tage of lumber on the ground leased, as well as a condition providing that the seventh Half-Yearly Literary Competition DAVIS'

well as a condition providing that the Lieutenant Governor in council may increase the rate of milage and stumpage during the continuance of the lease.

The intentions of the government as outlined above, were embodied in the three following resolutions moved by the surveyor general:

Resolved, That it is expedient that the leases to be granted for the tumber crown lands after the expiration of existing fleases cortain such covenants and conditions as will protect the crown against such lands being held for speculative purgoes by a stipulation that a certain average cut should be made in respect to all fands held by the leases or in such other manner as the governor in council may deem advisable.

Resolved, That it is expedient that the leases to be granted of timber crown lands of the province after the expiration of the present cases shall contain a condition among others that the lieutenant governor in council may increase the rate of stum page and mileage upon land held under
