

THE UPLANDS

THE CHOICEST RESIDENTIAL DISTRICT ON THE PACIFIC COAST

UPLANDS presents a masterpiece in landscape designing and scientific combination of community utilities. There are in all 465 acres, of which 375 acres are utilized as lots for residences of the highest class, the remainder of the ground being devoted to streets, boulevards, parks and garden spaces.

The centre of the property is situated three miles from the Victoria City Hall.

UPLANDS typifies the Ultimate of Residential Excellence in America

All light wiring within the property is laid underground. Perfect sewer and water systems have been installed. The streets all conform to the natural curvature of the ground, have 24-foot asphalt roadways, 5-foot cement walks and 66 feet of width devoted to boulevards and garden spaces, all illuminated by standard ornamental electric lamps.

Further details, including prices, maps, etc., will be furnished on application to the undersigned
