TORPID LIVER FOR OVER 4 MONTHS

The duty of the liver is to prepare and excrete bile and serve as a filter to the blood, cleansing it of all impurities and poisons. When the liver becomes lazy, slow or torpid it is not working properly, and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, congestion sets in and liver troubles follow.

Milburn's Lax-Liver Pills quickly remove the accumulations, clear away the waste and effete matter by acting directly on the liver, and making the bile pass through the bowels instead of allowing it to get into the blood and cause so many troubles.

Mrs. Alice McMill, Napawa, Ont., writes: "I was very badly run down and had a torpid liver for four months. I tried several remedies, but got no relief. One day my husband brought home a box of Milburn's Lax-Liver Pills, and before I had used half of it I was much better. I only used two pills, and I am a different person today. I can safely recommend Milburn's Lax-Liver Pills to any one troubled with liver troubles."

Milburn's Lax-Liver Pills are 25c a box at all druggists or mailed direct on receipt at price by The T. Milburn Co., Limited, Toronto, Ont.

AGRICULTURE HAD THE FLOOR AT FREDERICTON

Closer Control of Sale of Oleomargarine is Recommended.

ST. JOHN BILL WAS APPROVED

Provincial Apiarist Says Bees Are Most Profitable Side Line.

Special to The Standard. Fredericton, N. B., April 15.—The committee on municipalities met this morning and approved of several bills. On the request of representatives of the town of Woodstock, the bill by which that town intended to tax banks, express companies and insurance companies was withdrawn. It was pointed out that the bill introduced by the Attorney General makes the Woodstock proposal act ineffective. The bill giving St. John the privilege of erecting municipal buildings passed the committee.

A bill to exempt the Flowelling plant in Hampton, Kings County, also passed the committee.

A Campbell bill authorizing a bond issue was also approved. The committee on agriculture held its last meeting of the session this morning. Resolutions passed by the Farmers' and Dairymen's Association in convention were approved by the committee. The question of oleomargarine was discussed, and it was decided that the public should be informed as to the food value of its sale was also advised.

Discussed Poultry Dressing. The matter of dressing poultry for the market was next considered. Hon. Mr. MacFarlane, Minister of Agriculture, thought the time for legislation limiting the marketing of poultry to underwritten varieties was not opportune. He believed that the demand in New

LONG CASE POSTPONED

Fredericton, N. B., April 15.—The preliminary hearing of Margaret Long, of Milford, St. John County, charged with infanticide at Milford, was postponed this morning until this afternoon in order to give witnesses from Milford an opportunity of reaching Fredericton.

H. A. Powell, K. C., has been retained for the defence, and counsel associated with him will appear.

Bruswick was for drawn poultry and until such a time as the people were educated to the advantages of buying handwoven birds, he believed matters should remain as they are.

On a Good Side Line.

I. T. Floyd, Provincial Apiarist, gave a short address on the bee-keeping industry. The average for the province for last year was 48 pounds per hive and the sum of \$78,000 had been secured by bee-keepers of the province for their products. He believed there was no other money making side line than bees. New Brunswick honey had proved equal to that produced in any other province. There were three great problems for the keepers, viz., swarming, disease and wintering. He urged that more attention be given to this valuable industry.

The meeting adjourned until the following day, when Mr. Wetmore, the chairman, thanked the members for their keen interest in the subjects discussed.

CONVENTION

The executive of the Quebec convention decided against the principle and the executive saw no reason for re-opening the question. The secretary was instructed to write various western municipalities urging the delegates to send to the convention in Ottawa, the last week of July. The suggestion of the executive is that the convention should be held in a western city in 1922.

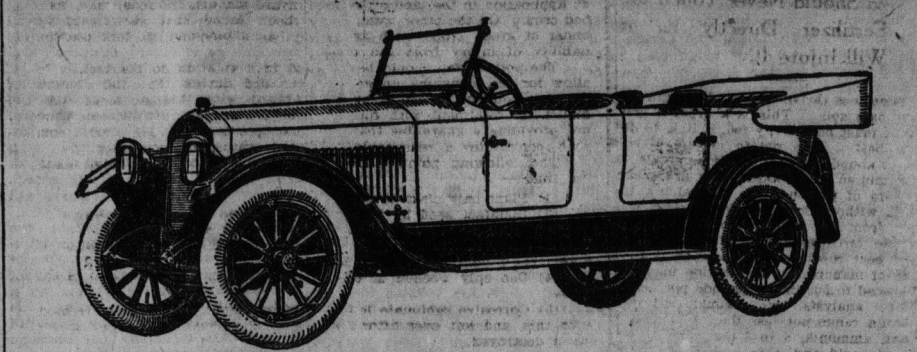

Mayor J. A. Campbell, of Summerside, P. E. I., urged a federal grant for certain roads on the water front.
