HARVESTING THE MANITOBA CROP

How the Army of Farm Laborers Will Be Sent to Their Destinations.

More important than any other topic at this particular time is the gathering of the anticipated bountiful harvest in Manitoba and the Territories this and next month. At least 20,000 men are required for the work, and the great majority of these will go from Ontario, Quebec and the Maritime Provinces. Some interesting information regarding the way the farm laborers will be handled is given by the Manitoba government in a statement made by Mr. Hugh McKellar, of the Department of Agriculture, in reply to the following letter received from a person in Ontario:

"Please say what arrangements you will have at Winnipeg for sending farm laborers to certain localities where they may desire to go. Upon inquiry, I find many of those contemplating going from this locality have relatives, friends or farmers, for whom they have worked before, and for whom they have promised to work again, should they return. These parties will decline to go unless some arrangement is made whereby they can be sure of being directed through to their desired destination."

The following is Mr. McKellar's reply, which concisely sums up what the government has done in the way of preparing for the distribution of laborers from the East:

"The question you raise is the one that impressed itself most forcibly upon me last year, in considering any change in our method of distributing harvest hands. I consider it almost to dictate to any man where he should go, especially when men have definite places in view. There is nothing, however, in this year's arrangements that will prevent men from going to their friends or to those for whom they worked in past years. If they advise such friends or farmers that they are coming, so that such friends and farmers do not engage others."

"The fare to Winnipeg is \$10. On presenting stub of coupon to C. P. R. officials on arrival at Winnipeg, a pass is given to any point in Manitoba, and away men go to destination. They can take care of themselves, for they have been here before and baggage would also be checked from Winnipeg to destination. For those who have never been here to help in harvesting, and who have no particular place to go, we are arranging that they shall be met at Winnipeg by delegate farmers from all points in the Province, and taken out to their various districts. This is to prevent congestion at any station. A pass is also given to all such from Winnipeg to destination."

"You will see, therefore, that there is no interference with men who know their destination, and that every assistance possible is to be given by the officials of this department in locating those who may come to assist us for the first time. There is nothing, therefore, to deter anyone from coming. They are wanted, and they will receive every attention and assistance possible."

It is hoped that the Eastern Canadian press will put this matter in its proper light, so that no one may be deterred from going, for it may be readily seen from the above letter that men will be allowed to go to whatever destination they desire, without interference, and those who have no special preference will be assisted in every possible way."

Could Carry the Country.
New York, Aug. 24.—The Sun's special correspondent in London cables that the chief effect of the government's triple disaster in the collapse of its support in the recent bye-elections will undoubtedly be that lively efforts will be made to reorganize the Liberal party. That organization might have continued to remain in a moribund state for some time longer but for the fact now manifest, that it could easily carry the country tomorrow with harmonious leadership and a program, if a general election were ordered.

CAUGHT LIKE RATS IN A TRAP

Two Miners in Josie Mine of the Le Roi No. 2, Rossland, Meet Sad Deaths.

TONS OF WATER FALL ON THEM

Two Out of Four Escape By Climbing Thru the Deluge.

Rossland, B.C., Aug. 23.—Charles McKinnon and Josiah Lobb were drowned in the Josie Mine of the Le Roi No. 2 group this morning, under circumstances that are rarely paralleled. The two men were at work in the bottom of the Josie shaft, 900 feet below the surface, where they were cutting a continuation of the shaft. In another section of the mine, a disused shaft is located, and this had filled with water until it contained many thousands of gallons. This morning the water broke thru the wall of this section, penetrating thru a seam of talc and greasy clay for a distance of 50 feet into the workings beneath. From the workings immediately beneath the water flowed in a cataract along the 300 foot level to the Josie shaft and dropped 600 feet into the bottom of the Josie shaft, where four men were at work. A shower of boulders was carried down in the cataract, and it is presumed that McKinnon and Lobb were stunned before being drowned. Their partners, Hocking and Thomas Strick, climbed the shaft thru the falling water and escaped alive. At 8 o'clock tonight the bodies were recovered. The Josie shaft was filled for 60 feet, and pumping operations were immediately started.

FIRST HARVESTER HURT.

Port Arthur, Aug. 24.—The first accident to occur to any of the excursionists going to the West happened to-day east of Schreiber. A man named Martin of Wexford, Huron County, aged 73 years, bound for Winnipeg, is thought to have walked off one of the trains in his sleep. He was picked up by a following train and brought to the hospital here. He is in critical condition, a number of bones being fractured.

