

WHEN!
Come, gentle April showers,
And water my May flowers,
The violet—
Blue, white, and yellow streaked with jet,
Thickly in my bed are set;
Gay daffodils,
Tulips and St. Joseph's lilies;
Bethlehem's star,
Gleaming through its leaves afar;
Merry crocuses, which quaff
Sunshine till they fairly laugh;
And that fragrant one so pale,
Meekest lily of the vale,
All are keeping whilst, afraid
Of this late snow o'er them laid,
Come, then, gentle April showers,
And coax out my pretty flowers.

I am tired of wintry days,
Have no longer heart to praise
Icicles and banks of snow,
When will dandelions blow,
And meadows sweet,
And cowslips, dipping their cold feet
In little rills,
Gushing from the mossy hills?
I am weary of this weather.
Vernal breezes, hasten hither,
Bringing in your dappled train,
Tearful sunshine, smiling rain,
And, to coax out all my flowers,
Fall, fall gently, April showers.

"How hollow it sounds!" said a patient
under the movement, as the physician was
vigorously pounding his chest. "Oh, that's
nothing!" said the doctor; "wait till we get
to the head!"

Creatures that never show the "white
feather"—crows and blackbirds.

"I am rejoiced, my dear wife, to see you
in such good health," said Sparks to his wife.
"Health?" was the quick retort, "why I
have had the plague ever since I was mar-
ried."

What is that which must be taken from
you before you can give it away? Your

Why the Valve Jar is Superior to

all Others for Preserv-

ing Fruit.

1. Because it is the only one in which the

contents can be securely fastened, and cooked while

thus fastened, without risk of an explosion.

2. It is the only one that is Automatically Sealed,

therefore, the only Self-Sealing Jar in the

market.

3. It is so simple that no skill is required to use

it successfully.

4. It is securely fastened when placed in the

kettle, and being immersed, the fragrance of the

contents is confined to the Jar, a more perfect

vacuum produced and the handling of the hot jars

entirely avoided.

5. It is well known that fruit jars which are

closed with rigid fastenings burst by fermentation,

and the effect upon the closet and surrounding is

well understood by many housekeepers.
