SORE EYES CURED

AFTER

THREE YEARS' SUFFERING!

August 3rd, 1864.

Dear Sirs,—It is with feelings of gratitude that I testify to the wonderful virtues possessed by your BRISTOL'S SARSAPARILLA, and SUGAR-COATED PILLS. I suffered with most aggravated Sore Eyes for about Three Years, the lids being most inflamed, swelled, and matting. My eyes were all gone, and my sight was so weak and painful that I could not let the sun-light touch my eyes. Like others suffering with disease, I tried the best Physicians and Oculists, both here and in the States, but their efforts instead of benefiting, injured me. I then tried your BRISTOL'S SARSAPARILLA, bought from the store of your Agent here, and I am glad to say, that five bottles of the SARSAPARILLA, and three phials of the PILLS, completely cured me. This was about six months ago, and my eye-lashes have now grown again, all inflammation and swelling has disappeared, and my sight is strong and free from pain. Again thanking you.

I am, dear sir, yours, &c., EDWARD LANE, Wellington St., Montreal.

MURRAY & LANMAN'S FLORIDA WATER.—There is a healthful, exhilarating quality in the fragrance of this popular toilet water. It awakes the remembrance of summer's floral incense, as some old true might recall the by-gone scenes in which we first heard it. Spiritual and delicate as the aroma of the original Cologne, it is more lasting, and the odor never changes, as is the case with perfumes derived from volatile oils. Ladies who suffer from nervous headache, prefer it to every other local application as a means of relieving the pain; and as a perfume for the sick chamber, it is eminently refreshing.

Beware of Counterfeits; always ask for the legitimate MURRAY & LANMAN'S FLORIDA WATER prepared only by Lanman & Kemp, New York. All others are worthless.

THE FLORENCE NIGHTINGALE OF THE NURSERY.

The following is an extract from a letter written by the Rev. C. Z. Welzer, to the German Reformed Messenger, at Chambersburg, Penn.:

A BENEFACTRESS.

Just open the door for her, and Mrs. Winslow will prove the American Florence Nightingale of the Nursery. Of this we are so sure, that we will teach our 'Sue' to say, 'A Blessing on Mrs. Winslow,' for helping her to survive and escape the gripping, colicking, and testing siege. We confirm every word set forth in the Prospectus. It performs precisely what it professes to perform, every part of it—nothing less. Away with your 'Gordial,' 'Paregoric,' 'Drops,' 'Laudanum,' and every other 'Narcotic,' by which the babe is dragged into stupidity, and rendered dull and idiotic for life.

We have never seen Mrs. Winslow—know her only through the preparation of her 'Soothing Syrup for Children Teething.' If we had the power, we would make her, as she is, a physical saviour to the Infant Race. 25 cents a bottle. Sold by all Druggists.

Be sure and call for

"MRS. WINSLOW'S SOOTHING SYRUP."

All others are base and dangerous imitations. February, 1868. 2m

ACCIDENT.—There was an explosion in Doctor Ayer's Laboratory, yesterday, which caused some excitement in the vicinity. Ayer's Pills are manufactured under an enormous pressure, in cylinders like cannon, which sometimes prove too weak for the compressed forces, and burst with terrific violence. Fortunately, the pieces do not fly far, so that no one has ever been hurt by them. The action is more like ice than powder; but it makes Pills which all the world acknowledge are PILLS.—[Daily Journal, Lowell.] February, 1868. 1m

A PUBLIC BENEFIT.—Nothing can be of more importance to the welfare of our community, than the health of our children; and in this depends the future of our national greatness, and in a large measure, the enjoyment of our own lives. We therefore claim, that in Devins' Vegetable Worm Pastilles, we have a great public benefit, a remedy so safe, so reliable, and so agreeable, which gives health and strength to the weak and sickly child, brightness to the eye, bloom to the complexion, and plumpness to the form. But parents should be careful to procure the genuine Pastille on each one of which is stamped the word 'DEVINS,' all others are useless. Prepared only by Devins & Bolton, Chemists, Montreal.

FEVER AND AGUE, Atonishing Cases.—Dr. Egbert Simms, formerly of the Medical College, Philadelphia, and now one of the most popular physicians in Minnesota, writes to a friend in New York, that BRISTOL'S SUGAR-COATED PILLS are working wonders in that region, in cases of Fever and Ague, and Bilious Remittent Fever. The following extract from his remarks is published by permission of the gentleman to whom the letter was addressed: 'I am not, as you know, much in favor of advertised pills. Most of them are worthless; some dangerous. But BRISTOL'S SUGAR-COATED PILLS are an exception. No better family cathartic could be desired. There is nothing in the pharmacopoeia, as far as I am aware, that is equal to them. Nor is this all; the antibilious properties of the pills render them a positively invaluable medicine for the bilious remittent and intermittent fevers so common in this region. I have found them exceedingly efficacious in ague and fever. They are tonic as well as aperient, and may be given, with great benefit, in cases where drastic purgatives would be dangerous.' They are put up in glass vials, and will keep in any climate. In all cases arising from, or aggravated by impure blood, BRISTOL'S SARSAPARILLA should be used in connection with the Pills. J. F. Ayer's Sarsaparilla, FOR PURIFYING THE BLOOD.

