Slower Horse Wins Race.

Atlanta, Ga., Oct. 21.—Roan Hal, the 2:03½ pacer, took in straight heats, the \$1,600 two-minute class pacing race, the feature event, on today's card, at the close of the Grand Circuit meeting from Hal Boy, 2:01½, brown gelding. The race was for two in three.

All five heats were required in the 2:15 class pacing event, with a field of five. Hal Connor, piloted by Childs, took the last three heats straight, while Spring Maid took second in the last three, after having won the first two, with Hal Connor second.

The 2:15 trotting event, with a field of six, was won by Ridgmark, driven by C. Trayner. Blanche Carter took second money. The 2:07 class, trotting, three in five, unfinished yesterday, was won by Bonington, a chestnut stallion, driven by Geers.

The 2:15 class, trotting, for three-year-olds, with only two entrants, was taken by Harrods Creek in straight heats.

BASEBALL.

Speaker May Succeed Fohl.

New York, Oct. 20.—If it is true that Lee Fohl will not be retained as manager of the Cleveland Indians, the \$50,000 outfielder, may take his place. Speaker, it is said, wants to become a major league manager. He is extremely popular with the Cleveland players, and was the real man behind the gun this year.

Fohl was sure of re-engagement while the Clevelanders threatened to win the American League pennant.

Chance May Manage Cubs.

New York, Oct. 20.—Reports from the Pacific Coast say that Frank Chance is seriously considering an offer to manage the Cubs. Chance is willing to lead the Cubs again, but there must be a three-year contract and a fat salary. When Chance was with the Yanks he drew \$18,000 for each season's work.

Bad Year for Minor Leagues.

New York, Oct. 20.—This was a bad year for minor leagues. Nearly all the small clubs lost money. The officials of the Buffalo club, which won the International League pennant, made a few cents, while the other clubs in Barrow's organization had to dig into their pockets to meet expenses. The New York club suffered more than the others from the lack of patronage.

Will Raise Player Limit.

Chicago, Oct. 21.—National League club owners have had their fill of the twenty-one player limit, and it has been learned that at the next meeting of the organization in December the limit will be raised to twenty-five.

Managers are loudest in their protests against the smaller limit. Their contention is that they cannot retain a sufficient number of utility players with which to direct manoeuvres as they desire, and are handicapped in more ways than one and will urge their presidents to vote for a return of the twenty-five limit.

Baseball, in the eyes of most managers, has reached a stage where it is believed that it is necessary to carry eight or more pitchers. Carrying this number of pitchers means more money for sufficient utility in and outfielders.

Greys Again For Sale.

Providence, R. I., Oct. 21.—It is announced that the Greys are again for sale, price \$85,000. One year ago, enough for owner W. Draper, who is now anxious to unload the franchise, of course, to remain in Providence. Here a considerable change is looked for in the circuit of the International. No one expects Montreal to stay long. It is reported, Hamilton, Canada, is to get in. Syracuse would be welcomed in place of Montreal, and would reduce the traveling expenses.

RING.

Bout Was Too Tame.

Buenos Ayres, Oct. 21.—So many unkind things have been said in Buenos Ayres concerning the tameness of the recent Langford-McVey fight that the promoters have issued an explanation which declares that:

"To those who wish to see a drubbing around the ring to catch the blood, the fight was a disappointment. The door of the club to bring the boxers to the morgue, I can only say that they were disappointed, but the days of this kind of pleasure have long since passed in the grand old game of boxing."

Fans who want an audience want a fight, say they do not think Langford and McVey will be bothered the next time they meet in Buenos Ayres by spectators.

Old Country Soccer.

Glasgow, Oct. 21.—Following were the results in the Scottish League football games today:

Celtic, 0; Morton, 0.
Third Lanark, 1; Rangers, 1.
Ayr, 1; Airdrie, 1.
Dundee, 3; Hamilton, 1.
Falkirk, 0; Hibernians, 1.
Motherwell, 4; Queens, 1.
Paisley, 3; Dunbarton, 0.
Hearts, 0; Clyde, 2.
Aberdeen, 1; Kilmarnock, 1.
St. Mirren, 0; Raith Rovers, 0.

It is impossible to keep the sink from getting greasy at times. When this is the case, scour it down with some paraffin oil, and then wash it well with hot soda water. Finally rinse the sink down with plenty of cold water.

Your Lace Curtains

must be laundered this Fall if they are to look well during the "Winter."

We wash your Curtains carefully, starch them just right to hang nicely, and dry them straight and square with the corners and points perfectly shaped.

High School And
Rothsday Play
Scoreless Match

First Game of Interscholastic League Played Under Adverse Weather Conditions; Rothsday Boys Have Edge on Their Opponents

The weather man had no control Saturday when the teams from St. John High School and Rothsday College lined up on the latter's gridiron in the first game of the interscholastic football league. Jupiter Pluvius was on the job, but this did not deter the teams from clashing. The field was wet and slippery and the ball was soggy, making it soggy and hard to handle.

Play started with Mitchell, the St. John centre, topping the ball, which rolled into the waiting hands of the opposing forwards. A series of punts advanced the play into St. John territory where it remained for practically during the remainder of the game.

The Rothsday boys excelled their opponents in offensive tactics, but lacked the push necessary to score. They drove the High School scrum back to the five yard line, where they forced them to fight for every inch of ground, but they were unable to get across the line for a touch. Time after time they seemed on the point of scoring, but one or other of the St. John players saved the day, and play continued until half-time.

