CONCESSION OF \$1 A TON. Rebellion Started Against Restricting Competition in Steel Trade.

NEW YORK, Dec. 25.—The rebellion in the steel trade last week against the policy of restricting competition and maintaining rigid prices was expressed in concessions of \$1 per ton or more in prices of steel bars, structural shapes, plates and sheet piling by some of the independent interests in the interior, and by exceptionally low prices in fabricated steel in the eastern territory. The holiday spirit, however, was against any important expansion in business.

NO UNDUE CONCESSIONS. Government Says La Patrie Will Not Yield Unduly to Westerners. MONTREAL, Dec. 26.—(Special.)—La Patrie referring to the statement of a Toronto paper to the effect that the minister of finance would make undue concessions to the farmers of the west, says: "No doubt the federal government desires to be agreeable to the farmers of Western Canada, but it is quite certain that they will not be allowed to secure the general prosperity of a nature to compromise the interests of the other sections of the Dominion. The government realizes well enough that it would go to pieces if it were to concede the general prosperity of the Canadian people, simply to serve certain western groups and the great American enterprise, Canada for the Canadians," said Mr. Pelling and Mr. Paterson can have no other device.
