The Mackinnon Match, the new competition in volley firing, excited considerable interest. The match was between International teams, each consisting of ten men, the prizes of £20 and £10 to be awarded to the teams who, with five volleys fired at the 400 yards within one minute, succeeded in making the best score. England, Wales, Canada and Jersey competed. The match escaped the attention of the Scotch, and the Irish did not think it worth while to enter. England and Wales had only got off four volleys each when the minute expired. Canada and Jersey both fired five volleys. The English team, however, with their forty rounds made a higher score than Canada and Jersey obtained with fifty shots. Canada and Jersey protested on the ground that England, by only firing four volleys did not comply with the conditions. Soon after making the protest, Major Weston, on behalf of the Canadians, withdrew it in very handsome terms, remarking that the loss of an entire volley of the English Team was in itself a severe penalty, and that they having made the best score despite this circumstance, Canada had no desire to take a prize the Englishmen had so well won. The Jersey team, however, adhered to their protest, but the Council after hearing Colonel Burt and Quartermaster Gratwicke in reply, disallowed the objection made by Jersey (who were the lowest scorers in the shoot) and awarded the £20 to England, and £10 to Canada. The details of the shoot were as follows :

	Shots.	Misses.	Bulls.	Timers.	Mags.	Outers.	Tot.
England	40	7	7	6	10	10	109
Canada	50	15	6	4	6	19	102
Wales	40	11	4	5	5	15	85
Jersey	50	27	4	3	4	12	71

This competition took the place of the *Standard*, which the English Team won last year by 171 points. Colonel Mackinnon has generously intimated that he will next year renew his prize.

For the Kolapore Match there were representatives of the Mother Country, the Dominion of Canada, Guernsey, Jersey and India. Each team consists of eight men firing at 200, 500 and 600 yards with the Martini-Henry, seven rounds at each range. This interesting competition was instituted in 1871. The real contest has generally been between the

Canadian and the Mother Country teams. In the twenty one matches which have now been shot, the Canadian team has been victorious five times. Last year the Mother Country team—a very strong one—won with 704 points, Canada coming next with 676. This years' scores given below speak for themselves and show a close call for Canada. Our team has never yet been beaten by any other than that of the Mother Country, but on this occasion Guernsey was only one point behind :--
