

TORY "HARMONY" AS IT STICKS OUT IN QUEEN'S COUNTY

"Empty, But Grossly Presumptuous Person" Who is Held Up to Ridicule by Conservative Press—How These Tories Love One Another!

(From the Fredericton Gleaner, March 26, 1910.)

"It is to be hoped that this recent exposure will serve as a lesson to politicians of the expediency class on both sides who appear to have but little, if any regard, for well recognized political principle, and who are not conscious of the value in public life of prudent and many independence. Here is an example of the childish absurdity, boyish trickery and insane selfishness of some men whose years would suggest that they are past the time when they have reached the age of maturity. At a recent meeting at Gagetown the purpose of which was to discuss the Valley railway proposal a certain gentleman, who is a member of the legislature, the object of the meeting was to tell the meeting that the agitation for the railway had its inception in the office of a member of the house who is now representing Queens at Fredericton. He knew all about it, and the member was so deeply interested that he had sacrificed everything else in the interest of this great cause, and to him would be due all the credit for whatever success followed, etc. The reporters were asked to report this speech fully and to be sure and name the new savior. Then the member for Queens arose and in the face of men who had done valiant service in the interests of the river valley long before this member had emerged from his school boy days and have since been quite as deeply interested, he affected to be deeply touched by the unexpected compliment, which the gentleman referred to, had just paid him, and for such a public recognition of his services. Then he branched out in his own way to hammer the press on both sides of politics, for what he claimed to be the evidence of political feeling, he was showing in discussing the subject that he had always held to be dear to his heart. But never a reference to the great work of his colleague who sat near by and who for honesty of purpose and fidelity to principle and who is not required to stand second to any man in his constituency. Even the premier, the provincial secretary, and the other members of the government as a whole. All these influences were to be ignored that this young man from Queens might play personal politics; it was a matter of sufficient importance, expense, and as long as he could make a few votes for himself by such a method. It is needless to say that such childishness, with its desire to name the new savior, lack of principle met with a very cool reception. It was treated as that of an empty but grossly presumptuous person. This province has no room for shams in political life."

METHODIST WOMEN HEAR CHEERFUL REPORTS OF THE YEAR'S WORK

Woodstock, June 5.—The second day of the W. M. S. convention in this town was fine and warm. More delegates have arrived, making about 80. The sessions throughout the day have been of a most interesting character. The reports of the different organizations have been almost without exception there had been an increase in membership and in funds. In the St. John district there are eighteen auxiliaries, having a membership of 578. The membership of circles and classes is 363. During the year 115 new members have been enrolled in this district, and a total amount raised in St. John district of \$2,668.85, being an increase of \$88.71 over last year. The banner auxiliary in mite box offering was Portland street church, which gave in mite boxes \$120.80. Sackville district has nine auxiliaries with a membership of 233. During the year \$810 was raised, an increase over last year of \$97.42. Moncton district has twelve auxiliaries, which raised for missionary purposes \$1,090, an increase of \$88 over last year. Reports were also read from the Fredericton, St. Stephen, Summerside, Chatham, Charlottetown and Woodstock districts. An interesting fact in connection with the Woodstock district is that Mrs. Corbett, its organizer, has held that office for eleven years, and during that time has never had to report a decrease in either funds or membership. This year this district has raised \$1,267, an increase of \$91 over last year. Fredericton auxiliary led all others in its Easter offering, which was \$201. Its unique society is one in the Chatham district, of which Mrs. Clarke is president. There have been twenty-five study classes, taking as text books The Light of the World and Western Women in the Land. Ninety members have entered into a campaign for new members, with most satisfactory results. The branch treasurer, Mrs. Williams, of Marysville, had a most encouraging report to give of financial results of the year's work. The total receipts of the branch are \$11,283, an increase of \$665 over last year. Miss H. E. Stewart had the prayer service at close of morning session. The first hour of the afternoon session was devoted to conferences relating to organizers and young people's work. Then followed two papers on our own missionary fields. The first was on Foreign Mission Work in Our Cities, prepared by Mrs. J. K. Curtis, of Sackville, and read in her absence, by Mrs. Stewart. The second paper was on Our Indian Hospitals, by Mrs. S. H. Gronlund, of St. John. Miss Stewart, the editress of Palm Branch, presented a statement of the reports showing a subscription list of 5,302, a decrease of 150. An invitation was received from the school trustees to visit the new L. P. Fisher memorial school, and many ladies availed themselves of the opportunity. At the tea hour the Ladies' Aid of the Woodstock church entertained the delegates and their hostesses most hospitably in the spacious school room. During the session, letters of greeting were received from Mrs. J. D. Chipman, who was president of this branch for the past year, and who is now residing in Toronto. Also from Mrs. Jabez Rogers, now in St. John's (Nfld.). A suitable reply was sent to these ladies from the branch meeting. The evening branch will be addressed by Mrs. Ross, of Toronto, president of the board of management. Mrs. Ross is a most interesting speaker, as she has visited all our mission stations in Japan as well as our Indian and Ruthenian missions in the west. S. H. G.