Last evening No. 2 ran into a Pine land section mine, and killed him. The man was on a handcar and the train coming round a curve ran into him. He was cut in two.

KING EDWARD'S THANKS.

Ex-Aid. Steiner Receives a Letter From Lord Strathcona.

Ex-Aid. Steiner, president of the German Society of Toronto, has received the following letter from Lord Strathcona: "With reference to your letter of June 12 last, conveying an address of congratulation to the King from the German citizens of Toronto, I now beg to thank you for your information and graph from a communication that has reached me from the Colonial Office. I am deeply gratified by the loyalty to the throne and person, of which this address was an expression, and have commanded the Secretary of State to request that you will be so good as to convey to the German people of Toronto an assurance of his warm thanks and appreciation."

SCALDED TO DEATH.

Montreal, Aug. 24.—A fatal accident occurred yesterday at St. Jude's, a parish adjoining St. Hyacinthe, where two brothers, named Bergeron, were playing in a yard, while their mother was engaged in washing in hot water. The children were amusing themselves, one of them, named Joseph Bergeron, was accidentally pushed by his elder brother and fell into the tub of boiling water and was literally boiled alive. Although promptly relieved by his mother, the child's back was so badly scalded that death relieved the unfortunate child within an hour.

Fast Time to Buffalo and New York.
The Grand Trunk train leaving Toronto 9 a.m. daily, makes an exceedingly fast run to Buffalo, arriving 11:38 a.m., connects with the famous "Black Diamond Express" for New York (except Sunday), arriving 10:15 p.m. Carries Pullman parlor car to Buffalo. City office northwest corner King and Yonge-streets.

Pleasant Weather in Muskoka.
Fine weather in Muskoka is still attracting many visitors to the popular northern resorts, as also the desire to escape that annoying ailment known as "Hay Fever." Ask Grand Trunk agents for booklet telling you where to go, and how to get there. City office northwest corner King and Yonge-streets.

TROUBLE FOR THE SOO.

Danger of Being Told to Go Away Back and Sit Down.

Sault Ste. Marie, Aug. 23.—The Star says: It is possible that the Soo and the township municipality may be brought face to face with a very unexpected contingency before long. Recent legislation has made it possible for the allied companies to draw a line around their premises in the township, incorporate the whole as a town and tell the rest of us to go away back and sit down. Which injunction we would probably follow. This might not interfere with the Soo becoming a city, but as the new town, if it had 1000 population, would have all the privileges now enjoyed by the Soo, it would undoubtedly be in a position to take steps that might not please this place, Steelton or the township.

According to legislation passed in 1901, "for the incorporation of towns in territorial districts," it is permissible for any locality having an area of not more than 750 acres and a population of at least 500 people to incorporate as a town, and the petition of at least 75 male inhabitants of the locality.

Should the companies erect the town the township would lose its largest source of revenue, and the assessment would shrink two-fifths. Merchants at the Soo would be put to a great deal of trouble by the enforcement of licenses and other means.

HIS BACK BROKEN.

Lindsay, Aug. 24.—Richard Morton, a blacksmith in Oneness, was the victim of an accident in that village yesterday afternoon which may have fatal results. Mr. Morton was driving a spirited horse recently purchased, and when opposite the Presbyterian Church the animal took fright. In spite of Mr. Morton's efforts to hold it, the horse ran away. He was thrown out of the buggy against the sidewalk, and when picked up was unconscious. On being taken to the hospital, it was discovered that his back was broken and that he had concussion of the brain.

TORONTO MAN CHOSEN.

Omaha, Neb., Aug. 23.—At to-day's session of the United Association of Plumbers and Gas Fitters, the salaries were readjusted and the president, secretary, treasurer and grand organizer will each receive a salary of \$1500 a year. J. Prestly of Toronto was made a vice-president.

Tested by Time.—In his justly-celebrated pills, Dr. Panacea has given to the world one of the most unique medicines offered to the public in late years. Prepared to meet the want for a pill which could be taken without nausea, and that would purify the blood, it has met all requirements in that direction, and it is in general use not only because of these two qualities, but because it is known to possess alternative and curative powers which place it in the front rank of medicines.