The reputation of this excellent medicine enjoys, is derived from its cures, many of which are of a truly marvellous character. Inevitable cases of Scrofula, where the system seemed utterly given up to corruption, have yielded to this compound of anti-strumous virtues. Disorders of a scrofulous type, and affections which are merely aggravated by the presence of scrofulous matter, have been radically cured in such numerous instances, in every settlement in the country, that the public do not need to be informed here that it is in most cases a specific and absolute remedy.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfit tenant of the organism undermines the constitution, and invites the attack of enfeebling and fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or within the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver. These facts make the occasional use of the Sarsaparilla as a preventive, advisable.

It is a mistake to suppose that so long as no eruptions or humors appear, there must be no scrofulous taint. These forms of derangement may never occur, and yet the forces of the body are so reduced by the insidious agency, as materially to impair the health and shorten the duration of life. It is a common error, also, that scrofula is strictly hereditary. It does, indeed, descend from parent to child, but is also engendered in persons born of pure blood. Low living, indigestion, foul air, licentious habits, uncleanness, and the depressing virus generally, produce it. Weakly constitutions, where not fortified by the most constant and judicious care, are peculiarly liable to it. Yet the robust, also, whose turbid blood swells the veins with an apparently exuberant vitality, are often contaminated, and on the result to be anticipated. Indeed, no cure or condition can depend on immunity from it, nor feel insensible to the importance of an effectual remedy.

In St. Anthony's Fire, Ross or Erysipelas, St. Peter's Blisters, Scald Head, Ringworm, Sore Ears and Eyes, and other eruptive or visible forms of the diseases caused primarily by the scrofulous infection, the Sarsaparilla is so efficient as to be indispensable. And in the more concealed forms, as in Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia, and other affections of the muscular and nervous systems, the Sarsaparilla, through its purifying power, removes the cause of the disorder and produces astonishing cures.

The Sarsaparilla root of the tropics does not by itself achieve these results. It is aided by the extracts combined with it, of still greater power. This is the union of healing virtues, Syphilis, Venereal and Mercurial Diseases are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. Leucorrhoea, Gonorrhoea, Stricture, Hemorrhoids, and Female Diseases in general, are commonly soon relieved and ultimately cured by the invigorating and purifying effect of our Sarsaparilla. Rheumatism, Gout, often dependent on the accumulation of extraneous matters in the blood, have their remedy also in this medicine. For Liver Complaints, torpidity, inflammation, abscess, etc., caused by rankling poisons in the blood, we unhesitatingly recommend the Sarsaparilla.

This medicine restores health and vigor where no specific disease can be distinguished. Its restorative power is soon felt by those who are languid, or who are troubled with any other of those infectious symptoms of weakness. Many, after having tried for it, are gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed. Unacquainted persons, who are residing in, or travelling through miasmatic localities, will be protected by taking the AGUE CURE daily.

For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity. Prepared by DR. J. C. AYER & CO., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world. PRICE, \$1.00 PER BOTTLE.

CHOLERA.

A CERTAIN CURE FOR THIS DISEASE

MAY BE FOUND IN THE USE OF

DAVIS' PAIN KILLER.

VEGETABLE PAIN KILLER.

MANHATTAN, Kansas, April 17, 1866.

Gentlemen— I want to say a little more about the Pain Killer. I consider it a very valuable Medicine, and always keep it on hand. I have traveled a good deal since I have been in Kansas, and never without taking it with me. In my practice I used it freely for the Asiatic Cholera in 1849, and with better success than any other medicine. I also used it here for cholera in 1855, with the same good results.

Yours truly,

A. HUNTING, M.D.

I regret to say to say that the Cholera has prevailed here of late to a fearful extent. For the last three weeks, from ten to fifty or sixty fatal cases each day have been reported. I should add that the Pain Killer sent recently from the Mission House has been used with considerable success during this epidemic. If taken in season, it is generally effective in checking the disease.

REV. CHARLES HARDING,

Sholapore, India.

This certifies that I have used Perry Davis' Vegetable Pain Killer, with great success, in cases of cholera infantum common bowel complaint, bronchitis, coughs, colic, &c., and w.c. I cheerfully recommend it as a valuable family medicine.

REV. JAS. O. BOOMER.
