

IN THE INTEREST OF THE STUDENTS, TO HAVE IT CONNECTED. THE COLLEGE THEREFORE RESTS ON THE BROADEST POSSIBLE BASIS, AND IS IN AFFILIATION WITH

Trinity University,  
The University of Toronto,  
Queen's University,  
The University of Manitoba.

Students attending Trinity Medical College have every advantage which ample University connections afford, under which they can, by conforming to the curriculum laid down by the several Universities named, go up for their degree, before any one, or more of these. In addition, they have the opportunity of presenting themselves for the several "Trinity Medical College" Examinations, which are held under the provisions of the SPECIAL ACT incorporating the College. Full particulars regarding these Examinations are given on page 31 of this Announcement. They are equivalent in every way to those required for a University Degree in Medicine, and if successful, the candidate obtains the "Fellowship by Examination" Diploma. This qualification is fully recognized, separately and conjointly, by the several Examining Royal Colleges of Physicians and Surgeons in Great Britain.

Under its special Act, this Medical College is represented on the Collège of Physicians and Surgeons of Ontario, and upon its Examining Board, and is therefore possessed of every privilege enjoyed by any Medical teaching body in the Dominion.

The "Fellowship by Examination" Diploma entitles its holders to go up before the Royal Colleges of Surgeons and Physicians in Great Britain and Ireland, with precisely the same exemptions from various parts of such examinations as are allowed to holders of University Degrees.

Full instruction is given in Trinity Medical College in all the subjects required for the degree in Medicine, by the University of Toronto, including Biology, Comparative Anatomy, Practical Pharmacy, etc.

The Faculty has been greatly gratified with the high standing taken by the students of Trinity Medical College at the Examinations of the College of Physicians and Surgeons of Ontario, and the various other Medical Boards at home and abroad, before which they have presented themselves. This, better than anything else, proves the HIGHLY PRACTICAL AND THOROUGH CHARACTER of the TEACHING given in the College.
