

Autumn. **SEPTEMBER** begins on Sunday.

The warm sun is failing; the bleak wind is wailing,
The bare boughs are sighing, the pale flowers are dying,
And the year
On the earth her deathbed, in a shroud of leaves dead,
Is lying.

Come, months, come away,
From November to May,
In saddest array;
Follow the bier
Of the dead cold year;

And like dim shadows watch by her sepulchre.
