The Story of the Fearful Pneumonic Plague in China

THIS IS ONE OF THE MOST GRUESOME FIRES EVER STARTED BY MAN—it shows how they are cleaning one of the foulest spots on the globe; while at the same time they are desecrating the bodies of a race to whom such manner of treatment is the worst possible punishment human being can inflict.

These are the funeral pyres—three great heaps of coffins—of hundreds of victims of one of the greatest epidemics that ever swept over China's epidemic-ridden people.

THE STORY OF THIS APPALLING PNEUMONIC PLAGUE FROM THE VERY BEGINNING IS TOLD IN THREE STIRRING ARTICLES WRITTEN ESPECIALLY FOR THIS NEWSPAPER BY CAPTAIN WALTER KIRTON, EDITOR-IN-CHIEF OF THE SHANGHAI NATIONAL REVIEW, WHO WAS COMMISSIONED TO VISIT THE SCENE OF THE PLAGUE. SEE THROUGH THE EYES OF A MAN WHO KNOWS CHINA AND THE CHINESE, WHO HAS LIVED IN THAT COUNTRY MANY YEARS.

The terrible havoc wrought by a disease which slays right and left that strikes in the twinkling of an eye! That makes corpses of beings at night who were living in good health in the morning!

THE FIRST OF CAPTAIN KIRTON'S ARTICLES WILL APPEAR IN TOMORROW'S STANDARD.

NEWS FROM SACKVILLE

Breezy Budget of Interesting Happenings in the Tantramar Town Gleaned by the Standard's Correspondent.

Sackville, May 10.—Fred Fisher, manager of the Enterprise foundry, will erect a handsome residence this summer at Boultonhouse corner Main street.

That the interest in agricultural matters is increasing in this part of the province is evidenced by the fact that \$500 will be awarded as special prizes this year at the annual exhibition of Sackville and Westmorland agricultural society. The donors are prominent residents of Sackville and vicinity.

The Sackville Concrete, Limited, are seeking incorporation with a capital of \$9,900 to carry on a general concrete and cement block business.

Members of the company will be H. M. Wood, S. W. Copp, C. C. Avar, J. H. Second and E. R. Hart. The factory opposite the railway station is being rushed ready for work.

The catch of herring on the Bale Verte shore as well as other places near the last week exceeds any previous record and is rapidly increasing to more than can be properly handled by the employees of the factories.

The Methodist W. F. M. S. held their annual meeting Tuesday afternoon with the following result: President, Mrs. (Rev.) S. Howard; Vice-presidents, Miss H. S. Stewart, Mrs. R. L. Hart, Mrs. B. C. Borden; Corresponding secretary, Mrs. Desbarres; Recording secretary, Mrs. Huxton; Treasurer, Mrs. H. P. Pickard. The delegate to branch is Mrs. Hart.

The exercises in connection with Mount Allison commencement the latter part of the month promise to be of more than ordinary interest, especially in the musical line. Three grand concerts are to be given in Pavey Hall on Thursday and Friday, the 25th and 26th. The Boston sextette and the great bass, Daniel Blapham, will be the leading performers assisted by the talented members of the conservatory faculty.

Rev. H. Wigle, of Trinity Methodist church, Amherst, left last week for Winnipeg to spend a vacation of several weeks at his home there.

Professor Alexander M. Clarke passed away at his home in Port Phillip on Friday the 31st year of his age. He was a son of the late Dr. Clarke, a well known Presbyterian minister. The deceased was a talented musician and taught music and conducted singing classes in many different places of Cumberland and Westmorland counties. A widow and five sisters survive, the sisters being Mrs. C. M. Brownell, Mrs. E. A. Craig, Port Elgin; Mrs. Henry Dunlop, Port Huron, Michigan; Mrs. Benjamin Baird, River Heights, N. S.; Rev. W. Chapman, D. D. and Rev. Carleton Chapman of Pennsylvania, are nephews of deceased. The remains were laid to rest in the Amherst cemetery on Saturday.

John McLeod of Dorchester has been promoted to the position of engineer, and Blacksmith instructor at the new penitentiary at Prince Albert, Sask. For several years he has been instructor of blacksmithing at the Dorchester Penitentiary, and the departure of him and Mrs. McLeod is much regretted by a wide circle.

Many ladies availed themselves of the opportunity of calling on Mrs. Herbert W. Read (formerly Miss Smith of St. John) on Tuesday afternoon and evening. She was assisted in receiving by her mother in law, Mrs. H. C. Read. Pretty floral decorations were profuse on all the rooms. Among the dining room assistants were Mrs. David Allison, Mrs. H. M. Wood, Miss Ellen Read, Miss Helen Wiggan, Miss Dorothy Hanton, and Miss Helen Skyles.

Sackville has been visited by a succession of windy days. For over a week a wind blowing almost to a hurricane has raged. The prolonged period of dry weather is causing the lumbermen some uneasiness as the lowness of the river makes stream driving impossible at present.

