It should be every one's care. 'Life is a struggle for the prize of success. The man who wins must take care of his stomach. It is not lack of energy or exercise that has caused so many a break-down in the race. It is neglect of the stomach. Incessant dull headache aggravated by eating, fatulence, gnawing in the stomach, heartburn, acid eructations, coated tongue, bed taste in the mouth, nervousness, mental depression, elseplesaness; these are only a few of the symptoms of a weak stomach and ai enfeebled condition of the digestive and nutritive functions. Not all these symptoms will be experienced at once, but any one of them means danger.

"It has made a new man of me," is the constant testimony of those who have used Dr. Pierce's Golden Medical Discovery. This remarkable remedy has such a perfect control of the stomach, digestive and assimilative organs and blood making glands that it speedily corrects the derangements which weaken them, re-establishes them in healthy working order, so that once more the whole body—blood, brain, nerves and muscles—is nourished, and built up into rugged health. "Golden Medical Discovery" contains no alcohol, whisky or other intoxicant. Its protracted use does not create a craving for stimulants.
