Sir Arthur Currie,
Principal, McGill University,
Sherbrooke St., West,
Montreal.

Dear Sir,-

I take this means of availing myself of your offer, made at the Y.M.C.A. night-classes to a certain group; in which you challenged any pupil to write a letter to you; and further stated that no letter so sent would go unanswered.

I may say that I am taking the Y.M.C.A. course in the hope that, at some future date, I will matriculate and so have the opportunity of entering McGill.

I am 15 years old, and, although it may seem impudent to write in this manner, I allow myself to hope for a suitable reply.