Mr. Wales of London, Eng., one of the directors of the Sapphire Corundum Company, has been in the city for a few days, after a visit to the company's mines in British Columbia, Peterborough County, Ont. Mr. Stratton placed his yacht at the disposal of Mr. Wales in going to the mines, and he enjoyed the trip very much.

REV. MR. KEAY DEAD.

Former Pastor of Parliament-St. Baptist Church Passes Away.

The Rev. James Ashfield Keay of 320 Parliament-street, passed to his reward on Sunday at the age of 41. As a Baptist preacher he held charges in many places in Ontario and Manitoba, and endeared himself to all with whom he came in contact by his kindness.

He was the eldest son of Adam Keay of the old Toronto Fire Brigade. He married in 1801 Eugene Millard, daughter of Isaiah Becker of Port Rowan. He was a graduate of McMaster, and while at college a member of the undergraduate football team, and the male quartet.

While pastor of Dundas Baptist Church, he was also a member of the School Board. He was a former pastor of Parliament-street Baptist Church, but was forced to resign owing to ill-health; for the same cause he relinquished his work in Jerseyville, and came to Toronto in June last. His end was peace. The funeral takes place on Tuesday at 2 p.m. from the Parliament-street Baptist Church to the Necropolis.

MORGAN WOOD DECLINES.

Cleveland, Aug. 24.—Rev. Dr. Morgan Wood, who has announced that he cannot accept proffered Democratic support for Congress in opposition to congressman Burton, is the pastor of the Plymouth Congregational Church of this city, and a notable admirer of McKinley's political and economic plans for reform. He was a warm advocate of President McKinley's election, and even preached a sermon in favor of the late President's return to Washington. Dr. Wood is a big man physically, morally and intellectually. He was formerly a pastor in Canada and in Detroit, and it took an offer of \$8000 a year to induce him to come to Cleveland. Now his salary is \$6000. His congregation has overflowed the capacity of the church since his arrival.

AT THE THEATRES.

The Grand opens this evening with Murray & Mack's comedians. In the latest musical extravaganza, entitled "Shooting the Chutes." The vehicle of amusement is said to be a jolly affair from start to finish.

"Not Guilty," a new melodrama by Joseph Lebrant, author of "On The Stroke of Twelve," will be given its first presentation in this city at the Toronto Opera House this afternoon. The play is a blending of rural and city life.

Shea's Yonge-street Theatre will reopen for the season to-day. Sam Bern and the celebrated comedian of Weber & Field's forces and other famous Broadway productions, will be the headliner.

Mr. Stair promises an excellent show this afternoon and twice a day all week at the Star Theatre.

The Floradale Social Club, 50 in number, with 150 friends, had a picnic at High Park on Saturday.

Dr. and Mrs. Murray McFarlane have returned to the city after a fishing trip to Newfoundland, Maine and the Bideau Lakes.

Hotel Hanlan Smoker.
On Thursday evening at Hotel Hanlan ball room the guests will hold a smoker for their island and other friends. A fine program is being arranged. Mr. H. C. Hammond has kindly consented to preside. A testimonial, in form of an illuminated address, from the residents of the Island will be presented to Mr. L. Solman, manager of the Ferry Company, signed by the Toronto Rowing Club, hotel guests, Toronto Swimming Club, Tecumseh Lacrosse Club, Ward's residents, L.A.A.A., West End Islanders, and other Island interests, while the Island lacrosse team will give Capt. L. Solman a gold locket. Robert Noble will receive a suitable presentation also. All island residents are invited. Mayor Howland and Ald. Burns, chairman of the Island Committee, and Controller Graham and others will deliver addresses.

Kaffirs May Cause Trouble.
Vienna, Aug. 23.—The Fremdenblatt to-day publishes an interview with an Australian who has traveled from South Africa to England on the steamer with the Boer Generals Botha, De Wet and Delany. The Australian is credited with saying that in the course of a conversation, General Botha said to him: "It is probable that England has no need to fear further trouble from the Boers, but the civilization of South Africa is threatened by the Kaffirs. Unless the English authorities display the greatest energy, the Kaffirs are likely to cause great trouble."

COOK REMEDY CO., 333 BROADWAY, NEW YORK, N.Y.

WILLIAM MACKENZIE IN WINNIPEG
States That the C.N.R. Will Help to Move the Crop.