The first play was a repetition of the first, and the game ended in a tie. The famous High School punch was missing. The ball was passed often enough for the halves to show something, but they failed to deliver. To those familiar with the team's style of practice this was expected. For weeks they have met on the Shamrock grounds and drilled in defensive plays, but they have yet to line up and endeavor to execute offensive tactics which are absolutely essential.

The team has a full week before facing Fredericton, and it is expected that they will profit by their experience of Saturday and get some more pep into their plays and incidentally unwork some of their opponents' defence. The team has not been able to repeat this year. Some of the players were nervous on Saturday and failed to show their best form. They were miss Bill Donnelly, who was so familiar with the team's style of practice that he seemed to imbue the whole fifteen with the same reckless, daring spirit. Some other member of the team will have to fill his shoes and it looks as if it was up to his brother Russell.

The teams lined up as follows:—
St. John: Seely, full back; Loran, Taylor and White, quarters; Donnelly, Fleming, Russell and Anglin, half backs; Cross, Hatfield, Mitchell, Robertson, Humphrey, Wilson, Whelpley, to.

Rothsday: Short, full back; Coster, Scott and Carson, quarters; Williams, Bryden-Jack, Starr and Nase, half

backers; Smith, Plummer, MacKenzie, Snowball, Rankin, Hinton and Arscott, forwards.

MADE ROADS FOR GUNS
ACROSS SINAI DESERT

Turks Dug Parallel Trenches and Filled Them With Scrubby Plants

Romani, Egypt, Sept. 15 (Correspondence of The Associated Press).—Unique features of warfare were developed, according to military men, in the recent battle of Romani, in which the British defeated the Turks, the invaders losing some 9,000 in dead, wounded and prisoners out of their total of approximately 14,000, as has been told in cable advices. The crossing of the Sinai desert with big guns and other war equipment during the heat of summer was an unprecedented achievement.

A representative of The Associated Press who was permitted to travel over the entire battle ground after the conflict, had been told previously by high military authorities that the feat could not be accomplished and that any force along the Suez Canal would be safe from attack throughout the summer. One of the few dissentients, however, was Lieut. Gen. Sir Archibald Murray, commander in chief of the British forces in Egypt. Immediately upon his assumption of command here last January, he began to prepare for just such an attack, and the victory at Romani was due to his foresight.

The Turkish expedition undoubtedly was engineered by German officers, who laid elaborate plans for the advance from the direction of El Arish, a Turkish post on the northern coast, ninety miles from the canal. About half this distance is through a waterless desert and at this time of year the heat is intolerable. It would be impossible for men to march, for in these sands one sinks to the ankles at every step, and horses are not fitted for work of this kind. The only

means of transporting troops and supplies was on camels, and this was the method employed. About 14,000 of these beasts were used.

Unable to drag the heavy gun carriages through the loose, deep sands, the Turks constructed roads by digging small parallel trenches which would fit the carriage wheels and filling these tracks with the scrubby plants which represented the only vegetable life outside the oases. These wily plants formed a cushion over which sand was thrown, making a very practicable road for the guns. In some places where the sand was too loose and deep for this trick, planks were laid lengthwise under the wheels.

Progress was necessarily slow, and long before the Turks reached the watered positions which they took up some miles in front of Romani the British were ready and waiting for them. The defenders did not attack, for it was the plan to draw the invaders on to an assault, if possible. General Murray decided that he would wait a certain length of time and then force the issue if the Turks had not advanced. As he hoped, at midnight on Aug. 3 the Turks began the attack, which ended in complete disaster for them on August 5.

COMMANDER BOOTH ILL.

Head of Salvation Army in United States Forced to Cancel Lectures.

New York, Oct. 23.—Commander Evangeline Booth, head of the Salvation Army in this country, has been stricken with a severe attack of neuritis, which is causing her officers and friends great concern and has made necessary the cancelling of her lecture trips. She is under the care of Dr. Schmidt of White Plains.

The National Congress of the Salvation Army will be held in Philadelphia from Nov. 17 to 23 and will be led by Miss Booth, if she is sufficiently recovered for work of this kind. The only

HARVARD WANTS BRAVE
FOR BASEBALL COACH

Snodgrass Sought by Crimson
To Succeed Mitchell

Cambridge is a situation exists which is greatly similar to that existing in the Red Sox camp.

While President Lannan is working to retain his manager, Bill Carrigan, or lead a pilot equally good, the Red Sox baseball heads are having a time landing a competent successor to Fred Mitchell. The man that Carrigan wants doesn't fancy the position as much as his home is in California.

It is known, however, that he considers the move from California to Boston as one of the bars to his accepting the duties.

Folks will wonder why Snodgrass is considered. He comes in as a result of having been a catcher originally, and one who possesses a thorough knowledge of the game. The Crimson athletic management wants a man who has been either a catcher or a pitcher, and who thoroughly understands those two departments.

Harvard was so successful with a year of Braves' style baseball that it is anxious to retain the system, and consequently the offer to coach was made to Snodgrass. One other brave may be under consideration, but at the present time there is nobody who can definitely state just who he is. The Harvard authorities will say nothing and at Braves' headquarters they refuse to do any talking.

Harvard wants the Stallings system and will work to the very end to secure it. The coaching position at Cambridge will remain open for a long time before a choice is finally made. At present it is decided yet what he will do. It is Fred Mitchell is handling the squad.
