RACES IN MONTREAL.**
Montreal, Que., August 20.—Bert
Burman, speed king, driving his fam-
ous Blitzen Benz, was the feature of
the automobile race meet at Delor-
meur Park this afternoon. In the mile
race he established a new record for
an unbanked half mile track, cover-
ing the distance in 1:07.4. His pre-
vious record was 1:08. In the three
mile free for all his time was 3:48
which is also claimed as a world's re-
cord.

CLOSING STOCK LETTER.
By direct private wires to J. C. Mac-
kintosh & Co.

New York, Aug. 21.—Notwithstand-
ing the development of heavy selling
pressure during the day an da-
rather exerted and irregular course of
prices, the general level was maintain-
ed from two to six points higher at
the close. Crop advances were high-
ly conflicting, although damage re-
ports were not so numerous as heret-
ofore. The large Houston receipts
of 22,000 bales against half that much
last year tended to create considerable
bearish sentiment, many people con-
tending that an early movement of
cotton on such a scale did not reflect
a belief in materially higher prices
at the present time. The existence
of a good sized speculative short in-
terest tends to make the average
bear timid about selling except on
sharp advances, but the preponder-
ance of bearish sentiment sustains a
large and abiding short interest.

**ATTEMPTED BURGLARY
IN SACKVILLE STORE.**
Sackville, Aug. 21.—The Sackville
Hay and Feed Co.'s store was broken
into last night and an attempt made
to open the safe. The window of the
office was pried open by tools taken
from a neighboring blacksmith shop.
Two holes were bored part way into
the safe and bags of feed were piled
ready to be thrown in. The burglars
evidently were scared away be-
fore the job was completed. Nothing
was taken from the store but some
crackers eaten as a lunch. The sim-
ilarity of the method leads to a belief
that the job was done by the same
ones who robbed the freight shed a
few weeks ago. There is no clue.

CLOSING STOCK LETTER.
By direct private wires to J. C. Mac-
kintosh & Co.

New York, Aug. 21.—For want of a
better explanation the resumption of
the decline in today's market was
generally attributed to the less favor-
able advice regarding the British la-
bor situation and the announcement
that the Union Pacific had inaugurat-
ed a policy of drastic retrenchment.
Neither explanation, however, could
be accepted as adequate. Little at-
tention was paid to the statements
made in certain financial publications
that the Union Pacific road was not
earning its dividend at the present
time, nor was there anything in the
English labor situation at the present
time to cause more sympathy for
the cause of the workers. Neverthe-
less the opening witnessed renewed
pressure to sell U. P. and Steel stocks
which continued through the morning
with little or no support to counteract
the natural effects of such selling.
According to one story a large in-
crease in the price of steel was an-
nounced which had been cleared out
of the recent decline, and while
there was nothing to confirm this
report, it nevertheless seemed not un-
reasonable to the average observer.
Reports of Toronto and crop damage
in the extreme northwest had some
adverse sentimental effect, but as be-
fore suggested the selling seemed to
be urgent and for some specific cause.
This could not be found in the day's
news developments. It would seem
that if today's liquidation were part
of a general movement which was con-
ducted during the first decline, the
pressure from this source should be
removed. The action of the mar-
ket, however, is disappointing to many
outsiders who were prepared to buy
stocks and has had the effect of min-
imizing the degree of support from
this source which ordinarily would
have brought a rally of normal pro-
portions.

LOWER TONE IN THE STOCK MARKET

New York, N. Y., Aug. 21.—The
week in the stock market opened with
a renewal in mild form of the down-
ward movement which has played such
havoc with prices of securities for
almost a month. There was moder-
ately heavy selling which again con-
centrated upon the leaders, Union
Pacific, Reading and U. S. Steel, in
fact, dealing in these issues during the
first three hours of the session con-
stituted over 75 per cent. of the whole
traded today was more suggest-
ive of profit taking by speculative in-
terests which bought in last week's
low price than of liquidation.
Week end developments offered lit-
tle incentive for activity on the bull
side. Some hitch in the British labor
situation, even though undoubtedly im-
provement had set in. Another deterrent
the existing deadlock in the Moroccan
situation, which, however, found but
little reflection on the continental
bourse.
Perhaps the most discouraging event
was the announcement of the Har-
man system of its intention to embark
on a comprehensive policy of retrench-
ment because of unsatisfactory earn-
ings and other adverse conditions.
While no official statement was under-
stood, the proposed curtailment will ef-
fect several thousand employees in the
clerical departments of Union Pacific
and Southern Pacific line and may la-
ter embrace the operating divisions.
Incidentally, this action on the part
of the Harman roads was accepted
as an indirect response to the recent
demands of various employees for in-
creased pay and shorter hours.
Again pronounced in fact more so than
at any recent period, offerings of this
stock, according to gossip, resulted
from fear that the report soon to be
submitted to President Taft by the
department of labor and commerce
would hardly be favorable. Another
incident which militated against the
reports of price cutting were rumors
of a confirmation of the Harman
official quarters, where it was asserted
that many of the corporation's mills
are now working at about their high-
est capacity of the year. The coalers
were heavy with sales from out of
town interests, presumably Pitts-
burgh specialists, which hinged almost
entirely upon the whims of caprice of
the market. Trade languished for
the greater part of the session af-
ter the first hour, with no material
changes other than the intermittent
recoveries of the speculative leaders
from their low prices. In the very
late business there was a moderate in-
crease of activity again, however, at
the expense of values, with Union
Pacific falling to its previous low
point of the day. Price prices were
very a fraction above the poorest and
the market's tone at the close was dis-
tinctly heavy. According to re-
ports of western railway officials,
traffic in that section is holding steady
with the general merchandise move-
ment of the morning. The heavy
freight tonnage fell off last week
compared with the corresponding pe-
riod of last year, with smaller ship-
ments of packing house products.
Money rates in the west show in-
crease, but bankers manifest no
uneasiness over top requirements.
London's dealings in the market
were in no sense an influence even
though a small balance was reported
on the buying side. The Bank of
England again secured the bulk of the
South African gold laid down in Lon-
don, where money was today plentiful
with no change in discounts. Bonds
were heavy here with further weak-
ness in American Tobacco, 4 per cent.
Total sales for value were \$1,507,000.
U. S. Government bonds were un-
changed on call.

Smiths Falls, Ont., Aug. 21.—Harvey
Wilford, aged 23 years, an employee
of the Frost and Wood Company, was
found dead in his room today, having
hanged himself by his bedpost by
means of an elaborate arrangement of
straps. He was sitting on the veran-
dah of his boarding house in conversa-
tion with a friend when he arose sud-
denly and went to his room. Some
hours later he was called but gave
no response. The chief of police was
summoned and breaking into the
room found the body. There is said
to be a woman in the case.
