EAST ST. JOHN POST OFFICE, or G. W. Badgley, 128 St. Peter St., Montreal

### Without that SKUNKY Taste or Odor

That offensive taste and odor in some beers is easily avoided. Light starts decay even in pure beer. Dark glass gives the best protection against light.

"While beer quickly deteriorates when it is exposed to direct sunlight, such deterioration, although greatly retarded, will eventually take place in diffused light.\*\*\* Beer exposed to the rays of the sun will very quickly acquire the so-called 'skunk taste'."

Extract from Proceedings of the Second International Brewers' Con-

Extract from Proceedings of the Second International Brewers' Congress held in Chicago October 19-21, 1911. Vol. 1, page 300. We have adopted every invention, every idea that could make for purity. The Brown Bottle is only another step in Schlitz

Our beer was first brewed in a hut. Today our gencies dot the earth. Our output exceeds a million

More and more people every year are drinking Schlitz. Why don't you?

Telephone No. 625 John O'Regan 17 to 19 Mill Street St. Johns, N. B.

See that crown or cork is branded "Schlitz."

MAPPE

The Beer That Made Milwaukee Famous. The Subscription List was opened April 28th, 1913, in connection with an

\$1,500,000 **NOVA SCOTIA STEEL and** COAL COMPANY, Limited

6 p. c. Perpetual Debenture Stock

At 98 and Accrued Interest

payable by cheque half-yearly, 1st January and July, at par at any branch of the Bank of Nova Scotla or Royal Bank of Canada.

PURPOSE of

The proceeds of the Debenture Stock now being issued will be used to repay a part of the expenditure on capital account for the past year, and the balance will be applied in equipping a new open hearth plant and other improvements and equipment to provide for still larger outputs, thereby adding to the earning power of the Company.

BUSINESS of

The Nova Scotia Steel and Coal Company, may be termed a self-contained Company, in that it not only owns and operates its own Blast Furnace, Open Hearth Steel Furnaces, Forges and Finishing Mills, but also owns and operates the properties from the production of Iron and Steel. Its output of ore and coal is such that it is enabled to sell in the domestic or foreign markets, to manufacturers or others, more than twice as much coal as is consumed in its own works, and practically three times the quantity of ore required for its own furnaces. The Company owns its own railway and the equipment necessary for the movement of the coal, ore and other supplies between its mines and quarries, coal and ore docks, furnaces, etc.

The Company also operates a fleet of large wooden coal and ore freighters of an aggregate deadweight capacity exceeding 80,000 tons; the coal and cre so freighted approximating one million tons cach season.

SECURITY back
of DEBENTURE
STOCK

This debenture stock is secured by a mortgage and ranks immediately after the first mortgage bonds of the Company which are limited to \$6,000,000.

After making provision for the bonds issued there remain assets valued at an amount nearly five times the Debenture Stock Issued.

the Debenture Stock Issued.

The Company has a varied source of income, from the sale of iron ore, from the sale of coal and from the sale of finished products. As the holder of the Common stock of the Eastern Car Company, the Nova Scotla Steel and Coal Company will receive all by the average earnings of the Company for the past three years (after providing interest and sinking fund on the Bonds) amounted to \$723,500 outstanding.

Application forms, copies of legal opinion of Mr. Hector McInnes, K. C., and prospectus containing letters from the president and also the General Manager of the Company will be supplied upon application to
