

T. EATON CO.

190 Yonge St. Canada's Greatest Store. Toronto.
YONGE AND QUEEN STREETS, November 3, 1896.

Mustn't let you forget that we sell Candies. We've brought them to a price-level before unheard of, and every feature of the business emphasizes good value. All the kinds you like best, and always constantly fresh because of quick-selling.

A wide-awake Dry Goods store is the proper place to sell Candies. We sell more than others for very good reasons, and present prices aren't likely to interfere with your buying.

Wall Paper Week.

Too many of one lot to sell in one day. Enough probably to last the whole week. A tremendous trade yesterday started things moving at a lively pace, and the five carloads—

won't last long, in spite of the immense quantity. This is a big store and we've a big trade—more in the city and a good deal out of it. Those who can't shop in person shop by mail, and between the two we've an outlet here that discounts everything in Canada.

It isn't necessary to print the list again. We bought 5 carloads of new Wall Papers to sell at just about half regular prices. People are telling one another all about it. Get here as soon as you can!

Anybody Sick?

We've an interest in your health. We come to you almost as the doctor would with the whole range of medicines at our disposal. Only we don't interfere with your physician. It's his place to tell you what you need and our place to supply what he prescribes. But almost every doctor has his pet druggist and not one in fifty will send you direct to us. We don't get trade that way. We have to hustle for it, and so long as the business keeps growing we know we're getting our share.

Drugs and Medicines here are in charge of duly qualified druggists, which means that you run no risk. No substitution—which means that you get what you ask for. You'll find that every bit of extravagance has been taken out of these prices:

Tincture of Arnica, per oz.	5	Allen's Lung Balm	17
Tincture of Iodine, per oz.	7 1/2	Blaiz's Rheumatic Pills	15
Fluid Extract of Cascara, per oz.	7 1/2	Boschee's German Syrup	60
Syrup of Squilla, 2 oz. for	5	Belindona Plasters	15
Syrup of Sassafras, 2 oz. for	5	Coughcure	10
Tincture of Iron, 5 oz. for	10	Cuticura Resolvent	60
Paragoric, per oz.	5	Dean's Rheumatic Cure	75
Bromide of Potassium, per oz.	10	Extract of Malt and Cod Liver Oil	50
Saltpetre, ordinary, per lb.	10	Gray's Syrup of Red Spruce Gum	17
Gastin, per lb.	10	Hagyard's Balm	10
Finest Bermuda Arrowroot, per lb.	10	Fluid Magnesia	12 1/2
Finest Jamaica Ginger, per lb.	10	Kellogg's Asthma Cure	30
Jewellers' Rouge, per lb.	10	Lewis' Quinine Wine	10
Powdered Pumice, per lb.	10	Lewis' Pectoral Balm	10
Compound Licorice Powder, 3 oz. for	5	Glycerine, per lb. bottle	30
Sarsaparilla or Burdock Root, 2 oz. for	5	Nasal Balm	25
Cube Berries, 5 oz. for	10	Minard's Liniment	25
Extract of Iron and Quinine, an oz.	10	Polen Nervine	30
Wine of Ipecac, per oz.	10	Thomas' Electric Oil	15
Best English Bechbroth Cresset, per oz.	10	Sage's Catarrh Cure	35
Oil of Cloves, per oz.	10	Sloeacanth Emulsion	20
Cocaine Oil, per lb.	25	Williams' Pink Pills	35
Flower of Sulphur, per lb.	15	Syrup of Turpentine	15
Ayer's Sarsaparilla	70	Ransom's Elix Syrup	20
Ayer's Cherry Pectoral	70	Wyeth's Letha Tablets	35

Sometimes the medicine men refuse to sell to us, but we get their goods—nothing missing here for which there is a demand. This business is too well organized to be easily handicapped. Let that thought stick.

T. EATON CO.

LET THE POOR WAIT.

A poor man, his wife and three small

children arrived at the Union Station

Sunday morning. They were three

miles from their destination in the

city. They could not afford to hire

a cab and were starting to trudge the

distance with a big valise and two ba-

ketts. A carter happened along, and

he undertook to carry them in his

wagon for sixty-five cents. And in

the express wagon they were driven

through the streets of Toronto. Mayor

Fleming, Ald. Lamb and Ald. Scott use

cabs instead, but deny Sunday cars to

the people. They won't even let the

people vote on them. They are pre-

paring to be anxious to turn the

terms for the city. But they are

simply blocking the public from the

employment of a necessary convenience

in all great cities. Every other Christian

city of similar size to Toronto in the

British Empire or in the United States

has its regular means of transit on

Sundays as well as on other days. So

many of our far as cable and livery

trips are concerned. But the poor, who

cannot afford these, must walk. And

the workman and his family who

arrive on Sunday morning must go

in a carter's wagon. The editor of the

hypocritical newspaper press of the

city also ride in hacks on Sunday.

NEW YORK STATE CANALS.