MACE'S BAY SUNDAY SCHOOL ANNIVERSARY

Mace's Bay, June 5.—On Sunday, June 2nd, the members of Trinity Sunday school met to celebrate their 20th anniversary. There were in all four sessions. The first Saturday evening, under the auspices of Dry Lodge Division, S. C. T., the second in union with the Mace's of the Baptist Sunday school, at 10:30 Sunday morning, and at 2:30 p. m. the real anniversary program was carried out. The Trinity church, before a large audience of interested people. The singing was led by a unique orchestra of six violins, with organ accompaniment. All Sunday school talent. The violinists were Clifford, Harris and Herman Mawhinney, Wilson and Jarvis Snider and W. H. Snider, Miss Bessie Mawhinney, organist. Reports were given by the superintendent, Mrs. R. T. Mawhinney; the secretary, Roy Mawhinney, and the heads of the departments, viz: Gracie, roll, temperance, memorial, B. B. A. and the home department. The organized classes reported verbally. Two addresses were given. One by the county president, Mr. Farham, of St. Stephen, on the subject of "The Church and Temperance," prefaced by many hearty congratulations to superintendent and scholars, and followed by a solo sung in his own specially planned and written. The other address was by Miss Margaret Jones, returned East Indian missionary. Miss Jones has a most delightful personality and charmed her hearers with her oriental costume and description of Indian religion and customs. Following this was a touching recitation by our own local eloquentist, Miss Olive Mawhinney. Before closing Miss Jones and Mr. Farham were again called to the platform and presented, the former, with a bouquet of beautiful blue violets; the latter with an address from the school, which expressed their recognition and appreciation of his services as county president. An offering amounting to \$4.35 was taken and will be sent to native orphanage in India, which the children of this school help to support. The fourth and last session opened at 7:30, when the young children's service was conducted by the rector. An eloquent sermon was preached from Ex. 2:9, and the children were given a prominent part in the singing during the service. It is, perhaps, worthy of note that twenty years ago, the entire working force of this school consisted of only four persons; today there is an official staff of nineteen and it is attached to the International Banner Standard.

Moose Herd With Owls

Save the St. George Gretings: Robert Parks, who is living on the Seelye Spoford farm, while out on a week's vacation, has two young moose with one of them. They followed the cow to the barnyard. Many people went to the farm on Sunday to see them. The game warden has been written to as to the disposal of them.

THE DOG SHOW

The dog show, in September next, will be held in St. Andrew's Rink, next to the Queen's Rink.

ROUSING LIBERAL RALLY IN CENTREVILLE

Electrical Storm, That Destroyed Three Barns, Failed to Keep the Electors at Home.

Centreville, N. B., June 5.—A very severe electric storm passed over here last evening, accompanied by heavy rain. Patrick Kennedy, who lives a mile below Lakeville, lost three barns and a shed. His wife was able to get out her horses but lost a fine calf. Notwithstanding the storm a large audience attended the political meeting in the evening, held at the residence of Mr. Uprham, Mr. Smith gave a fighting speech and was frequently applauded. Mr. Uprham was a surprise even to his friends, as he scores points after point against the present administration. Mr. Shaw is a very pleasing speaker and although the hour was late he was listened to very attentively for an hour. While Mr. Smith and Mr. Uprham were speaking they were frequently interrupted by a flood of gentlemen under the influence of liquor. Their tactics, however, only helped to brighten up the speakers and both Mr. Smith and Uprham neatly turned the tables on the doctor and made him the laughing stock of the audience.

The dog show, in September next, will be held in St. Andrew's Rink, next to the Queen's Rink.

THE CANDIDATES SELECTED SO FAR

Candidates for the coming provincial election have been nominated in practically all the counties. The Liberal candidates in the counties not already selected will be named within the next two or three days.

Table listing candidates for the coming provincial election, including names like Wilson, Grant, and others across various counties.

ST. JOHN MARKETS

Table showing market prices for various goods such as Beef, Pork, Butter, Eggs, etc., with prices per unit.

