**Nursing Her Dying Child Her Health Gave Way.**

*Anæmia, Followed by Neuralgic Pains Racked Her System—Her Friends Feared That She Could Not Recover.*

From the Enterprise, Bridgewater, N. S.

Mr. and Mrs. James A. Diehl, who live about one and a half miles from Bridgewater, are highly esteemed by a large circle of friends. Mrs. Diehl has passed through a trying illness, the particulars of which she recently gave a reporter of the Enterprise, as follows:—"In the spring of 1896 my health gave way. In addition to my ordinary household duties I had the constant care day and night of a sick child. In the hope of saving my little one, it did not occur to me that overwork, loss of sleep and anxiety were exhausting my strength. Finally my child passed away, and then I realized my physical condition. Shortly after I was attacked with neuralgic pains in the shoulder which shifted to my right side after three weeks and settled there. The pain in my side grew worse and after a few days I became unable to leave my bed. In addition to my bodily trouble I became melancholy and was very much reduced in flesh. My friends regarded my condition as dangerous. I remained in bed several weeks; to me it seemed ages. It is impossible to describe the agonies I suffered during that time. A skilful physician was in constant attendance upon me. He said mine was the worst case of anæmia and general neuralgia he had ever seen. After some weeks he succeeded in getting me out of bed and after a few more weeks I was able to do some light household work. But I was only a shadow of my former self; my appetite was very poor and that maddening pain still clung to my side and also spread to the region of the heart and lungs, darting through and about them like lances cutting the flesh. Every few days I had to apply croton oil and fly blisters to my chest, and had a bad cough. My friends gave up, thinking I had consumption. I, too, really thought my end was near, fearing mostly that the pains about my heart might take me off any day. During all my illness I had never thought of any medicine other than what my doctor prescribed. It happened, however, that in glancing over the Enterprise one day my eye fell upon the statement of a cure made by Dr. Williams' Pink Pills. The case resembled mine in some respects. I read and re-read the article. It haunted me for several days notwithstanding I tried to dismiss it from my mind. At last I asked the doctor whether he thought these pills would help me. He looked at me a moment and then remarked "well, perhaps you had better try them. I believe they do work wonders in some cases and if they do not cure you they

will certainly do no harm." That remark opened to me the door of life, for had he said "no" I should not have used the pills. When I had used two boxes I began to feel better, my appetite improved and there were less of those pains about the heart and chest. The cough too was less severe. I kept on till six boxes more were taken and to make a long story short, I was myself again, appetite good, spirits buoyant, pains gone and I could do my own work with comfort. I have been well ever since and have no doubt that Dr. Williams' Pink Pills saved my life, and restored me to my family. I am ever ready to speak their praises and in my heart an ever invoking God's blessing upon their discoverer.

Rheumatism, sciatica, neuralgia, partial paralysis, locomotor ataxia, nervous headache, nervous prostration and diseases depending upon humors in the blood, such as scrofula, chronic erysipelas, etc., all disappear before a fair treatment with Dr. Williams' Pink Pills. They give a healthy glow to pale and sallow complexions and build and renew the entire system. Sold by all dealers or sent post paid at 50c a box or six boxes for \$2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont. Do not be persuaded to take some substitute.

**RAIN THAT PAID.**

Mr. Comeau, of St. Jean Baptiste, has reason to bless the recent rainy weather. He reaped four thousand bushels of wheat from a quarter-section (160 acres), a yield of twenty-five bushels per acre. When he hauled his fine crop to the elevator the price offered him was 48 cents a bushel, but on account of the rain he did not call for his cheque that day. The rain kept coming down, off and on, for 36 hours. During that day and a half the price of wheat went up six cents. Now six cents a bushel was precisely the price he had paid for getting his wheat threshed. So, when, after the 36 hours' rain, he came to the elevator to receive his cheque, he was delighted to find that the delay caused by the rain had just recouped him for his threshing outlay. He was paid 54 cents a bushel.

Now-a-days nearly every woman rides a bicycle. The majority of these who do not, have failed to compass their difficulties because of nervousness. Many women after taking innumerable lessons, and trying vainly to conquer the wheel for weeks, have finally given it up as a hopeless task for this one reason:—nearly every instance severe nervousness in women may be traced to weakness and disease of the delicate and important organs distinctly feminine. No other class of disorders so torture a woman's nerves or break them down so quickly and effectually. Dr. Pierce's Favorite Prescription is a sure, speedy and permanent cure for all troubles of this description. It acts directly on the sensitive organs concerned, making them strong, healthy, vigorous and elastic. It allays inflammation, heals ulceration, soothes pain and tones and builds up the nerves. It stops exhausting drains. It banishes the indispositions that precede maternity and makes baby's advent easy and almost painless. It insures the little new-comer's health and an ample supply of nourishment. It transforms weak, nervous invalids into strong, healthy, nerve-steady women. Thousands have testified to its marvelous merits. An honest dealer will not offer a substitute.

"My wife was troubled with female weakness for several years," writes James Caswell, Esq., of Ocheltrieb, Johnson Co., Kans. (P. O. Box 61). "She had bearing-down pains and pain in back. Her periods were irregular, she would have fainting spells, the best doctors did her no good. By the time my wife had taken four bottles of the 'Favorite Prescription' she was completely cured. No more pain. Her monthly periods are regular, she is stout and strong. When she commenced taking your medicine she weighed about 125 pounds—now she weighs 160 pounds."

Send 31 one-cent stamps, to cover cost of customs and mailing only, to the World's Dispensary Medical Association, Buffalo, N. Y., for a paper-covered copy of Doctor Pierce's Common Sense Medical Adviser;—Cloth binding 50 cents. A whole medical library in one 1000-page volume.
