TO CANADA Immigration Is Above High Water

Mark-January's Record. Ottawa, Feb. 4.-The tide of immigration to the Dominion, which continues in the now, may now be said to be above high water mark. Local figures confirm the accuracy of the statistics of the board of trade of Great Britain, that the gain is at least 20 per cent. This is the more gratifying from the fact that the immigration to other countries shows a falling off from 1 to to 10 per cent. The British oficial returns show, according to yesterday's cable dispatches, that during the past year there sailed from ports in the United Kingdom for Canada 17,665 persons of British origin and 9,888 foreigners. Local returns obtained show that the number of immigrants who arrived at Canadian ports in the month of January of the present year was up-wards of 2,400. This is the largest number that has ever set foot on Canadian soil in a winter month. In summer the figure has been exceeded once, and that was in June of last year, when the number of new arrivals was 3,152. These figures do not, however, represent the octual number of new settlers from the old world, for very many travel by way of New York to make their homes in Canada. Practically all

TRUTH MAY COME OUT Regarding the Adams-Barnet Poison

Case. New York, Feb. 4.-The Evening World today publishes a statement by Harry Cornish, regarding the Adams-Barnet poison case. The paper says Mr. Cornish gave it the names of the guilty persons, and they will be turned over to the police. The statement says he is sure in his own mind as to the identity of the murderer and that if he is asked at the coroner's inquest to give the name he will undoubtedly do so. "If he is then asked to tell what he believes to be the motive which caused the attempt to murder him he will answer truly, just as he has answered when the same question was asked him by the police.'
