SUPERIOR
CONDITION POWDERS !
Prepared and Put Up by
D. J. STOCKFORD,
Driver and Trainer of Trotting Horses,
FREDERICTON, N. B.
THESE POWDERS are compounded from the very best ingredients known to pharmacists, and have been used for forty years by the manufacturers father, MR. GEORGE STOCKFORD, who was a breeder of thorough-bred horses and livery stable keeper, at St. John, N. B. In my experience I have never found any but the most beneficial results to attend the use of these powders. It is the BEST PWD R and the only one in the market that can out-speed and win a race of heats from the following ailments:—
Distemper, Loss of Appetite, Discolored Urine, Skin Eruptions, Coughs, Colds, Worms, Pink-eye, Horse-ail, Thick-Wind, Heaves and Roughness of the Coat.
THESE POWDERS are not a Cure-all but are the only ones in the market that can down a fever, for speed or distance. My friends have been brushing and speeding at me three years to start them IN THE "FREE-FOR-ALL," and I have concluded to enter them with the rest now in this class, and I think that before the race is finished that the others will think it is a very warm bowl of milk that I have. This POWDER IS NOW READY, and waiting for the judges to tap the bell. They are put up in 1 lb packages at 50 cts. per package, or 1 dozen packages for $4; and will be sent to any address on receipt of price.

NEWSPAPER ADVERTISING. A book of 100 pages. The best book for an advertiser to consult, be he experienced or otherwise. It contains lists of newspapers and estimates of the cost of advertising. The advertiser who wants to spend one dollar, finds in it the information he requires, while for him who will invest one hundred thousand dollars in advertising, a scheme is indicated which will meet his every requirement, or *can be made to do so by slight changes easily arrived at by correspondence.* 140 editions have been issued. Sent, post-paid, to any address for 10 cents. Write to GEO. P. ROWELL & CO., NEWSPAPER ADVERTISING BUREAU, (205 Spruce St. Printing House Sq.), New York.

WANTED.
10,000 CALF SKINS and 1,000 BEEF HIDES
Highest Cash Prices Paid.
If you want to get the Highest Price for Calf Skins take off and take care of them according to the following directions:—
1st. Slit the skin from the brisket to the jaw, and skin down each side enough so that the throat can be cut without cutting the skin crosswise, as in this way the cheek of the skin can be saved, while, if it is cut in the least across the throat the head is worthless.
2nd. Slit the skin from the brisket to the tail.
3rd. Cut around the foot close to the hoof, and slit the legs from the hock to the belly, taking care in slitting the leg to connect once between the ducles and slit directly over the gambrel so that the leg when skinned will lay flat instead of leaving a pocket which cannot be finished into leather.
4th. Skin the head and leg carefully.
5th. Commencing at the head so as to avoid cutting or scoring at the butt, near the tail, draw or flesh off the skin without any further use of the knife, thereby avoiding those holes, cuts and scratches that so much injure the skin. Some farmers use a windlass to draw off their dairy skins, others a horse; but two men one stout man can do it) can pull off the skin very quickly.
6th. As soon as taken off lay the skin flat upon the floor in a cool place where the sun does not shine upon it, and cover it with a good coating of fine or coarse-fine salt. Coarse will do, but it is not as good. Don't roll up the skin. Don't dry it, but let it remain green and when you take off the next, place flat upon the first, salting as before. Pile skin on skin in this way, and when ready to sell you will find them in nice condition and worth from 5 to 15 cents more than the same skins would have been if poorly taken off and cared for. USE SALT FREELY. What the skin does not require will shake off when you sell your lot and will answer just as well for the next skins you take off. Skins should not in warm weather, even when carefully put down as above directed, lay in salt over 30 days without handling, so as to expose to the air, but in handling be very careful to repack in the same manner as at first, adding a little fresh salt at each rehandling.
7th. When ready to sell send them to
Wood & Driscoll's
Meat Market, Fredericton, N. B.,
And you will find that a good lot of skins, well taken off and cared for as above directed, will be appreciated, and will bring the Highest Market Price.
WOOD & DRISCOLL will always pay highest market price Cash on delivery.
Correspondence with Butchers and Dealers solicited, and all Correspondence will be promptly attended to. Address
WOOD & DRISCOLL, Fredericton, N. B.

