Dear Sir. Arthur. Currier

My Neighbour & Friend Says that
A. Lincoln Never Was a Nail Splitter Commercially My Neighbour
Says - Nails - Around him - for the Stars to Keep him Warm -
- he Says he Was a Lined. Farmer & soon found out that
Law & Feeling the people Was More Numerous of Enrich Many
than Nail Splitting - this Man Says he Was a Cruel - Front -
in Many Ways Says that he Slashed to death 40,000 or more
of the Southern Army in Andersonville. Georgia & that act
alone Was. Inhuman. & Incalled for that he got all that

Was Learning his way what way? dont. Men
Apart. from. that I Believe he Was a Democrat at Thinking
& Trying to it - the Average Americans are as far away
from his Teachings as they are from the Teachings of Christ - as
we are in Canada. Now. therefore there are no Democracy in
Neither Countries as pictured by Jesus - Burns & Lincoln
the only Justice & Equality is with the dead in N. America -
with the exception of the Slave of the Tomb. Shows that
is. the difference political Educator means to make politics
their Religion - Well they dont do that the Churches will see to it
that part of it dont come through you can let a few dollars
in. that - if even Canada has broken friendship it will be
planned for Big interests I Believe this True - Sincerely yours
J. L. Currier