A special train on the N. B. and P. E. I. Railway on Tuesday morning carried several Sackville citizens to Cape Tormentine, where they are engaged in the erection of summer cottages at this pleasant summer resort.

NEWS FROM HAMPTON

Forest Fires Threatening the Mills and Residences at Perry's Point—Getting Motor Boats Ready for the Season

Hampton, May 11.—Word was received here yesterday that forest fires were threatening the mills and residences at Perry's Point and the assistance of the Hampton Village fire association was called for, as the point mill was shut down, and the usual gang of employees was away. E. A. Flewelling thought the danger so definitely imminent as to warrant his packing up as much of his household effects as possible and others did the same. Fortunately the fires did not pass over the hill but kept well back and though burning fiercely were kept in control by the fire fighters, so that the Hampton brigade were notified that they need not come with their apparatus. This afternoon, rain fell, and the fire was extinguished.

Samuel H. Flewelling's new motor boat which is being built by Fred Yeomans, below the Village, is getting along quite rapidly, and will be a dash looking craft when completed and finished.

Dr. S. S. King has a pretty motor boat with a five-horsepower engine which will be put into commission as soon as possible. At present the engine is being made doubly useful by being attached to a saw-cutting machine for use in the yard of his own house on Station Road.

Fred Yeomans during the past winter much of his spare time at the shire town of Kings. At least six are owned here, and others are expected to be put in commission during the summer. The Yeomans proprietor, has made radical changes in the large hotel barn and converted it into a fine garage, with smoothly running appliances, which will be appreciated by a summer motorist. Several parties were here last Sunday, and they reported the roads to be in better condition than they expected to find them. Our own local automobilists seem to be enjoying the new method of locomotion, and if the movement continues the day of the fast driving horse will soon be over.

The Hampton Tennis Courts have been put in first class condition and members are practicing curvy games every day, preparing for the grand opening on Saturday, May 13th.

The club held its annual meeting on last Saturday evening and elected the following officers:

President—Dr. Chas. Hill Ryan, Vice-president—Miss Hazel Baird, Secretary—A. N. McLean.

Treasurer—W. C. Donald, Managing Committee—J. E. Angvine, E. A. Schofield, G. M. Wilson, Rev. Robert Fulton and Rev. Mr. Appleton, both former pastors of Hampton churches, the former Methodist and the latter Presbyterian, were here last Friday, renewing old acquaintances.

The Misses Evelyn and Isabel Peters, St. John, were guests of Mrs. F. M. Humphrey last Friday. The latter intends to go to New York this week to spend two weeks with her sister, Miss Florence Peters.

Miss Peters will return to Hampton with her sister for the summer season.

H. J. Fowler, registrar of deeds, etc., is taking his summer vacation by a visit to his daughter, Mrs. Douglas Hooper, at Grand Falls.

Mr. and Mrs. Hamilton of St. John, have been spending a week here while waiting for their apartments to be fixed up for them, and this week Miss Powell has been spending a few days with them as their guest.

The New Brunswick Telephone Company is preparing for an extension of business by surveying sites where their line will cross the Intercolonial railway to reach their customers. On Monday J. Edgar March, head draughtsman of the St. John office was here taking measurements and making sketches between Lakeside and Bloomfield.

Mrs. Wm. Skillen and Mrs. A. E. Bentley, of St. Martins, were at Hampton on Tuesday.

ACCOMMODATION WANTED FOR SUMMER TOURISTS.

The New Brunswick Tourist Association is about to revise its list of boarding and lodging houses in the city and throughout the province, and in order that the lists may be as full and complete as possible, all in the city or throughout the province who are prepared to give accommodation to summer visitors are requested to make known the fact to the secretary, 55 Prince William street, St. John, N. B.

Registration forms have been prepared and a request personally or by mail will bring one of these, which when filled out will put the Association in possession of information that may prove valuable and profitable to boarding house keepers in both city and country.

It is desirable that those in the country who take boarders should give information about drives, bathing, fishing, and other attractions in the vicinity.

An early answer to this appeal will be appreciated.

Large Crows.

Still continue to pick the O'Regan building; clothes for men, women and children at prices never heard of before.

PLAN TO BURN CITY OF PEOPLE TO HALT PLAGUE.

In a letter to the editor of The Standard Capt. Kirton says:

"When the plague was at its highest and most dangerous point in the city of Fuchien, Chinese authorities discussed, as a practical proposition, the advisability of surrounding the city with troops and then setting fire to it, the soldiers to shoot down any attempting escape. It was argued that in the interests of the rest of the people of China and of the world, the people of Fuchien, where in one day 2,500 corpses of plague victims were burned and most of the living had been in contact with plague victims, should be sacrificed, that the plague might not be spread by them."

The New Brunswick Telephone Company is preparing for an extension of business by surveying sites where their line will cross the Intercolonial railway to reach their customers. On Monday J. Edgar March, head draughtsman of the St. John office was here taking measurements and making sketches between Lakeside and Bloomfield.

Mrs. Wm. Skillen and Mrs. A. E. Bentley, of St. Martins, were at Hampton on Tuesday.
