Everyman will be given here on Tuesday, and "The Star of Bethlehem" on Wednesday. In view of the educational character of these performances it is expected that teachers and dressed pupils, particularly those of the High school, will avail themselves of this opportunity of witnessing them. In order to facilitate this Mr. Green has arranged to admit pupils at reduced rates. Principals of those schools will be notified and they will be given tickets that will entitle them to this reduction, and they may be obtained on application to him.

One of the highest authorities on the dietary, Mr. Jonathan Hutchinson, of the London Times of October 1st, says: "In reference to the suggestion to give children tea at early ages, I may explain that it is not advisable, it not only dulls, calms the excitable, prevents headaches and fits the brain for work. To stimulate his invaluable article of diet as a nerve stimulant is erroneous. Tea has a right to rank as a nerve tonic." Especially is it so when of the highest quality, and in getting your tea in the sealed lead packets of the "Star" brand you are assured of the best.

COMMUNICATIONS.

MR. KINGHAM'S DENIAL. To the Editor:—In a leading article in yesterday's issue of the Colonist appeared a statement made by A. B. Fraser, N. Vancouver, that he had been "fired" because he was a "Conservative" and "to the victors belong the spoils." I deny absolutely ever making such a statement to any newspaper or to any newspaper. Neither Mr. Fraser nor anyone can produce evidence that I have, in any shape or form, used my position in the party to which I belong, or my private membership of that party, to influence the powers that be to interfere with any civil servant because of his political creed. On the contrary, my opinion is, so long as civil servants are not active partisans, nor any charge of improper conduct or inactivity is against them, a change of government should not interfere with their positions.

JOSHUA KINGHAM. Victoria, B. C., Dec. 19, 1904. THE NEW SCHOOL BOARD. To the Editor:—In a few days the citizens of Victoria will be called upon to elect three representatives to fill the place of the retiring members of the school board. As very much, from the standpoint of the city's reputation, may be made of the action, progressive or retrograde, of the school board in the next few years, it becomes a matter of great importance that such men should be elected as will best serve the larger interests of the city. At a time when other countries and other towns in our own country are projecting their education, it is not surprising that we should be free to choose the men who will be in charge of the education of our children. It is not surprising that we should be free to choose the men who will be in charge of the education of our children.

ANOTHER SAWMILL IS TO BE ERECTED. Moore & Whittington Have Applied For Waterfront Rights—Bright Outlook in Building Circles. It is quite likely that before long Victoria will have another sawmill. Messrs. Moore & Whittington, the well-known contractors, have made application to the Dominion government for waterfront privileges at the end of Pleasant street, and should it be granted they will erect a mill having a capacity of twenty thousand feet a day. Waterfront property has been purchased and the firm is in a position to start the following week or so. The requirements of a rapidly growing trade have made it necessary to largely increase the capacity of the mill. The mill will be a complete establishment on Yates street, and should it be granted the building is to have a capacity of twenty thousand feet a day. Waterfront property has been purchased and the firm is in a position to start the following week or so.

THE NAVY LEAGUE. To the Editor:—Touching the matter of the branch of the league relative to the vessel "E. M. de la Roche" I would like to state that the full text of which appeared in your issue of Thursday evening, a copy was sent to the Victoria Board of Trade and the Victoria Chamber of Commerce. The suggestions or prayer of that memorial, and whilst I am verbally informed that the board of trade is in accord with the suggestions, it is not in accord with the proceedings of the board.

A WORD IN SEASON. To the Editor:—There is no mistaking the fact that "Father of a Family" in his letters has struck a note of vital importance. It is on exhibition in the city. The question of what to do with your boys and girls is a momentous one to most of our citizens. If we are losing our most desirable citizens, those with families, who are compelled by the stern necessity to afford their children a means of livelihood by a mechanical or professional calling, it is a matter that is serious and of the highest importance.
