MARION MOSHER TALKED OF AGAIN

Reported Negotiations for Schooner Once of Rum, Row Fleet.

The schooner Marion Mosher, formerly known as a rum runner, which has been tied up at Market Slip since about 18 months ago, is to be overhauled and sold according to rumors along the waterfront. Efforts to locate those interested in her purchase were unsuccessful this afternoon but enough information was ascertained to give color to the rumor.

The Marion Mosher was mentioned in several despatches from the United States as being among the vessels anchored off the coast for more than a year and a half ago. A short time later the schooner appeared in St. John minus a large shipment of liquor, loaded in the West Indies, which the captain alleged at the time was stolen by pirates.

Orders were received from Ottawa to the local customs to refuse clearance to the schooner until further word was received from the capital. It was first reported that the vessel was owned by a Hobrow in New York but later it was said that a local liquor concern was the owner.

However, the vessel was tied up on the north side of Market Slip and remained there for more than a year. She was later transferred to her present position on the south side. A watchman was kept on board.

Within the last day or two a representative of the liquor company has been in the city and several local citizens, interested in shipping, have been examining the vessel. One man even went so far as to have a report of her condition and an estimate of the cost to put her into seaworthy shape made out by an expert for him. It was said that this showed that the vessel was not in so bad order as might be supposed from the fact that she had been laid up for 18 months.

Collector C. B. Lockhart when asked concerning the schooner said that he had not received any intimation that the vessel was being made ready for sea. He declared that he had not received any further information from Ottawa since the orders arrived to refuse the Marion Mosher clearance and he would not act until permission was granted from the capital to allow her clear.

It is said that the vessel has not been sold as yet but that efforts are being made first to arrange a settlement with Ottawa and then to sell the vessel. Further developments are expected within the next two weeks.

S. ARMY OFFICERS SEEN ON HORSEBACK

Something Novel is Introduced in Procession in St. John.

Last evening an interesting farewell was given Candidates Lillian Cobbett and Byron Cobham at the Brindley street Citadel of the Salvation Army. An excellent musical programme was given by the band, of which these two candidates are members, and Sylvia Friend added piano selections, all of which were well received.

The speakers of the evening were Mrs. Steeves, Y. P. S. M.; Secretary Robert Chambers, Treasurer Robert Winchester, Envoy Calvin Marney and Ensign Friend. Lieut. Hunt, of the men's social department, was chairman and also gave two very interesting musical items on a carpenter's saw.

Much was said to the credit of the two candidates by each speaker, and each candidate responded as they entered upon their studies in the Salvation Army Training College in Toronto, to which they will go in the course of the next few days.

Preceding this musical treat, an open-air meeting was held and a procession headed by the officers and candidates, Ensign and Mrs. Friend rode horseback, as did Candidate Byron Cobham. Candidate Lillian Cobbett did not care to venture on a horse. Horse in a Salvation Army procession made quite an attraction.

Both candidates spoke during the evening, expressing their thanks to the courtesies of the corps for their kindnesses, and pledged themselves to do their best to make the future a success in their wider field as officers.

CITY PETITIONS ON THE GAS RATES

Utilities Board to Take Up Allegation That There is Discrimination.

The matter of rates announced some time ago by the New Brunswick Power Co. for gas, reducing the charge to customers who also took the company's electricity service exclusively in the same premises is to come formally before the Public Utilities Commission next week. It comes up in the form of a petition from the city of St. John alleging that this is discriminatory and is unjust to those who do not use the company's electric service. The petition asks the utilities board to declare that the reduction is discriminatory and that the discrimination be ordered removed. The petition is signed by Frank L. Potts, Mayor, and Herbert Wardroper, Common Clerk. It reads as follows:

To the Board of Commissioners of Public Utilities of the Province of New Brunswick:

The petition of the City of St. John, a municipal corporation,

HUMBLY SHEWETH:

1. That the New Brunswick Power Company is a duly incorporated company, supplying to the inhabitants of the City of St. John and other localities in the Province of New Brunswick, light, heat and power, and is a public utility within the meaning of the Act 10, Edward VII, chapter 5.
2. That the directors of said company have decided to grant a reduction in the price of gas for domestic and commercial purposes of 15 cents per thousand cubic feet, effective from the first day of July, 1924, to customers of the said company who are using the combined electric and gas services of said company exclusively in the same premises, but such reduction has not been made applicable and is not applicable to any other persons.
3. That such discrimination is unjust toward those persons who do not use the company's electric service. Your petitioner therefore prays that such reduction may be declared to be unjustly discriminatory and that the gas rates, tolls, charges and schedules of the said company may by order of your honorable board be reduced, modified or altered so as to remove such unjust discriminations and your petitioners will, as in duty bound, forever pray, etc.

Dated this — day of September, A. D. 1924.

Frank L. Potts, Mayor.
Herbert E. Wardroper,
Common Clerk.

COMES UP ON WEDNESDAY.
This petition will come up at the regular meeting of the Board of Public Utilities on Wednesday, Sept. 24, when in all probability an order will be for a day of hearing at which all parties may be heard.

A special meeting of the board is contemplated for Wednesday, Oct. 8, in order to clean up applications from Moncton and Fredericton with regard to electric light rates, and it may be possible to have the application of the city heard at the same time.

HELD UP "COP" IN REQUEST FOR MONEY

Charles Booth Gets Into Trouble Because of His Action.

As a result of imbibing too freely, becoming intoxicated, losing his memory and throwing discretion to the winds, Charles Booth landed in the meshes of the law. Police Constable Storey said that while he was proceeding along Charlotte street in plain clothes, the defendant asked him for money. He was intoxicated, and when he told him he had not he went home. He became abusive and used profane language. He then placed him under arrest.

When the defendant was asked in the police court this morning if he wished to question the witness he merely said, "I didn't know you were a policeman." This excuse, however, was not accepted, and Stipendiary Magistrate Henneberry said he would be fined \$25 or to the workhouse for three months for using abusive and profane language.

ENGAGEMENT.

Mr. and Mrs. Edmund Wilson, Lorneville, announce the engagement of their daughter, Anne Evelyn, to Guy E. Galbraith of the same place, the marriage to take place early in October.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "I regret to say that you have lost confidence in the President of the Board of Trade."

"He seemed to be a fine fellow," said Hiram.

"He was," said the reporter, "but he has gone back on Maritime-Made goods."

"You don't say," said Hiram.

"We crossed the Bay together yesterday," said the reporter. "We had Bob Macaulay with us. We had breakfast for two days in a Maritime-Made atmosphere. Kentville was full of it. But we came to Digby yesterday and boarded the Empress. Then the scales fell off. I soon discovered that Mr. Barbour had slipped aside and secured a stateroom—after he had a good look seaward. He had been promising his faith in the Maritimes for two days, and yet he had no faith in the Bay of Fundy."

"Well," said Hiram, "it ain't a bad idea sometimes to cast an anchor to windward. I might do that myself."

"Anyhow," said the reporter, "he had his reward. He didn't have to go near the stateroom at all."

"Most of our troubles," said Hiram, "never happens. That wouldn't be a bad Board of Trade motto—By Hira!"
