Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alare exercised increasion without the first of Al-cohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR EFFFERS?" Our answer is, that they remove the cause of disease, and the patient re-covers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEOAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Par ative as well as a Tonie, relieving Congestion or Inflammation of the Liver and Visceral Org ns, in Bilious Diseases. They are casy of administration, prompt in their re-sults, safe and reliable in all forms of discases.

If men will enjoy good health, let them nso VINEGAR BITTERS as a medicine, and avoid the use of alcoholic stimulants in every form. No Person can take these Bitters ac cording to directions, and remain long unwell. rrovided their bones are not destroyed by min real poison or other means, and vital organs wasted beyond repair.

Crateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system. Bilions, Remittent, and Intermittent

In their treatment, a purgative, exerting a powcrful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR

DITTERS, as they will speedily remove the darkcolored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.
