

SEASONABLE SUGGESTION.—No preparation with which we are acquainted is entitled to greater confidence as a remedy, in the treatment of stomach and bowel derangements incident to the summer months, than Maltopepsine-Tildens. It is put up in three forms, viz: Powder, handsome 5-grain Tablets, and an elegant Elixir; either of which is pleasant to the palate, and agreeable to the most delicate stomach. It is especially adapted to the treatment of cholera infantum and ailments of a similar character peculiar to childhood. If you will give it a trial, we believe you will thank us for the suggestion.

able case of incontinence of urine in a child. It was seven months old, and had urinated from fifteen to twenty times every night since it was born, requiring its wrappers to be changed that often. I gave it one-third of a teaspoonful of sanmetto four times a day, and before one bottle was used the babe was well, and it still remains so. In the last two years I have used several dozen bottles of sanmetto in the treatment of various affections of the genito-urinary organs, and with the most gratifying results in every case.

North English, Iowa.

A REMARKABLE CASE OF INCONTINENCE OF URINE IN A CHILD.—Four months ago I treated a remark-

Prof. Keen says sponges should not be kept permanently in a bi-chloride solution, as it will corrode them

NEW YORK POLYCLINIC AND HOSPITAL

THE NEW YORK POLYCLINIC is the oldest post-graduate medical school in America, and was founded with the object of giving physicians who desire to keep abreast of an advancing science opportunities of studying clinically, and according to the latest scientific methods, *Medicine and Surgery in all departments*. The school is for graduates only, and practical instruction is given in every branch of the subject. *The Clinical Material for every Subject is abundant*, and Canadian physicians will find the opportunities for either general or special study far superior to those of London.

Practical Obstetrics, Clinical Microscopy, Pathology and Bacteriology are also taught. The regular session lasts from Sept. 25th to June 15th, and physicians can enter at any time. The Summer Session gives excellent opportunities for the personal observation of cases. Dr. A. R. Robinson (Toronto University), Professor of Dermatology, will give advice as to the best course to any Canadian physician desiring it.

... FACULTY ...

Surgery.—John A. Wyeth, M.D., R. H. M. Dawbarn, M.D., Wm. F. Fluhrer, M.D.

Medicine.—R. C. M. Page, M.D., W. H. Katzenbach, M.D., H. N. Heineman, M.D., J. Adler, M.D.

Gynaecology.—W. Gill Wylie, M.D., Paul F. Munde, M.D., Henry C. Coe, M.D., H. Marion Sims, M.D., Florian Krug, M.D., J. Riddle Goffe, M.D., W. R. Pryor, M.D.

Eye.—David Webster, M.D., W. B. Marple, M.D.

Rectum.—J. P. Tuttle, M.D.

Orthopaedic Surgery.—W. R. Townsend, M.D.

Ear.—Oren D. Pomeroy, M.D., J. E. Sheppard, M.D., R. C. Myles, M.D.

Throat and Nose.—D. Bryson Delavan, M.D., Jos. W. Gleitsmann, M.D., Morris J. Asch, M.D.

Diseases of Children.—L. Emmett Holt, M.D., August Seibert, M.D.

Diseases of the Skin.—A. R. Robinson, M.D., Edward B. Bronson, M.D.

Nervous Diseases.—Landon Carter Gray, M.D., B. Sachs, M.D.

Obstetrics.—Edward A. Ayers, M.D.

Intubation.—Dillon Brown, M.D.