SAM JONES TALKS TO THE GIRLS.

His Week's Work in Chicago Closed with a Sermon to Young Women.

CHICAGO, March 24.—Sam Jones closed his labors for the week with a sermon to girls only. There were over 4,500 present. Among other things he said:

"Girls, watch your company. An angel from heaven could not keep some company that girls do in Chicago and not be corrupt. Pure, noble girls stand alone on this earth for beauty and glory. Boys go in bad company, but the hope of this land is in its pure girls. Oh, be vigilant; guard your parlor. Beware with whom and how you go to entertainments. The best way to go is not to go at all."

Mr. Jones then indulged in a long description in denunciaton of the perfumed young men. He also described a chase of young ladies after a spider-legged dude.

"Tell me what your associations are, young lady, and I will give you a glimpse of your history. Is he an exquisite dancer? Does he wear perfect pants? Is his hair parted elegantly in the middle? Does he clerk in a big establishment at $60 a month, and spend $40 a month for board, $30 a month for carriage hire, and $20 a month for theatres? Does he convince you that he has not a stingy bone in his body? Do you think he is 'just nice?' Where does he get his money? I am in love with these wool hat and jean pant boys. He starts at $30 a month, sticks to business and the wool hat till he gets a thousand a year, then gets to be junior partner, then senior partner, and finally owns the whole block where he does business. You stylish girls do not like him. Well, he likes you just about as well, for when he wanted a wife he went back to his country home and married plain Mary, and for a few years it was love in a cottage, and now he has a residence in Michigan avenue. Girls, tie to these wool hats and they will take care of you."

"A beautiful girl of this city arranged to attend a wine supper last week. When the night came she sent word saying: "I cannot go; my heart has been touched at these meetings." Now she has brought three of her associates here with her. What do you want of wine suppers, oh, mothers? No matter what the devil may owe you, if he sends you about three drunken sons-in-law he will have paid all the debt and you will receipt in full. Then girls, watch these tempers. If a girl is ugly to her mother, she will make it warm for her own home, if she ever has one."

All the girls who talked ugly or saucy to mothers were asked to stand up. There was no uprising.

"Mothers overhaul your libraries," he continued.

"A young girl once said she was terribly bored by reading the Bible. The poor, silly, sap-headed thing. Some mothers fix their daughters to be damned. They insist on having little parties for their children. A little party is a big party in short clothes. Then comes the big parties and then the hug-ginggorman. I want to have the grass growing on my grave when my daughters are attending germans. After the german, then what? I will go no further. Take the words of a protound priest who says that at his confessional 19 out of every 20 young women who had strayed had ascribed their fall from purity and virtue to the influences of the ball room."

A WISCONSIN WONDER.

Darkness Descends on a City in Daytime and Remains Ten Minutes.

OSHKOSH, Wis., March 19.—The most remarkable atmospheric phenomena ever known here occurred at 3 p. m. The day had been light, though slightly cloudy, when suddenly at the hour named darkness began settling down and in five minutes it was as dark as midnight. General consternation prevailed. The people on the streets rushed to and fro. Teams dashed along and women and children beat precipitate retreats into cellars. All business operations ceased until lights could be obtained. Not a breath of air was stirring on the surface of earth. The darkness lasted from eight to ten minutes, when it passed off, seemingly from west to east.

GABRIEL DUMONT.

Crowfoot of Canada ready to put 3,000 Warriors in the Field.

CHICAGO, March 24.—A special despatch published here this morning asserts that Gabriel Dumont, who was connected with the Kiel revolution last spring in the Northwest, is inducing the tribes of territorial Indians, it is feared, to join in an intended insurrection of their Canadian brethren. He has, it is said, been visiting each Indian camp, making friends of the chiefs of the Crees, Cheyennes, Crows and other tribes. He has also been visited by chiefs of the Canadian tribes, and everything is nearly ripe for action. Dumont is credited with the statement that Crowfoot, of Canada, is ready and willing to put 3,000 warriors in the field at any time, and that the time is not far distant when he would be invited to get out his forces.

AN OLD TIME FAVORITE.—There is no other remedy that has stood the test of time so long as has Hagyard's Yellow Oil for rheumatism, neuralgia, lame back, pains in the chest, colds, croup, sore throat, deafness, and most painful affections.
