOHN W. HAYES, Elder Union Baptist Church. At druggists or sent on receipt of price, 25 cents. Address, Canadian Depot, 44 and 46 Lombard St., Toronto.

TORONTO, Sept. 30th, 1891.

The Charles A. Vogeler Co., Toronto.

GENTLEMEN.—Some time since, whilst washing some clothing, my hands became cramped and drawn, so much so as to make me practically helpless.

Doctors spent four weeks on my case without giving me relief, and I was then advised to try the hospital.

I spent five weeks in the hospital, and was worse if anything after leaving there, and in addition was full of bed sores. When I was about giving up in despair a neighbor advised me to use St. Jacobs Oil and gave me a small quantity; it helped me at once, and in one week I was able to use my fingers, and the second week I had taken off bandages. After buying and using three bottles, am back to my work again, although I was unable to do anything for myself, and had been treated by three different doctors.

Gratefully yours,
MRS. L. DIXON,
12 Draper Street.

“THERE are times,” said the man with the oratorical manner, “when we are overwhelmed with humiliation at the powerlessness of the human mind.” “That’s very true,” was the reply. “I am often made to feel so.” “Indeed?” “Yes, I have a four-year-old daughter who asks questions.—*Washington Star.*”

ONE of the most interesting and mystifying sentences the English language has yet produced, follows: How much pleasanter it is to sit in a cab and think how much pleasanter it is to sit in a cab than it is to be walking. The sentence is perfectly logical, and when repeated rapidly causes much fun.—*Bridgewater Independent.*

Blood

should be rich to insure health. Poor blood means Anæmia; diseased blood means Scrofula.

Scott's Emulsion

the Cream of Cod-liver Oil, enriches the blood; cures Anæmia, Scrofula, Coughs, Colds, Weak Lungs, and Wasting Diseases. *Physicians,* the world over, endorse it.

FIFTH EDITION

Indispensable to every live Teacher

Practical Problems IN Arithmetic

For First, Second and Third Classes

By JAMES WHITE, Public School Teacher.
EDMONTON, ONT.

This book has been prepared especially to suit the convenience of Public School Teachers. It contains about 700 Practical Problems suitable for First, Second and Third Classes in Public Schools. It is very carefully graded, and each principle required to be taught is introduced in logical order. It receives the hearty approval of Teachers and Inspectors.

Read their Opinions.

From ALLEN EMBURY, Esq., Inspector, Peel.
I have examined this little book of Arithmetical Problems, and can give it an unqualified endorsement. The questions are carefully graded, and are specially suited to the wants of our over-worked teachers who have not always the time to devote to the preparation of exercises upon various subjects in the school curriculum. The questions are not stated in the form of propositions; but their statement is incidental, leaving the inner connection of the problems to be discovered by the pupil himself; and in this important feature lies their special adaptability as an educational force. I heartily recommend this book to all teachers wishing to economize time and labor in their preparation for ordinary school work.

Erom E. TROUGHT, Esq., Teacher, Member County Board of Examiners, Inglewood.

I have examined with some care Practical Problems in Arithmetic for First, Second and Third Classes, by Mr. White, Edmonton. Without the slightest hesitation I say they are the best I have ever seen—the best in selection, the best in grading, and above all, the best for developing the reasoning powers of the child, and for exercising his ingenuity. A special feature of the grading is that the principles which have been introduced are being constantly made use of in the succeeding problems which are in their turn introducing new principles, so that the whole work may be said to be one unconscious review. It is a great boon to Teachers.
