

NOT ENOUGH TO FORM A QUORUM

So the Legislature Did Not Hold an Evening Session

FREDERICTON, Feb. 27.—The house met at 8 o'clock.

Mr. Tweedie moved that the time for the introduction of private bills be extended to Friday.

Hon. Mr. Jones presented the petition of the town of Woodstock in favor of the bill to amend their act.

Hon. Mr. Sweeney introduced a bill to amend the act of the city of Moncton, and presented the petition of David I. Welch against said bill.

Mr. Maxwell introduced a bill to amend the law relating to civic elections in St. John.

Hon. Mr. Lablouis introduced a bill relating to the town of Dalhousie; a bill to authorize the valuation of Restigouche county and a petition of the mayor, etc., of the town of Moncton, of an amendment to the act.

The order of the day being called Mr. Tweedie resumed his speech.

When I moved the adjournment of the debate last evening I spoke of the agricultural policy of the government.

One of the greatest benefits in that direction has been the bonusing of four mills, which has enabled our farmers to raise wheat on a larger scale.

Before these mills were built a farmer who raised wheat could not get it properly ground, but now we have roller mills of the most modern type, which enable us to obtain the finest quality of flour.

The importation of horses by the government was of course much ridiculed by the opposition, but we have in Victoria county a Clydesdale of that importation which is a complete answer to all their criticisms.

That horse has been shown at all competitors at exhibitions in this province and in the state of Maine, and has met in competition horses from the United States, from Ontario, Quebec and Nova Scotia, which are all better than the first prize in his class.

The benefits that have resulted from the importation have been very great, and I doubt whether there is a better ground out from under his feet with reference to the railway policy of the government, and he will experience a similar fate with regard to its road policy when the highway act is in full operation.

Mr. Clarke after a general discussion of the government's policy said: "I was very much pleased with the elegant speech delivered by the premier in introducing his budget speech.

Mr. Clarke after a general discussion of the government's policy said: "I was very much pleased with the elegant speech delivered by the premier in introducing his budget speech.

as well as the \$700,000.

Hon. Mr. Tweedie—that is absurd. The government did not and could not look for any such result.

Mr. Clarke—I adhere to looking at the offer from a business standpoint.

Where is the government's fishery policy? In so far as I am concerned I utterly disclaim any attacks on the highway act.

In the county of Charlotte I resisted every suggestion to condemn it by vote of the municipal council. Feeling as I did that the act was its own condemnation, but what has this government done to develop the trade of New Brunswick for us?

Some years ago the owners of the Beaver line of steamers came to St. Andrews seeking to make it their Canadian terminal winter port.

But the people of St. Andrews were too poor to provide the necessary harbor equipment, so they went to the government.

Mr. Clarke—I am talking about the provincial government's duty.

Hon. Mr. Tweedie—Do you want us to build piers and wharves for the benefit of some gentlemen who are not so ambitious as this, but who are probably more in accord with common sense.

Mr. Clarke—Unless our government does something this great trade from New Brunswick to Nova Scotia and American ports will pass away.

Mr. Tweedie—What has the dominion done?

Mr. Clarke—I am talking about the provincial government's duty.

Sackville.

SACKVILLE, Feb. 28.—The death of Jerry Lovell, who died of pneumonia on Monday after a short illness, occurred on Monday after a short illness.

A wife and seven children survive him. Funeral took place this morning, interment at Middle Sackville R. C. cemetery.

Miss Clara J. Dixon, daughter of the late Geo. R. Dixon, has received the appointment of postmistress at Upper Pointe du Lac, her father having held the position for 21 years.

The death of Fred Estabrooks occurred recently at Fitchburg, Mass. Mr. Estabrooks had many friends in Sackville, who regret to learn of his demise.

The funeral of Miss Beattie May Oulton, daughter of Mr. and Mrs. Job Oulton, Joliette, took place on Monday afternoon, and was very largely attended. Rev. Chas. Fleming officiated.

The funeral of Mrs. M. S. will be held on Tuesday, March 6th. Mr. F. L. Murray, lately manager of the Royal Bank here, has been compelled to resign his position as manager of the bank on account of declining health.

Miss Helen Smith leaves tomorrow for Fredericton, where she will enter the hospital to train for a nurse.

