## VALUABLE TESTIMONY.

### Testimonial from W. J. Flewelling, Merchant.

HAMPTON, Kings Co., N. B.

MESSRS. HANINGTON BROS., GENTS.:—I notice that you request any person deriving any benefit from your Quinine Wine and Iron to give you their experience from its use. I have used during the last two months two bottles of it and I am astonished to find how much it helped me. I feel like doing my work *without any extra exertion*.—I have been a little troubled with *palpitation of the heart*, caused by INDIGESTION, LOSS OF SLEEP, and CLOSE CONFINEMENT in my business, and now I am *very much relieved*, and hope by the use of another *bottle or two*, to be almost, *if not altogether, cured*. As for "ROBINSON'S PHOSPHORISED EMULSION," I can safely recommend it to every one for *loss of appetite and general debility*, as I gained *ELEVEN pounds* in weight while taking *two bottles* of it. Any further information can be obtained by writing to me direct.

Yours truly,  
W. J. FLEWELLING,  
Of the firm of John Flewelling & Son, Hampton.
