

HAMILTON HAPPENINGS

BOY MIGHT NOT HAVE BEEN KILLED IF FENDER HIGHER

Motorman Had Not a Clear View of the Track—\$1500 For Loss of an Arm.

HAMILTON, March 22.—(Special.)—There were two inquiries to-night. The first one was on the death of Bessie Clark, the 18-year-old girl whose funeral was stopped last Saturday afternoon by the crown-attorney, owing to rumors of a coroner's inquest into the nature of her death. The jury met to-night under Coroner Griffin and adjourned for a week, as the police court was being occupied by the inquest into the death of Richard Smith, the boy killed by a street car on the night of the 21st. The inquest will be held on Wednesday morning. Coroner Anderson presided at the latter investigation, and the jury returned a verdict to the effect that if the fender on the car had been low enough and if the motorman had had a clear view of the track, the accident might have been avoided. It also recommended that the sides of the cars between the tracks should be protected. The crew of the car was exonerated of all blame. The public library board this afternoon further considered the tenders for the new library, and found them within the estimate. They will have to submit them to Andrew Carnegie for approval before accepting any of them.

At the session this afternoon the jury in the action of Crane v. the Laidlaw Engraving Co. awarded the plaintiff \$1900 damages for the loss of an arm in a press. The action of C. C. Baird against The Times Printing Co. for libel was laid over until tomorrow.

The controller of the Hamilton Ministerial Association, decided today to join with the cemetery board in doing everything possible to discourage Sunday funerals. They began by jumping the price of funerals held on that day, with the exception of those of contagious diseases. They returned to Roxborough-avenue and came over to Yonge-street at the same high speed. Then they ran down the main thoroughfare of the city at a speed of 17 miles per hour.

The chief and the members of the fire and light committee were delighted with the test which was made using the most adverse conditions, as the roads were about as greasy and slippery as they ever are.

Among those present from outside points who enjoyed the run, were Ald. Ashplant and Fire Chief Altken of London; Mayor Lees, ex-Mayor McCann, Secretary of Waterworks James, Ald. Clarke and Ald. Gardner of Hamilton; Mayor Stahler, Ald. Pearce and Ald. Bethel of Brantford; Mayor Thorpe and Fire Chief Pink of Guelph.

FRONT-STREET BRILLIANT WITH HYDRO LIGHTING

Street Effect Was Striking Last Night.

Bit by bit Chief Electrical Engineer Kenneth L. Aitken is getting the streets of the city illuminated with hydro-power. The cluster lights on Front-street between Yonge and Simcoe-sts. are the latest to be turned on. They were used for the first time last night and Front-st. for this section was illuminated in a manner such as never before on both sides of the street was burning, and barring the bill boards and a few unsightly corners which would be better enshrouded in darkness, the thoroughfare presented a scene which would rival the gay white way of the American metropolises for brilliancy.

Instant Relief for Sore Feet

Sore Feet, Tender Feet and Swollen Feet—Cured Every Time. TIZ Makes Sore Feet Well. No Matter What Ails Them.

ASHAMED OF THEMSELVES. MONTREAL, March 22.—An official apology from the student body of McGill will probably be tendered to Hon. Mr. Sifton for the indignities to which he was subjected on Monday night by the rowdy element of the undergraduates. A memorial is being circulated in the university and largely signed.

Asked actions for damages amounting to \$1400, including the cost of the carriage which was burned, may also add to the discomfort of the students, and somebody will have to pay. About a dozen students will be made the defendants. It is stated.

G. Y. R. Settled Claim. Charles P. Bagwell, a brakeman of the Grand Trunk, entered an action against his employers yesterday for damages resulting from a fall from a car in the yard. Before the suit was started, however, a settlement was made privately for \$400.

Georges at Falls Contribute. NIAGARA FALLS, Ont., March 22.—(Special.)—At a meeting of Georges of the city, another link was put in the chain that has for its object the presentation of a coronation gift to King George from his Canadian namesakes. Mayor Doran presided.

Mrs. G. W. Harrington, 44 Walker-avenue, will receive to-day, and not again this season.

AUTO HOSE WAGON CAN TRAVEL AT BRISK CLIP

Impressive Demonstration Given Visiting Fire Chiefs and Aldermen.

There was another test of the new combination chemical hose motor wagon of the style Chief Thompson wants the city to adopt yesterday afternoon. There were a number of officials from London, Brantford and Guelph present, as those municipalities are contemplating putting in a particular style of fire-fighting apparatus.