Mr. and Mrs. Seaward Johnson, West Sackville, are receiving congratulations upon the birth of a son, Mr. and Mrs. Chas. Richardson, West Sackville, celebrated their 21st wedding anniversary on Monday evening.

Mr. and Mrs. Albert Robinson are rejoicing on the arrival of a son.

Sackville W. C. T. U. very fittingly observed the anniversary of Miss Frances Willard's death at their meeting yesterday. Mrs. Cahill presided.

Miss Stewart gave an inspiring and helpful address. Mrs. Andrews also gave an interesting discourse.

Mrs. C. Gordon gave an appropriate reading of the will of the late Mrs. Churchill gave a much appreciated vocal solo.

Concert Friday evening at Lingley Hall. Dr. Archibald, the instructor of the class, is sparing no pains to make this a success.

THE FREDERICTON BOOM CO. TELL WHY THEY WANT INCREASE

FREDERICTON, N. B., February 28.—Corporations committee met at 10 a. m. to hear the argument regarding the application of the Fredericton Boom Company for increased tolls for handling lumber.

Lewis H. Bliss, the company's accountant, combated the log owners' statement that the bulk of the plant was useless. He emphasized the large items of expense put upon the company by its liability to hold all logs that come into its booms, that the company has to look after 50 miles of shore and that owing to dredging done by the Dominion government above the booms for navigation purposes the downward current has been destroyed at low water.

Mr. Bliss pointed out that the increase in boom rates are not anything like the increase in towage rates to St. John, which is not regulated by the legislature.

Treasurer Randolph asked why the boom company was expected to work at the old rates when log owners pay 10 per cent. more for handling them. They can afford to pay better prices.

Mr. Randolph also went into several other details which he explained fully. The committee met again this afternoon.

"CATARRHOZONE" Doctors Know It Cures Catarrh and Prevents Its Return.

Any medical man will tell you the majority of catarrh medicines are worthless. They fail because they can't reach the source of the disease.

When the nostrils, throat and lungs are inflamed with cold and catarrh, no amount of stomach medicine will bring relief. The treatment must be more direct.

Catarrh is cured by every vestige of inflamed membrane. Wherever secretions of catarrh are found, there Catarrhazone goes. No wonder it cures so quickly.

Why Catarrhazone Cures It Reaches the Disease. Kills it in the Germ. Allays the Inflammation. Subdues the Discharge. Heals the Sore Spots. Clears the Air Passages.

Your Money Back If It Fails. No treatment is simpler or more pleasant. No remedy so free from pernicious drugs. You simply inhale Catarrhazone—its medicated vapor does the work.

Write for a free trial. Catarrhazone and its cure is a "one month" treatment. Costs but \$1.00. Sample size 25 cents, at all dealers, or by mail from N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

SIX MEN KILLED

BIRMINGHAM, Ala., Feb. 27.—Six men were killed and twelve so badly injured that most of them are expected to die before morning by an explosion in Little Cahaba mine No. 2 at Piper, Ala., at 4 o'clock this afternoon.

The mine is owned by the Little Cahaba Coal Co., of which J. R. Smith of this city is president.

Piper is about 60 miles south of Birmingham.

A SERIOUS FIRE

POTTSVILLE, Pa., Feb. 27.—A fire that threatens to destroy the village, burning at Cumbo, near here. The village is two hundred and fifty houses and 2,500 inhabitants.

The fire broke out in a surrounding town. The inhabitants of the village are panic stricken and many have fled to the hills surrounding the place.

AMHERST.

AMHERST, Feb. 28.—Charles T. Hillson is at home from an extended trip through British Columbia and California.

Miss Mabel Fugley returned last week from a pleasant visit in Boston, Cambridge and other towns in Massachusetts.

Mrs. R. Widden Chipman, who has been visiting her many relatives in her former home, has returned to her home in Newton, Mass.

Amos B. Etter is home from a short trip to Boston.

The handsome new Montreal Bank building is now occupied. Considerable difficulty was experienced in putting in the bulky safe.

Charles Robert McKay, so long in the employ of the Robb Engineering Co., has left to reside in Cuba.

Advices from Mrs. D. Douglas and Miss Pipes, who are spending the winter in England, say they are having a delightful time.

JACKSONVILLE.

JACKSONVILLE, Feb. 28.—Major Goode left on Monday evening for Ottawa to attend the military association there. He will be present at Earl Grey's review given to the South African officers.