Our neighbors to the south are

quite alive to the necessity of improv-

ing their canal system. The great

State of New York is now busy en-

larging the whole Erie system, and it

has now been decided that

that great waterway shall be

made nine feet deep throughout

out, instead of in the prism alone, as

at first contemplated. As the depth

will also be obtained over all per-

manent structures, boats will be able

to load at eight feet instead of seven

feet, as at first thought of. This im-

provement, together with those pro-

posed in the locks and gates, will al-

low boats to be built to be

about thirty per cent. greater than now.

The greater part of the improvements

on all the canals will be done while

they are closed, so it is not expected

that the improvements finally

completed before the opening of the

navigation in 1898. This gives about

fifteen months in all for work.

The work requires the rebuilding of aqu-

educts; the new structures will be made

of iron and steel. In the total 724

miles of navigable waterways to be

improved there are 23 aqueducts, be-

lieving 261 locks and 1100 bridges and

other structures. With the \$3,000,000

at the disposal of the State, it has

been stated that three modern dou-

ble-length steel lock locks could be

built at Cohoes, Lockport and Little

Falls, and that, what is more, it has

decided that a double-length steel lock

could be built at Newark to take the

place of the present three single

locks. It is hoped that the "ands

will permit of the latter construction

work.

Of the \$4,000,000 now available for

this work, it is estimated that about

\$3,120,000 will be expended this win-

ter, of which amount about \$2,500,000

will be on the Erie Canal, \$1,024,000

being on the western division, \$781,000

on the middle and \$748,000 on the east-

ern. The work on the Oswego Canal

will cost about \$160,000 this year, and

on the Champlain about \$410,000.

Superintendent of Public Works C. W.

Aldridge has invited bids on the work.

The work will require a total exca-

vation of 3,281,000 cubic yards of dry and

wet earth, rock, etc.; 1,735,000 the iron

and steel, 6,475,000 feet of lumber, 235-

000 cubic yards of concrete, 150,000

cubic yards of channeling, 210,000

cubic yards of embankment, besides

lining, puddling, spikes and nails, pil-

ings, etc. There are 14 bridges to be

raised and four on creeks to be removed.

Further bids for the improvements on

the New York State canals were

advertised on Oct. 27, as follows: On

the Erie Canal, middle division, for

the improvement of the canal from

the east line of Oneida County to a

point 100 feet below the lower hollow

quoin of lock No. 46; from a point 100

feet below the hollow quoin of lock

No. 49 to a point 100 feet below the

lower hollow quoin of lock No. 50; from

a point 100 feet west of the upper hol-

low quoin of lock No. 50 to 100 feet west

of the centre of Camillus road bridge;

from a point 100 feet west of the cen-

tre of Camillus road "113" to 100 feet

west of the centre of Peru road bridge;

from a point 100 feet west of the cen-

tre of Peru road bridge to 100 feet west

of the lower hollow quoin of lock No. 48

and work connected therewith; for im-

proving lock No. 49 and work connect-

ed therewith; for improving lock No. 50

and work connected therewith, on the

Oswego Canal, for building a

stone apron to a portion of the Phoenix

Dam and work connected therewith; for

raising Braddock's Dam and work

connected therewith; for raising

Minetto Dam and work connected

therewith; for raising High Dam and

work connected therewith; for raising

the Goodwin Dam and work connect-

ed therewith; for improving Lake Ontario

level; for rebuilding and lengthening

lock No. 18 at Oswego and for other

work incident thereto.

A CAREFUL FORECAST.

The World believes that McKinley

will be elected, but will not be sur-

prised if Bryan carries the day. Our

neighbors are so uncertain.

DEBT INCREASED—CASH DECREASED.

Washington, Nov. 2.—The debt statement

issued this afternoon shows a net in-

crease of \$7,150,725.47. The interest-

bearing debt increased \$200, the non-

interest-bearing debt decreased \$280,108.47,

and the treasury decreased \$7,651,033.47.

WANT A MAIL SUBSIDY.

Continued From Page One.

compared with \$224,420,485 in 1895. The

total imports were \$115,011,000, against

\$115,011,000 in 1895, and the exports \$121,

000,000, against \$113,638,802. In 1895 the

total imports, \$115,011,000, were entered

on consumption, of which \$67,233,759

paid duty, amounting to \$20,197,245. Of

the total exports \$109,915,337 worth was

the produce of Canada.

SCORES WANT TO WRITE.

Scores of people to-day tried to se-

cure acceptance of their applications

for permission to write at the civil ser-

vices examinations. Saturday was the

last day for receiving applications, but

there will be about 300 for the qual-

ifying and 700 for the preliminary ex-

aminations. They open a week from

to-day, and a new set of sub-examin-

ations has been chosen. Dr. Thorburn

will preside at the examination in To-

rontario.

BEHIND SEA COUNSEL.

Hon. F. Peters, senior counsel for the

Canadian Government in the Behring

Sea case, returned to the city to-day.

He and Mr. Belue, Q.C., with Mr.

R. N. Vennings of the Fisheries Depart-

ment, left for the coast to-mor-

row, carrying with them a small

library of books of reference, which

will be of use to them in the case.

Application has been made for the use

of a portion of the Provincial Park

in the vicinity
