HUNDREDS JOIN

COLORS IN THREE DAYS

Sixty-One Enlistments for Overseas Service in Toronto Yesterday.

MANY FOUND TO BE UNFIT

More Men Offered Than the Numbers Accepted Would Seem to Indicate.

Regimental numbers for the overseas service, which Ottawa is almost daily authorizing, are gradually approaching the "300" mark. Two overseas regiments, authorized yesterday, the 13th and 14th, are the latest to be authorized. The 13th will have headquarters at Nipissing and Sudbury, and the 14th at Ottawa.

There were 61 enlistments yesterday. They brought the total of men accepted for the colors during the first half of the week up to 240. More men applied to join the overseas forces yesterday than the enlistment total would indicate. Many of those who offered themselves failed to pass on account of defective eyesight or flat feet.

Visit By the Duke.
The visit of His Royal Highness the Duke of Connaught will be a big event at the Exhibition Camp today. The duke is expected to arrive by special train from Hamilton at 2.30 p.m. In addition to inspecting Exhibition Camp and the various buildings, the duke will be accompanied by the 14th Battalion, which is now at the camp. The duke will also be accompanied by the 14th Battalion, which is now at the camp.

Entertained Soldiers.
The North Toronto merchants entertained the soldiers of the 14th Battalion at a dinner at the Hotel Hamilton last night. The dinner was given by the merchants of the hotel, and was a very successful one. The soldiers were very much pleased with the dinner, and the merchants were very pleased to have the soldiers at the hotel.

How Thin People Can Put on Flesh

Thin men and women—those big, hearty, rolling dinner you ate last night. What became of all the fat-producing nourishment contained in it? You haven't gained weight one ounce. That food passed through your body like unburned coal through an open grate. The material was there, but your food doesn't work and stick, and the plain truth you hardly get enough nourishment from your meals to pay for the cost of cooking. Your nutritive organs, your functions of assimilation, are probably sadly out of gear and need repair.

Out out the foolish foods and funny weird diets. Cut out everything but the made you are eating and eat with every one of those single Sargol tablets. In two weeks note the difference. The acid in the Sargol tablets will aid right good solid pounds of healthy, "staying" flesh. The Sargol tablets will stimulate your blood, strengthen your system, and give you the best of health. The Sargol tablets are a careful combination of the best assimilative elements known to chemistry. They are known to be an absolute guarantee of weight increase and health. They are known to be an absolute guarantee of weight increase and health. They are known to be an absolute guarantee of weight increase and health.

Official tactical manoeuvres yesterday in the district northwest of the city. Toronto was supposed to be in a state of siege, awaiting attack from the khaki forces advancing from the east, under the command of Major R. C. Pellett, and consisting of three companies of the 83rd Battalion. The city defences extended from the east filter to the west, and the tactics were advanced post east of Todmorden.

A convey of rations was supposed to be moving to the advanced post, east of Todmorden, and the 83rd Battalion, under command of Capt. A. W. Hadden, the manoeuvres centred around the attempt of the convey to reach Todmorden. The tactics were advanced about four hours. Lieut.-Colonel Pellett, Major J. S. Campbell and Capt. J. R. McGowan were the umpire staff.

The Q. O. R. paraded last night under command of Lieut.-Colonel R. C. Pellett. The parade was a very successful one, and the soldiers were very much pleased with the parade. The parade was a very successful one, and the soldiers were very much pleased with the parade.

Major-General F. L. Lessard and Colonel L. C. Blissett, G. S. O., were in Hamilton yesterday inspecting the 86th Machine Gun Battalion.

In Charge of Convalescents.
Lieut.-Colonel H. B. Henderson and Lieut.-Colonel H. A. Bruce of the A.M.C., are to be the medical and surgical doctors in charge of the Military Convalescent Home on College street. The treatment of the returned soldiers, in order to restore them to normal health, commenced yesterday.

Recruiting is falling fast and we shall have to take steps to stimulate it," said Major Le Grand Reed of the 14th Battalion. He pointed out that there had been a very disappointing drop in enlistments during the last two weeks. To be satisfactory, he said, the enlistments should total around 100 a day. The depot could handle 400 a day.

Over 250 men from the base battalion this morning for the Royal Grenadiers overseas unit.

Col. Logie, divisional commandant, is arranging to have daily route marches through the city streets, with a view to recruiting the various battalions at the camp marching in rotation. The marches may start this week.

The doctor has found a new use for the X-ray. This is when examining recruits for active service. For instance, a recruit may appear just slightly convalescent. By using the X-ray all doubt is removed. A recent applicant for enlistment appeared all right except for a defect in his breathing. When the X-ray was used it was found that both of his lungs were badly affected with tuberculosis.

Given Military Funeral.
Pie. Harry Shabaker, the member of the 95th Battalion who died a few days ago from heart disease, was buried in Norway Cemetery, 260 men of the 95th marching in the funeral procession from St. Monica's Church, where the rector, Rev. Robert Gray, conducted a special service.

Beware of Fake Baking Powder Tests

Unscrupulous manufacturers of baking powder, in order to sell their product, sometimes resort to the old game of what is known as "the glass test." In reality it is a test all right, but in cases where the prospective buyer does not understand that the so-called "test" is a fake, pure and simple, the salesman is sometimes able to make him believe it shows conclusively that the so-called baking powder he is selling, and which of course contains egg albumen, is superior to other brands which do not contain this ingredient.

Bulletin No. 21, issued by Dairy and Food Bureau of the State of Utah, reads as follows:—

"The sale in the State of Utah of baking powders containing minute quantities of dried egg (albumen) is declared illegal. The albumen in these baking powders does not actually increase the leavening power of the powder, but by a series of unfair and deceptive tests such powders are made to appear to the innocent consumer to possess three or four times their actual leavening power."