Professor Tromblay, after spending a few days in our village, left for an upriver tour on Monday morning.

Overlooking congregations attend the revival services here. Such a revival has never been experienced in this place before.

MORE SMALLPOX IN KINGS COUNTY.

It is Spreading Among the Lumber Camps.

Cook of Westfield Lumber Camp Diseased—Officials at Great Difficulty Fighting the Plague.

HAMPTON, N. B., Feb. 28.—The tone of anxiety which appears in the city press in regard to the presence of smallpox in the Westfield lumber camps, seems to reflect upon the Kings county officials although they believe they have done and are still doing all that can reasonably be expected of them.

The illness of Dr. Warwick, who was placed in charge of the cases at Kings county camp from the outset, and his consequent inability to attend to his duties for three or four days was met by the appointment and dispatch of another competent physician, who on reaching camp on Tuesday provided the necessary appliances for cleaning up the camp and disinfecting the men's clothing, took a fresh case in the person of the cook. Instructions were immediately sent to procure a house and place the man in it with all proper precautions to secure comfort for the patient and assured isolation.

The difficulty in regard to quarantining and disinfecting a camp is far greater than in settlements or towns, but the Kings county Board of Health is determined to leave no reasonable and practical method untried to stamp out the disease. If quarantine has been in charge and the medical officer now in attendance will pursue such methods of disinfection and cleansing as he may find best adapted to the success of his mission.

He may also extend his circuit and take in the condition of other lumber camps in that section of the county. There active and precautionary measures are being taken by each member of the local board and endorsed by Dr. Fisher of the provincial board.

MAYOR RICE OF TEXAS DID NOT KNOW HER

But the Lady Said She Knew Him Very Well—Latest Turn in the Patrick Trial

NEW YORK, Feb. 28.—Mayor H. Baldwin Rice of Houston, Texas, was a witness in the hearing today on the motion for a new trial for Albert T. Patrick, who is under sentence of death for the murder of William Marsh Rice, the Texas millionaire.

The mayor was asked to testify that he recalled the statement made by Minnie Galliard, one of the witnesses for Patrick's counsel, who had testified that she overheard a conversation between Mayor Rice and Albert T. Jones, Millionaire Rice's former valet, while the mayor and Jones were riding in a trolley car in Houston.

The mayor said he knew Miss Galliard very well, but about thirty years of age, but he had not seen her in years. She was asked to stand up, and did so.

"Do you know her?" he was asked. "No, sir, I do not."

The mayor said he had not mentioned in the Rice will, nor had he contested it, but he received \$29,000 as a compromise.

When Mayor Rice was excused Miss Galliard was called.

"Do you know Mayor Rice?" asked Mr. Jerome.

"I do not know him," she said. "I certainly do," the witness replied, looking straight at the mayor. She repeated that her testimony regarding the conversation in the street car at Houston was true.

Chief Justice George Ellis of Houston and Nathan B. Fuller, police officer, testified to the fact of contact of some of the men who had made the Texas affidavits.

The hearing was adjourned till tomorrow.

DUTCH STEAMER AND THREE-MASTER ASHORE

NORFOLK, Va., Feb. 28.—The Dutch steamer Constantia, which arrived at the Lambert Point coal pier today, reports that the Norwegian steamer Duncan, bound from New York to Norfolk, is aground in Chesapeake Bay inside the Virginia capes.

From the same source comes the information that an unknown three-masted schooner is aground in Lynn Haven bay inside the capes.

The tug Jack Twokly, which rescued the crew of the stranded schooner Gen. M. Grant this morning, instead of coming direct to Norfolk, has gone with the Grant's crew to the assistance of the vessel.

NO ONE KILLED THIS TIME

CHARLESTON, W. Va., Feb. 28.—An east-bound passenger train on the Coal and Coke railroad was derailed near Elk River this afternoon and the engine combination car plunged down over a five-tram embankment, completely turning over. Five tramen and a number of passengers are reported injured, but no one was killed.

Some of the passengers were thrown into Elk River and barely escaped.

Mail Clerk Lewis Millam is believed to be fatally hurt. George Elwick of Clay Court House will die.

ST. PETERSBURG, Feb. 28.—The Russian government has conferred upon Thomas Smith, the American vice-consul at Moscow, the order of Anne of the second degree in recognition of his services in looking after the Japanese prisoners at Medved during the recent war.
