

C. G. M. M. SHOWS IMPROVEMENT IN 1925 OPERATION

Working Loss Reduced
By Nearly Half Mil-
lion Dollars

WATCH EXPENSES

Betterment Set At 49.15 Per
Cent. In Administration
Over 1923

OTTAWA, Ont., May 4.—Considerable improvement in the operating position of the Canadian Government Merchant Marine, Limited, is shown by the annual report of the company for 1925 tabled in the House of Commons yesterday by Hon. Charles A. Dunning, Minister of Railways and Canals.

This improvement, which reduces the operating loss by \$400,000 or 54.20 per cent. as compared with 1924, has been accomplished, the report says, "despite serious depression in the shipping business during 1925." As compared with 1923 the betterment of the operating result is even more pronounced: the improvement in 1925 being \$916,239 or 49.15 per cent.

Contributions to this result have been according to the report, "The careful watching of expenditures afloat and ashore and the effecting of economies wherever possible." "The report continues: 'The ships have been maintained in the best state of efficiency and repair, in order to maintain the highest classification for the vessels.'

CAREER DIAGNOSIS BY MACHINE

BERLIN, May 4.—Dr. Zacharias Blesky, a Ukrainian scientist, living in Berlin, has invented a new psycho-electric apparatus known as the "Diagnoscope."

Extraordinary claims are made for this instrument. It is said to be able to register mental capacity and aptitude so accurately that parents need no longer be in doubt with regard to the career for which their children are best fitted.

SUFFERED FOR YEARS FROM CONSTIPATION

Kellogg's ALL-BRAN
brought relief in
three weeks

That constipation need not strike fear upon your heart is proved by this letter from Mr. Thomas Henleiger:

"I wish to write and tell you how much I prize your Kellogg's ALL-BRAN. For twelve years I suffered from constipation and was unable to get on my feet. I have been using your ALL-BRAN for three weeks and can truthfully say that I am entirely cured and feel like a new man."

Address on request: Cleanse your system of constipation's devastating poisons by Kellogg's ALL-BRAN, a health food that sweeps your intestines clean, stimulating normal, healthy action. Eat two tablespoons daily—in chronic cases, with every meal. If eaten regularly, Kellogg's ALL-BRAN is guaranteed to bring permanent relief or your grocer will return the purchase price. Remember it is 100% bran! Try recipes given on every package. Kellogg's ALL-BRAN is made by Kellogg in London, Canada. Sold by all grocers. Served in leading hotels and restaurants.

SURPRISE PICTURE IN ROYAL ACADEMY

At King's Request, Place Reserved
For Portrait of Himself
By Richard Jack

LONDON, May 4.—The King has provided the surprise for this year's Royal Academy.

It is a portrait of himself, painted by Richard Jack, R. A. Ordinarily it would not have been in time for inclusion in the exhibition, but the King obtained from the Secretary special permission for Mr. Jack to continue his task after the date fixed by the rules for the cessation of work, and a place has accordingly been reserved for it.

Behind this announcement is an interesting story. Commissioned by Mr. or Mr. Jack for a portrait of the King for presentation to the Council Mr. Jack was not fortunate enough to obtain a sitting, and had to begin his work without. The King, however, lent him the necessary uniform and decorations.

Such favorable reports of the picture reached the King that he asked Mr. Jack to bring it to Buckingham Palace. The he did, and the King was so delighted with it that he offered to give it.

The ice still holds, although the warm days are weakening it, and prospects are that the water route will open within the next 10 days.

HUDSON, Ont., May 4.—Hudson has undergone a great change due to the preparations being made to open the summer trail to the Red Lake mining field. Only a few huskies remain in the town, the hundreds which drew men and supplies over the winter trail to the gold discovery having been shipped out. Instead there are caravans of canoes and boats loaded on flat cars.

Lake Burn Man Is Kicked By Horse

MONCTON, May 4.—Leo LeBlanc, of Lake Burn, was badly kicked by a horse in his father's barn last Saturday. He was going into the stall when the horse let go both feet, catching him in the side with one of his hoofs. He was carried home by his brothers, who were near at the time, and a doctor was sent for. He received a nasty blow, but it is hoped that it will result in no permanent injury.

The steamer Canadian Constructor sailed from Melbourne on April 30 for Adelaide.

Keeping Your Schoolgirl Complexion

By FRANCES Noddy Beauty Adviser

Copyrighted 1925 by F. O. Beauty Features

Using an
Unproved Soap
On your face may prove a
costly folly

That is why foremost beauty
experts of the world advise
this simple daily rule in gaining
the charm of natural loveliness.

THE modern way to beauty is
well charted. Leading skin
authorities urge it. Thousands of
beautiful women employ it. To en-
dure your complexion with untiring
ways is a folly.

Before Palmolive came, you were
told "use no soap on your face."
Because soaps then were judged too
harsh.

Then came this famous creation.
A soap made of rare beauty oils in
expert blend. A soap made to be
used lavishly on the skin. A soap
that changed the beauty methods of
the world.

Thus today the accepted beauty
care is simply the balmy olive and
palm lather of Palmolive used in
this simple way. Beautiful com-
plexions are too priceless for
experiment.

Try this one week... note the
changes in your skin.

Wash your face gently with
Palmolive Soap, massaging it softly
into the skin. Rinse thoroughly
first with warm water, then with
cold. If your skin is inclined to be

dry, apply a touch of good cold
cream—that is all.

Do this regularly, and particularly
in the evening. Use powder and
rouge, if you wish. But never leave
them on over night. They clog the
pores, often enlarge them. Black-
heads and disfigurements often fol-
low. They must be washed away.

Get real Palmolive.
Do not use ordinary soaps in the
treatment given above. Do not think
any green soap, or represented as
of palm and olive oils, is the same
as Palmolive.

It costs but 10c the cake!—so
little that millions let it do for their
bodies what it does for their faces.
Obtain a cake today. Then note
what an amazing difference one
week makes. The Palmolive Com-
pany of Canada, Limited, Toronto.