At 2:30 o'clock Chief Thompson's big auto started in front of the Adelaide-street hall with the 80 horsepower wagon in close pursuit. Ald. Sweet's car, and Ald. Hillier's car, were following the chief's car, and Ald. Yeomans followed the hose wagon in his own car at a speed which would call for an investigation before a magistrate if he returned to the city on a city business. The new fire fighting vehicle were the representatives of the three outside cities to the number of 10 with the driver and the local representative of the manufacturer in addition.

The procession turned up York-street at 2 1/2 miles per hour clip, and the speed was increased to 40 miles per hour on University-avenue. The legislative buildings looked like a blur on the map as they swept thru Queen's Park, and on they rolled up Avenue-road, taking the hill at the head of that thoroughfare at a mile clip. They returned to Roxborough-avenue and came over to Yonge-street at the same high speed. Then they ran down the main thoroughfare of the city at a speed of 17 miles per hour.

The chief and the members of the fire and light committee were delighted with the test which was made using the most adverse conditions, as the roads were about as greasy and slippery as they ever are.

FOUND SELLING SILVER ORE.

Henry A. Jones, a temperance hotel-keeper of Cobalt, Ont., was arrested in West Queen-street yesterday afternoon by Detective Guthrie, charged with having silver ore in his possession, contrary to the provisions of the statute. He was attempting to dispose of about 20 pounds of bullion worth \$125, and his explanation of how it came into his possession did not satisfy the officer. He is held at the Court-street station.

Front Street Brilliant With Hydro Lighting

Street Effect Was Striking Last Night.

Bit by bit Chief Electrical Engineer Kenneth L. Aitken is getting the streets of the city illuminated with hydro-power. The cluster lights on Front-street between Yonge and Simcoe-sts. are the latest to be turned on. They were used for the first time last night and Front-st. for this section was illuminated in a manner such as never before on both sides of the street was burning, and barring the bill boards and a few unsightly corners which would be better enshrouded in darkness, the thoroughfare presented a scene which would rival the gay white way of the American metropolises for brilliancy.

POSTMORTEM DISCUSSION OF ST. PETER'S RESERVE

"Reeking With Dishonesty," Mr. Bradbury Declares — Indians "Better Off," Says Oliver.

OTTAWA, March 22.—(Special.)—The principal item of interest in the house of commons to-day was a post mortem discussion by Geo. H. Bradbury (Selkirk) on the sale of St. Peter's Indian reserve in Manitoba, which was aired in parliament last year. Mr. Bradbury introduced the matter as amendment to the motion to go into committee of supply, asking for a royal commission to investigate the matter. The amendment was finally lost on division.

Mr. Bradbury's criticism of the department of Indian affairs was severe and trenchant. The St. Peter's Indians had been the first to see the advantages of the white settlers. They were loyal to the crown during the Red River rebellion, at Fish Creek, and had plotted to aid the rebels. They were General Gordon. He described the transactions as "reeking with dishonesty" and made a plea for British justice, and argued that the Indians had no voice in the matter. Mr. Bradbury declared that bribery had been practiced to the extent that the Indian department was "reeking with dishonesty." He stated that the Indians were not a question of politics, as the Indians had no votes. Mr. Bradbury declared that bribery had been practiced to the extent that the Indian department was "reeking with dishonesty."

Thrown to the Wolves. Mr. Bradbury drew a vivid picture of the loyalty of this band of Indians to the British people. Yet in return for their services they had been thrown to the wolves by this government. He described it as one of the most racially treacherous acts of the Indian department. The minister was afraid to let daylight in on it.

He denied that there had been any attempt made to bribe the Indians. There was no reason for enquiring because all the facts in connection with the sale of the reserve had been laid before the house. The department had nothing to conceal and he did not apologise for, and he felt entitled to ask the house to refuse to assent to the request of the member for Selkirk, on the merits of the transaction.

Mr. Oliver said that it was a good thing for the Indians that they had been removed. Contact with civilization and the white man had not been a good thing for them, and they were no good men as they were 40 years ago. They would be better off if they were better in their new surroundings.

The minister of the interior had some sport at the expense of the member for Selkirk by saying that the house was under some disappointment at having to listen to his speech, which had previously been reported in Winnipeg paper. The speech was made up of such "unwarranted misrepresentations" that the government would have to be satisfied with the results, motives and intentions, that the tendency was to prevent the proper progress in future with similar cases.

