Services

AIR POLLUTION CONTROL
HAZARDOUS WASTE
MONITORING
NOISE POLLUTION CONTROL
OIL SPILL

Analytical Services
Audits/Assessments
Computer Management Systems/
Software
Consulting Services:
Energy Planning
Engineering
Geological & Petroleum Engineering
Management
Pulp & Paper
Data Acquisition/Processing
Effluent Bio-Assays
Energy Management Systems
Energy Recovery
Engineering & Construction
Geophysical Services
Geotechnical Studies
Groundwater Exploration & Development
Groundwater Monitors
Hazardous Material Management/Services
High-Tech Surveying, Integrated Systems

RECYCLING
RESOURCE MANAGEMENT
SITE RECLAMATION
SOLID WASTE
WATER & WASTEWATER

Hydraulic Modelling And Research
Information Management Systems
Infrastructure Design
Inspection Materials
Inspection, Soil
Instrumentation Systems
Multi-Disciplinary Services
Noise Control
Pilot Plants For Process Research
Pollution Abatement Services
Project Management Services
Public Works Engineering
Pulp & Paper Engineering/Technology
Remediation Services
SCADA Systems For Remote Monitoring
& Control
Site Clean-Up Management
Site Inspection
Spill Monitors
Wastewater Treatment Services
Water Pollution Control

Company/Product

Wardrop Engineering Inc. is a Canadian company, privately owned by the managing directors and principals, most of whom are practising professional engineers. The company was founded in 1955.

Wardrop Engineering Inc. is actively engaged in projects across Canada and throughout the Developing Nations. The company transfers knowledge from the researcher to the workplace by applying advanced technology to the traditional fields of civil, structural, mechanical, electric control & instrumentation, chemical, public works, hydrotechnical, geotechnical, environmental and transportation engineering. The firm is also active in the fields of aerospace and space systems engineering, biomass, nuclear safety, computer modelling and robotics, and offers a full range of planning services. The company has undertaken numerous projects in the environmental sector, mainly in the treatment of municipal and industrial waste and in the recovery of chemicals, by-products, water, and energy.

Wardrop's International markets include rural water supply, community development, project preparation, urban water supply and sewage, hydrogeology, environmental, and transportation. Canadian markets include aerospace, defence, nuclear, mining, pulp and paper, petrochemical, transportation, public works, and hydroelectric.

Current Geographic Marketing Activities

Wardrop's International Division was started in 1968. Most international projects have been urban and rural water supply projects, supported by such international funding agencies as the Canadian International Development Agency, the World Bank, and the Asian Development Bank in Pakistan, Nigeria, and Ghana. The company is actively pursuing international projects in the environmental sector. The International Division is based in Winnipeg, with most of its staff assigned to specific projects overseas.