ST. STEPHEN DISTRICT METHODIST MEETING

St. Stephen, June 5.—The Methodist district meeting was held in the vestry of the church here Tuesday and Wednesday of this week. The returns showed that the year just closed has been a successful one. Allowance for deaths, removals, etc., the membership showed an increase of fifteen. The financial reports were most encouraging, showing an increase as a whole over last year, while the missionary giving showed an increase of \$87.77 and the sustentation fund an increase of \$96.35. The members of the stationing committee for this district are: Rev. William Penna, chairman of district; Rev. Mr. Opie, Oak Bay, and Rev. G. Dawson, reserve. St. Spencer Crisp and Perry A. Fitzpatrick, who have completed their probation, were recommended to conference to be received in full connection and to be ordained. George Sparks, who has been engaged in ministerial work on Deer Island and Grand Mannan the past year, was recommended as a candidate for the ministry. The laymen delegates elected to conference which holds its sessions in Fredericton next week are: W. H. Stevens, Albert Melone, G. S. Wall, F. O. Sullivan, St. Stephen; Geo. McLaughlin, Oak Bay; Allen Parkers, Fred Fraser, Oak Hill; John Nesbitt, Old Ridge. Reserves—Alexander Baxter, Mill town, and Chas. Russell, Oak Hill.

LETTERS TO THE EDITOR

Twenty-Five Dollars a Day To the Editor of the Telegraph: Sir,—In the Daily Telegraph of Monday, June 3, I see a list of work proposed to have been done on bridges in St. John's, and among other items I notice "Jerry's Bridge; various persons; wages \$25.00." It is reported in some quarters that this expenditure was made by me, which is not the case. In the fall of 1909, in October, I was directed by the Highway Board of St. Martins to get repairs made at the south end of the new bridge built during the summer by D. H. Mawhinney. Wagons were getting broken, and travel over it was dangerous, especially at night, the repairs I got made were paid for at the rate of \$2.50 for a single team and driver, and \$1.00 and \$1.50 per day for the hands employed. The total bill was \$63.50. In 1911 some drift wood that was in the stream above the new bridge looked like a good opportunity to employ "various persons," so Mr. J. P. Mosher, a retired lumberman of the parish, employed William Hoyer to perform the work. The amount agreed on was \$25.00. Mr. Hoyer at once did the job and received his pay, \$25.00 for a short day's work. Can any other count be made? If they can, let us hear from them. Yours, etc., S. J. SHANKLIN, St. Martins, June 5, 1912.

THE GLOBE AND THE LIBERALS

The St. John Globe last evening declared its want of confidence in the following gentlemen: St. John city—Knowlton, Mahoney, Foster and Kierstead. St. John county—Bentley and Anderson. Restigouche county—LaBilios and MacKenzie. Gloucester county—Byrne, Legere, Veniot and Delagere. Kent county—LeBlanc, Atkinson and Bourdage. Westmorland county—Copp, Legat, Magee and Killam. Moncton city—F. C. Robinson. Albert county—Lewis and Carnwath. Kings county—Pearson and Carnwath. Kings county—Pearson, Flewelling and Wetmore. Carleton county—Uprham, Smith and Shaw. Victoria county—Tweeddale and Burgess. Madawaska county—Pelletier and Dugal. Charlotte county—McAllister, Mann, Byron and D. Gilmor, Jr. Queens county—King and Carpenter. Sunbury—Smith and Miles. Also eight more to be named in York and Northumberland.

LIBERALS GAIN MANY CONVERTS IN WESTMOBLAND

Moncton, N. B., June 6.—A meeting in favor of the local opposition was held last evening at Bonnell's corner, parish of Moncton, and many attended. Boaz Lutz occupied the chair. The first speaker was I. N. Killam, who was followed by cheers. He is a farmer on the Liberal side in Westmorland, and he delivered a telling address to the farmers' standpoint. He took up the question of roads and said that the expenditure on roads, particularly in Salisbury, was a heavy burden on the farmer. He pointed out the necessity of having in the legislature more farmers and representatives who were near the people. He dealt with the crown lands, stampage and other questions. An elector at the meeting was heard to remark that there would be a change of twenty-five votes in that locality in favor of the opposition candidates in this election. In his speech accepting the Liberal nomination in Sunbury, Mr. A. Smith said: "It is my mind the real estate in this province is just a good security as a railway on which the credit of the province can be pledged, all for the benefit of our native people. Take the case of a young man who wishes to invest \$400 or \$500 in a small piece of uncleared land and the necessary utensils for clearing and cultivating. If he is able to secure this money payable in small installments in twenty to thirty years at 5 per cent interest the land can be made to produce the necessary revenue to meet the payments from year to year and he stands a very much better chance to make a success of farming in this province than if he borrowed the money at a high rate of interest on mortgage and must repay in a lump sum at the end of a certain time. "This policy I can see will also be of great benefit in the development of better orchards. The beginner can invest heavily in trees and be able to wait a few years until his trees bear before being called upon to repay the total sum of the original investment and I can tell the farmers of this county that Mr. Copp has put forward a progressive policy which should call for their strongest support. In going through the county, as I do a great deal, I can see different places where the system I have outlined would save men from ruin and defeat."