Charges Bribery. W. W. Crothers (West Elgin) supplemented his vigorous arraignment of a year ago by another arraignment of the government. He charged the administration with playing upon the instability, simplicity and improvidence of the Indian, and said that Frank Pedley, superintendent of Indian affairs, had virtually gone to the St. Peter's reserve, and there had been open-ended contempt for the rights of those Indians.

Hon. G. E. Foster said he was surprised that the government had no disposition to reply to the charge that the surrender had not been legally executed. He declared that the officials of the department had displayed either utter carelessness to the rights of the Indians, or that there had been open-ended knowledge that the Indian was being disposed for the benefit of the speculator.

C. J. Doherty (St. Anne's, Montreal) declared that he would have remained silent were it not that the sublime indifference of the minister of the interior, as to whether the sale had been legal, had impelled him to enter into the discussion. The minister had not asked the department of justice for a legal opinion on the question, and said Mr. Doherty, it was not an exaggeration to say that Mr. Oliver had shown contempt for the rights of those Indians.

The Color Line. A. H. Clark (North Essex) drew the attention of the minister of the interior to the report that a party of negroes had been denied entry into the water holes of the public lands. He stated that if such reports were true, he would demand a serious and prompt investigation, because the negroes were the most loyal citizens of the Dominion.

MR. JUSTICE GIROUARD DIED FROM INJURIES

An Eminent Member of Supreme Court Bench—An Author of Note.

OTTAWA, March 22.—Mr. Justice Girouard, senior judge of Canada's supreme court, died here this morning, from injuries received over a week ago in a runaway accident.

The late Hon. Desire Girouard, who sat on the supreme court bench since 1895, was born at St. Timothee, in the Province of Quebec, on July 7, 1836. He was a descendant of Antoine Girouard of Montouillon (Allier), France, private secretary to Gov. de Ramezay, Montreal, 1730. He married first in 1862, Mathilde Prast; second, in 1869, Essie Cranville, and third, in 1881, Edith Beatty. He leaves three sons and four daughters. He was educated at McGill and L.L.D. of Ottawa University. He practiced at the Montreal bar from 1860 to 1865, was made Q.C. in 1876, and was elected M.P. in the Conservative interest for Jacques Cartier, serving from 1876 to 1896. While a member of

JUDGE GIROUARD Of the Supreme Court of Canada, who died yesterday as the result of injuries sustained in a runaway accident.

The Dominion house was chairman of the Privileges and Elections Committee for 14 years. One of his notable achievements in parliament was the carrying of the deceased wife's sister bill in 1882, a supplement was produced jointly with his son, Desire H., and in 1889 and following years, a series of historical essays, which in 1892 were embodied in a volume, "Leake St. Louis," etc., translated from the French by his son, Desire H., for which he received the confederate medal in 1892. In 1902 a supplement was produced, and in 1903 an enlarged edition of the same in English.

One of the sons of the late judge is Lt.-Col. Sir Edouard Percy Cranville Girouard, the eminent military engineer who built the railway which transported Kitchener's army over the desert of the Sudan, enabling the British troops to reach and smash the Mahdi's army at Khartoum, and who again, under Kitchener, was director of railways in South Africa from 1899 to 1902.

Y.M.C.A. Excursion to Buffalo, Saturday, \$2.10, C.P.R., 1.15 p.m. Train.

The Central Y.M.C.A. is running an excursion to Buffalo on the 1.15 p.m. C.P.R. train, Saturday, March 25, at \$2.10. Tickets are good returning all trains Saturday, Sunday and Monday, and may be obtained from the committee or from any of the C. P. R. Toronto offices, or South Parkdale station. City ticket office, 15 King-street east. Phone Main 6580. 3456

SCHEME OF MODERATE REFORM. LONDON, March 22.—Lord Selborne made a notable speech in Glasgow last night on the reform of the house of lords, in which he outlined the plans of the Unionist party for making the upper chamber a more effective assembly and one which will represent more adequately the feeling of the electorate.

Smuggling by Aeroplane. GENEVA, March 22.—The first attempt to use the aeroplane for smuggling will likely result in the death of an Italian aviator named Smergolo. He is in Geneva Hospital to-day with both legs and his collarbone broken, and suffering from exposure to the cold.

Forged Officers' Names. KINGSTON, March 22.—(Special.)—Sgt. Harrison of the Canadian Permanent Army Service Corps, found guilty of forgery, was sentenced to one year at hard labor in the Central Prison, and dismissed from the service. He forged the names of the officers to check for different amounts.

Ice on Bay Breaks Up. The ice in the bay is turning black, a sign that it is breaking up, said the
