### SUMMONS WERE NO GOOD.

So the Buckingham Strikers Are Released.

OTTAWA, April 30.—All the summonses in the case of the Buckingham fatal riot charges were this morning declared void. They were issued without a seal being affixed thereto. This technical objection was brought up yesterday and Judge Talbot now declared the service null and void under Quebec laws. The strikers are therefore released under this ruling.

**Shot Next Door Neighbor.**  
NEW YORK, April 30.—At Corona, L.I., this afternoon, Mrs. Henry Krelle, 65 years old, was shot and instantly killed by her next door neighbor, Louis Roedner, aged 55. Roedner then shot himself.

The crime was due to a long-standing quarrel.

**Stove Factory Burned.**  
LORAIN, O., April 30.—Fire of unknown origin last night destroyed the plant of the National Stove Company. The loss is estimated at \$200,000. Four hundred men are made idle by the fire.

### How Good Food may Turn to Poison.

**D**ECAY is not digestion, you know, even when it takes place in the stomach.

Food decayed in the body after being eaten is as dangerous to health as food decayed before being eaten.

Food nourishes or poisons, just according to how long it remains in the bowels undigested.

Most of the Digestion occurs in the thirty feet of intestines.

They are lined with a set of little mouths, that squeeze Digestive Juices into the Food eaten.

The intestines are also lined with millions of little suction pumps, that draw the Nutrient from Food, as it passes them in going through.

But, when the Bowel-Muscles are weak, the Food moves too slowly to stimulate the little Gastric Mouths and there is no flow or too little flow of Digestive Juice, to change the food into nourishment.

Then, the food decays in the Bowels, and the little suction pumps draw Poison from the decayed Food, into the blood, instead of the Nutrition they should have drawn.

Now, Cascarets contain the only combination of drugs that Stimulates these Muscles of the Bowels and Intestines just as a Cold Bath, or open-air Exercise, stimulates a Lazy Man.

Cascarets therefore act like Exercise. They produce the same sort of Natural result that a Six Mile walk in the country would produce without any injurious Chemical effect.

The Vest Pocket Cascaret Box is sold by all Druggists at Ten Cents.

Be sure you get the genuine, made only by the Sterling Remedy Company, and never sold in bulk. Every tablet stamped "CCC."

## COMMISSION FOR HARBOR BUSINESS MEN SUGGEST

Needs of Waterfront and Bay Discussed by Deputation and Board of Control.

The creation of a commission of three members, one appointed by the Dominion government, another by the Ontario government, and a third by the city council, to report on Toronto harbor problem, was the proposition laid before the board of control by a deputation of prominent business men yesterday.

The visitors included R. C. Steele, president of the board of trade, and J. T. Matthews, vice-president, Dominion Marine Association; M. J. Haney, president of the Toronto Improvement Society; W. C. Phillips, and Assistant Secretary H. D. Scully, of the C.M.A., and E. M. Town, secretary of the Retail Merchants' Association.

It was recommended that the proposed commission should be empowered to engage competent engineers, and to be generally placed in a position to prepare an exhaustive report on the requirements of the harbor and prepare a comprehensive plan for solving the city's entire waterfront problem, including Ashbridge's Bay improvement; the city to bear all the expense involved. Endorsement of the project by all the most interested organizations of the city was obtained.

**Plan Approved.**  
A letter approving of the plan was shown. It bore the signature, among others, of the local members of parliament, H. M. Edgar, Guild of Civic Art; F. S. McMurray, Riverdale Business Men's Association; Ald. Church, of the harbor board; Thomas Roden, Employers' Association, and Mr. Meyer, Retail Merchants' Association.

The deepening of the harbor to admit vessels of a draught of 20 feet, the straightening of the Don, and the conversion of Ashbridge's Marsh into an industrial area, were undertakings that should be begun at once, was declared.

**Railways on Waterfront.**  
M. J. Haney drew attention to the lack of proper railway facilities along the waterfront, and Mr. Steele asserted that, unless Toronto proceeded to deal with the waterfront, the city's right of way of water traffic would be lost. Mr. Osborne's plan for the reclamation of the marsh had some desirable features, he admitted.

Controlled Hubbert pointed out that the city had spent \$250,000 in the last five years in improving the docks, and that the government engineer had admitted that the straightening of the Don should be undertaken by the Dominion authorities. The government had spent millions on improvements to Montreal harbor. He was totally opposed to the scheme being taken up as a civil work.

Mr. Town spoke rather heatedly, asserting that if the civil authorities would not move in the matter the city should elect representatives that would.

The mayor suggested that a conference be arranged in which representatives of the Dominion and Ontario governments and the interested bodies should take place and promised early consideration of the scheme by the board.

**Building Permits in April.**  
The total of \$2,044,870 in value of buildings in Toronto was issued for April of a year ago, the margin being over \$80,000.

Never before in the city's history has the two million mark been passed in a single month, or even been approached. Following is the comparative statement:

	1906	1907
Approximate value of buildings Jan. 1 to April 30.....	\$2,346,168	\$5,116,701
Number of buildings for which permits issued Jan. 1 to April 30.....	900	1,054
Number of buildings for which permits were issued for month of April.....	498	607
Number of new buildings erected from Jan. 1 to April 30.....	1,125	1,803

### FOUR YEARS FOR FORGERY.

John H. Mitchell Sentenced to the Penitentiary.

John H. Mitchell, the alleged partner of Dr. George H. Foster, was sentenced to the penitentiary for four years yesterday by Magistrate Denison on two charges of theft and two charges of forgery.

Mitchell forged the name of a Miss Caldwell to a note which he gave Dr. Foster as part of the proceeds of the sale of a safe. He also acknowledged forging the name of N. MacKay to a note for \$40, and two straight thefts of money from Foster.

Mitchell's wife and sister were present when he was led away. He had been in trouble before, but got off by making restitution.

### OPTION ON JAMES BUILDING.

Mutual Life of New York Will Pay \$570,000 for Property.

The report that the Mutual Life Insurance Co. of New York had secured an option on the James Building at the corner of King and Yonge-streets was practically confirmed at the company's offices yesterday.

Negotiations had been going on for some time, the manager said, and while he would not say definitely that the deal had been closed, he intimated that the report regarding the option was true.

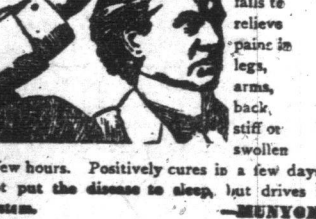

The company, it is stated, will pay in the neighborhood of \$570,000 for the property, and will build large offices on the land, tearing down the present structure.