STATE AID TO FARMERS.

Moncton Transcript.—The Liberal nomination in Sunbury, Mr. A. Smith said: "It is my mind the real estate in this province is just a good security as a railway on which the credit of the province can be pledged, all for the benefit of our native people. Take the case of a young man who wishes to invest \$400 or \$500 in a small piece of uncleared land and the necessary utensils for clearing and cultivating. In going through the county, as I do a great deal, I can see different places where the system I have outlined would save men from ruin and defeat."

WELL DONE, MR. COPP

St. Andrew's Beacon.—Mr. Copp, the opposition leader, is putting up a bonnie fight all over the province. He has issued a manifesto, covering the policy of his party, which for breadth of view and progressiveness, must commend itself to the people of New Brunswick. LIBERALS FULL OF FIGHT. One by one the counties which the government leaders boasted would return the old members to power are being won by strong combination and stands in the line into line for Mr. Copp by the nomination of men of the finest type of citizenship. WILL SMITE THE PLEDGE BREAKER. Richard Wheeler of Bath, Carleton county, a life long Conservative, with other Conservatives of the same party are going to vote against the "No Test" pledge-breakers on the 20th inst. WELL DONE QUEENS. Fredericton Mail.—G. E. King and Isaac W. Carpenter will carry the standard for the Liberals of Queens at the approaching elections. It is an exceptional strong combination and stands in the line into line for Mr. Copp by the nomination of men of the finest type of citizenship. THE TUCKET IN CHARLOTTE. St. Andrew's Beacon.—The Liberals of Charlotte county are well pleased with the ticket that they placed in the field in this county. They are all clean, capable, active young men, and there is little doubt that they make a good showing on election day. WELL DONE, MR. COPP. St. Andrew's Beacon.—Mr. Copp, the opposition leader, is putting up a bonnie fight all over the province. He has issued a manifesto, covering the policy of his party, which for breadth of view and progressiveness, must commend itself to the people of New Brunswick.

Richard Wheeler of Bath, Carleton county, a life long Conservative, with other Conservatives of the same party are going to vote against the "No Test" pledge-breakers on the 20th inst. WELL DONE QUEENS. Fredericton Mail.—G. E. King and Isaac W. Carpenter will carry the standard for the Liberals of Queens at the approaching elections. It is an exceptional strong combination and stands in the line into line for Mr. Copp by the nomination of men of the finest type of citizenship. THE TUCKET IN CHARLOTTE. St. Andrew's Beacon.—The Liberals of Charlotte county are well pleased with the ticket that they placed in the field in this county. They are all clean, capable, active young men, and there is little doubt that they make a good showing on election day. WELL DONE, MR. COPP. St. Andrew's Beacon.—Mr. Copp, the opposition leader, is putting up a bonnie fight all over the province. He has issued a manifesto, covering the policy of his party, which for breadth of view and progressiveness, must commend itself to the people of New Brunswick.

Mr. Farmer, Here is a Feed That is Worth Your Attention

THE PROPAGATION OF PLANTS

Every Horticulturist Should Make Himself Familiar With the Various Methods by Means of Which Plants are Reproduced.

