#### AUTOISTS NOT TO BLAME FOR WM. HANCOCK'S DEATH

Machines Were Not Over-Speeding  
So Evidence at Inquest Showed.

The secretary of the Ontario Motor League states that the New York law requiring motorists from Ontario entering New York State with automobiles to have a New York license is being strictly enforced. One Ontario motorist who crossed the border at Niagara Falls without license was summoned to the police court at Niagara Falls, New York, and fined \$50 because he did not have a New York license. The New York State authorities will not accept an Ontario license because the province of Ontario requires every motorist from the United States to take out an Ontario license when crossing into Ontario.

If Ontario were to grant reciprocity in this respect the New York law provides that Ontario motorists might enter without securing a New York license.

The New York law is much higher than Ontario, ranging from \$5 to \$25 according to the horse power of the car.

Ontario Motor League has petitioned the Ontario Government to provide reciprocal arrangements in this respect, but the present law can only be changed by act of the legislature.

The same rule applies to cars entering Michigan from Ontario, as the Michigan license may be obtained at the border, whereas the New York authorities provide no facilities for the issuance of licenses at the border, and a great deal of inconvenience to Canadian motorists has resulted thereby.

**Succession Duties Increase.**  
The succession duty revenue for the province during June amounts to \$22,315.55, as compared with \$17,575.15 during June 1910. The 1911 revenue received during the year in succession duties up till June 30, is \$692,570.91, as compared with \$378,085.17 during the first six months of 1910.

Yes, said the young wife proudly, "I have always given something expensive when he makes presents."

"So I discovered when he gave you away," rejoined the young husband, "that's why."

"Hello, Binkins, how is that assembly car you got last season doing?" said Barry.

"I can't do it," sighed Binkins. "It struck a tank-you-mum up in Maine the other day and the assembly car journeyed since then. I tried to get it together again, but after a three hours search I found it had been sold to a present, and quit."
