

We take the liberty of sending the NORTHWEST REVIEW to many of our friends to whom we hope it will be acceptable, and to all it will be delivered at the very reasonable cost of \$2.50 per year. The reading matter of the NORTHWEST REVIEW is selected with care, and every paragraph will be found interesting. It will compare favorably with weekly papers of the Northwest and we believe it deserves a warm support, especially among Catholics. We trust our friends will help to increase the circulation of the NORTHWEST REVIEW by sending in their names with the subscription fee mentioned, to the office, corner of McDermott and Arthur streets, Winnipeg.

AGENTS WANTED.

CITY AND PROVINCIAL NEWS.

Mr. Grundy is also contesting Ward 5. He is very popular in the Ward and will make a worthy representative if elected.

Two wheat trains per day are reported to be leaving the city, each consisting of 20 cars making a total daily shipment of about 24,000 bushels.

The Victoria Ice Rink is now open and is well attended. Every comfort is afforded the patrons by the courteous proprietors, Messrs. Morris and Hunt.

It is understood that Mr. Alexander Mitchell, who purchased Manitoba wheat last winter for the Montreal Syndicate, will not operate here this season, but he is prepared to receive and dispose to the best advantage consignments of grain shipped to him at Montreal.

Mr. J. C. Lang, the Tonsorial Artist, Facial Operator, Cranium Manipulator, &c., &c., has opened up at No. 5 Portage Avenue, near Merchants Hotel; where his numerous friends are respectfully requested to make their periodical visits in future. Mr. Lang stands first among the knights of the razor.

Open doors will almost certainly prevail at the committee meetings of the next year's council. Three of the aldermen who opposed the motion last meeting of the council, and who will probably be at next year's board, will favor open doors, a system which, it is understood, is also favored by all the new men.

We call special attention to Mr. Radiger's advertisement, which will be found in another column. It is one of the oldest establishments in the city and is supplied with a stock of Wines, Liquors and Cigars that cannot be excelled. He makes a specialty of supplying families, and for the coming Holidays is offering special inducements. Those who intend to purchase goods in Mr. Radiger's line will profit by giving him a call.

The following is the order-in-council reserving the Banff lands: His Excellency, by and with the advice of the Queen's Privy Council for Canada, has been pleased to order and it is hereby ordered, that whereas near the station of Banff on the Canadian Pacific Rail way, in the Provisional District of Alberta, Northwest Territories, there have been discovered several hot mineral springs which promise to be of great sanitary advantage to the public, and in order that proper control of the lands surrounding these springs may remain vested in the Crown, the said lands in the territory including said springs and in their immediate neighborhood, be and they are hereby reserved from sale or settlement or squatting, namely: All of 13, 14, 15, 22, 23, 24, 25, 29, 27, 28, and those portions of sections 34, 35, and 36, lying south of Bow River, all in Township 25, in Range 12, west of the 5th Meridian.

REPORTS OF GOVERNMENT CHEMISTS

As to Purity and Wholesomeness of the Royal Baking Powder.

"I have tested a package of Royal Baking Powder, which I purchased in the open market, and find it composed of pure and wholesome ingredients. It is a cream of tartar powder of a high degree of merit, and does not contain either alum or phosphates, or other injurious substances. E. G. LOVE, Ph.D."

"It is a scientific fact that the Royal Baking Powder is absolutely pure. H. A. MOTT, Ph.D."

"I have examined a package of Royal Baking Powder, purchased by myself in the market. I find it entirely free from alum, terra alba, or any other injurious substance. HENRY MORTON, Ph.D., President of Stevens Institute of Technology."

"I have analyzed a package of Royal Baking Powder. The materials of which it is composed are pure and wholesome. S. DANA HAYES, State Assayer, Mass."

The Royal Baking Powder received the highest award over all competitors at the Vienna World's Exposition, 1873; at the Centennial, Philadelphia, 1876; at the American Institute, New York, and at State Fairs throughout the country.

No other article of human food has ever received such high, emphatic, and universal endorsement from eminent chemists, physicians, scientists, and Boards of Health all over the world.

NOTE—The above DIAGRAM illustrates the comparative worth of various Baking Powders, as shown by Chemical Analysis and experiments made by Prof. Schedler. A pound can of each powder was taken, the total leavening power or volume in each can calculated, the result being as indicated. This practical test for worth by Prof. Schedler only proves what every observant consumer of the Royal Baking Powder knows by practical experience, that, while it costs a few cents per pound more than ordinary kinds, it is far more economical, and, besides, affords the advantage of better work. A single trial of the Royal Baking Powder will convince any fair-minded person of these facts.

* While the diagram shows some of the alum powders to be of a higher degree of strength than other powders ranked below them, it is not to be taken as indicating that they have any value. All alum powders, no matter how high their strength, are to be avoided as dangerous.
