Canada News Co., - - Railway depole Knight & Co., - - Railway depole Before I went out to the riding grounds on Sat-arday I knew that "Gymkahnas" meant athletic sports of every description all crowded into one afternoon—running, leaping, tilting, boxing, etc.,--sports on horseback and on foot. But before send-ing my letter to Pacoauses I thought I would look it up in the "dic." However, neither Mr. Walker sor Mr. Webster has deigned to claim relationship with gymkahana though why these gentlemen hould'ut admit this very big word into their vol-imes as well as "gymnasic" is to me a mystery. My big brother arrived very opportunely so I con-ided in superior knowledge. He says, rather con-costani word signifying games. Apart from the exhibition of art in its various branches, it certainly was a decided success as a social reception. The grasts, deriver we chose beauties of the reception room, repaired to the refreshment room, where coffee, tes, andwiches, cake, and fruit were served. The studio and reception rooms were tastefully decorated, the floral decorations being particularly fine, and re-flected great credit on the designer, and the inde-fatigable and energetic students. The charcoal whethes were good, and some of the still life work taking students. The tand painted china surpassed any that has ever been exhibited in the provinces, some of the Hoyal Worester work being par-ticulary fine, also the work in raised gold. There was part of a set of landscape plates (Soottinh scenery) which were simply charming, and very much admess, the work being part-tity of china shown for decoration was exceedingly pretty, of the best manufacture, and unique in design, particularly the beliek ware. I know I am only echoing the section students on their grand success, and wishing we may again choing the students congratulating Miss Kolley and students on their grand success, and wishing we may again choing the mean the such treat.