Winnipeg, Aug. 24.—William Mackenzie of the Canadian Northern arrived from the east this morning, coming in over the new line via Fort William. Mr. Mackenzie states that the work of putting the line in first-class condition for hauling this year's crop is progressing, and his road will be able to do their share of the work this fall and winter. In spite of the scarcity of laborers, work on the new extensions is being pushed, and as much of the new road as possible will be ironed this fall.

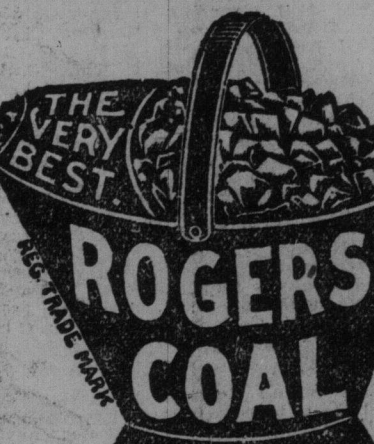

Hotel Hanlan Smoker.

Maximum Depth of 19,000 Feet.
Stockholm, Sweden, Aug. 23.—The Aftonbladet says that the steamer Antarctic, bearing the Nordenskjöld Antarctic expedition, returned to the Falkland Islands, July 4, after having obtained the most satisfactory results. The great unknown ocean from the Falklands to the South Georgia Islands has been scientifically explored, and large zoological collections have been made. The maximum depth measured was about 19,000 feet.

That Weak Spot
THE SMALL OF THE BACK.

If you have any nervous or vital weakness, or rheumatic trouble, that is what is likely to show itself, because that is the center of the most important nerves of the body.

YOUR BACK ACHES.
It aches from weak nerves, weak kidneys, torpid liver, rheumatism, lumbago, locomotor ataxia, nervous debility, wasted manhood, or any drain upon the vital strength.

When you feel any of those symptoms come to me at once. You need that life-giving power, Electricity.

Dr. McLaughlin's Electric Belt
is the weak man's friend. Thousands have come to me, some of them as their last resort. I can point to these men with pride. They will tell you that Dr. McLaughlin's Electric Belt has made a man of them.

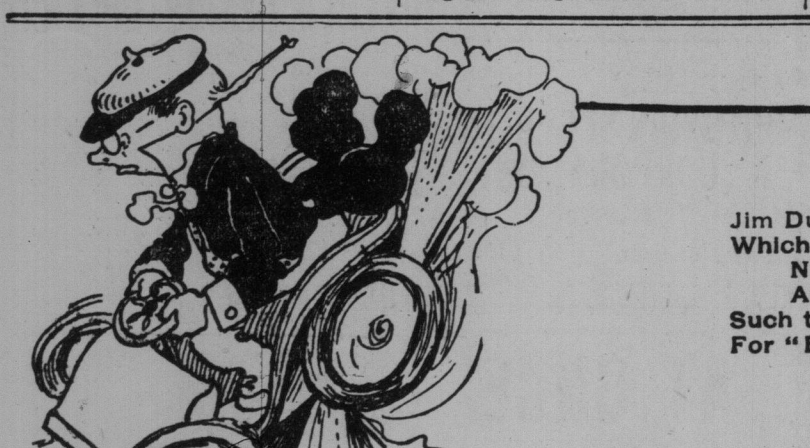

I know what my appliance will do in cases for which I recommend it. I have the only Electric Belt which is made that can be depended upon to do what it is made for. I am willing to cure you before you pay me one cent. All I ask, give me evidence of your honesty and good faith by offering me reasonable security. I will at once arrange the Belt suitable for your case, and you can

PAY WHEN CURED.
READ MY BOOK. I have a book which every man should read. It tells you how to keep your vitality at any age. Send for this book to-day if you can't call. If you call I will give you a free test. Remember, my Belt does not cure, though you feel the current and can regulate it. I warrant it to give strong current for years, though no man who uses it right needs it over three months.

CAUTION. To those who have trusted and been betrayed by the seductive promises of so-called electric appliances, who have worn what they termed Electric Belts, which possess no more electricity than a piece of string tied around your waist, their only merit (if they possess any) are to burn and blister the body. Any one having one of these so-called electric Belts I will allow you in exchange half-price of one of mine. Not that the old belt is of any use to me, only that I may demonstrate to you the curative powers of electricity when properly applied.

SPECIAL NOTICE. I have the only electric appliance to-day that is specially adapted to the needs of the market. It is a life study of electricity. The success of any electric appliance depends upon intelligent application. Agents or drug stores not allowed to handle my Belts.