The propagation of plants is their reproduction by means of natural or artificial processes. Every horticulturist should make himself familiar with the various methods by means of which plants are reproduced. Everything is to be gained by practicing the art, and nothing to be lost by the introduction of dangerous pests can be avoided, trees do not suffer from long transportation, and the orchardist may have the advantage of reproducing his favorite tree. The higher plants reproduce themselves by means of seeds, root-stocks, stolons, bulbs, corms and tubers. Reproduction by seeds is a very different process from the others. Propagation by seeds is directly through their reproductive parts; while cuttings, layering, suckers and the like represent multiplication by means of some vegetative part. Fruits produce seeds. These germinate readily and produce healthy specimens in a short time. The method is never employed, however, except by way of experiment, for it is well known that plants, so reproduced, are notoriously variable; so, for all practical purposes, these plants are reproduced vegetatively. The reason why they should vary in the one case and not in the other is not well known. It will be seen that in the one case the offspring is the product of one parent, and in the other the product of two. Vegetatively, one parent; reproductively, two. Our cereals, though propagated according to the latter method, come true, so that they are propagated in this way. All farmers are familiar with seeds and sedge, but many have done little or nothing with vegetative reproduction. The horticulturist is the man who should vary which he is most concerned, for through it he is able to perpetuate a given variety in any number, when such variety is once secured. Stolen—Some plants throw out trailing branches or runners, which take root at their ends or joints, thus producing new plants. The strawberry is an excellent example of this class. Suckers and Root Sprouts—Many plants reproduce by means of suckers and sprouts sent up from lateral roots. Nursery practices are greatly facilitated by this natural means. Red raspberry, blackberry and some plums reproduce their kind true to variety in this way. Cuttings—A cutting is a detached portion of a plant inserted in soil, or water, for the purpose of producing a new plant. Cuttings may be divided into three classes: (1) hard-wood cutting; (2) herbaceous or soft-wood cutting; (3) root and tuber cuttings. The cultivated plants most commonly propagated by the use of hard-wood cuttings are grape and currant. Many

LIBERALS GAIN MANY CONVERTS IN WESTMOBLAND

Moncton, N. B., June 6.—A meeting in favor of the local opposition was held last evening at Bonnell's corner, parish of Moncton, and many attended. Boaz Lutz occupied the chair. The first speaker was I. N. Killam, who was followed by cheers. He is a farmer on the Liberal side in Westmorland, and he delivered a telling address to the farmers' standpoint. He took up the question of roads and said that the expenditure on roads, particularly in Salisbury, was a heavy burden on the farmer. He pointed out the necessity of having in the legislature more farmers and representatives who were near the people. He dealt with the crown lands, stampage and other questions. An elector at the meeting was heard to remark that there would be a change of twenty-five votes in that locality in favor of the opposition candidates in this election. In his speech accepting the Liberal nomination in Sunbury, Mr. A. Smith said: "It is my mind the real estate in this province is just a good security as a railway on which the credit of the province can be pledged, all for the benefit of our native people. Take the case of a young man who wishes to invest \$400 or \$500 in a small piece of uncleared land and the necessary utensils for clearing and cultivating. If he is able to secure this money payable in small installments in twenty to thirty years at 5 per cent interest the land can be made to produce the necessary revenue to meet the payments from year to year and he stands a very much better chance to make a success of farming in this province than if he borrowed the money at a high rate of interest on mortgage and must repay in a lump sum at the end of a certain time. "This policy I can see will also be of great benefit in the development of better orchards. The beginner can invest heavily in trees and be able to wait a few years until his trees bear before being called upon to repay the total sum of the original investment and I can tell the farmers of this county that Mr. Copp has put forward a progressive policy which should call for their strongest support. In going through the county, as I do a great deal, I can see different places where the system I have outlined would save men from ruin and defeat."

STATE AID TO FARMERS.

Moncton Transcript.—The Liberal nomination in Sunbury, Mr. A. Smith said: "It is my mind the real estate in this province is just a good security as a railway on which the credit of the province can be pledged, all for the benefit of our native people. Take the case of a young man who wishes to invest \$400 or \$500 in a small piece of uncleared land and the necessary utensils for clearing and cultivating. If he is able to secure this money payable in small installments in twenty to thirty years at 5 per cent interest the land can be made to produce the necessary revenue to meet the payments from year to year and he stands a very much better chance to make a success of farming in this province than if he borrowed the money at a high rate of interest on mortgage and must repay in a lump sum at the end of a certain time. "This policy I can see will also be of great benefit in the development of better orchards. The beginner can invest heavily in trees and be able to wait a few years until his trees bear before being called upon to repay the total sum of the original investment and I can tell the farmers of this county that Mr. Copp has put forward a progressive policy which should call for their strongest support. In going through the county, as I do a great deal, I can see different places where the system I have outlined would save men from ruin and defeat."

WELL DONE, MR. COPP

St. Andrew's Beacon.—Mr. Copp, the opposition leader, is putting up a bonnie fight all over the province. He has issued a manifesto, covering the policy of his party, which for breadth of view and progressiveness, must commend itself to the people of New Brunswick. LIBERALS FULL OF FIGHT. One by one the counties which the government leaders boasted would return the old members to power are being won by strong combination and stands in the line into line for Mr. Copp by the nomination of men of the finest type of citizenship. WILL SMITE THE PLEDGE BREAKER. Richard Wheeler of Bath, Carleton county, a life long Conservative, with other Conservatives of the same party are going to vote against the "No Test" pledge-breakers on the 20th inst.
